

The Morgan Stanley FTSE™ Capital Plus Plan

Introduction

The Morgan Stanley FTSE™ Capital Plus Plan (the “Plan”) may appeal to the investor who does not want to expose their capital to the risks of the UK stockmarket, whilst still retaining significant potential for investment growth linked to the UK stockmarket.

Morgan Stanley is a leader in the structured products market, providing innovative solutions and sophisticated products to meet a broad variety of clients' differing investment needs.

Plan Summary

- Plan Managed by Morgan Stanley & Co. International Limited (“MSIL”), authorised and regulated by the Financial Services Authority.
- Six year investment term.
- Growth will equal the greater of (i) 0.26 (26%) times initial capital or (ii) 0.6 (60%) times the growth of the FTSE™ 100 Index.
- High degree of capital protection provided by securities issued by financial institutions with a credit rating of A+ or better by Standard & Poor's at the time of purchase. In the event of these financial institutions going into liquidation or failing to comply with the terms of the securities, you may not receive the anticipated returns on your investment and you may lose all or part of the money you originally invested.
- Pre-investment interest rate of 3.5%.
- Open for ISA/PEP and Direct Investment including via SIPPs and SSASs.
- Open for ISA investments for 2004/05.

Plan Overview

The Plan is a six year investment which is designed to provide investors with the full return of their capital plus a minimum growth amount over the six year term of the product.

Plan Investment

Your money will be used by the Plan Manager to buy securities which it is envisaged will be medium term notes, which are debt instruments or bonds, issued by financial institutions with a credit rating of A+ or better by Standard & Poor's, or the equivalent rating by Moody's Investor Services Limited at the time of purchase. The Plan Manager will select securities that are designed to meet the investment objectives set out in this Plan brochure.

Securities will be purchased by the Plan Manager on 2nd July 2004, which is the Plan Start Date. Any subscription money invested by you in the Plan before this date will accrue pre-investment interest in an ISA designated client bank account at a rate of 3.5%. This pre-investment interest will accrue net of a 20% deduction to be paid to the Inland Revenue as tax on interest on cash held

pending ISA investments if you invest via an ISA (including the transfer of an existing ISA) or net of tax at the basic rate (currently 20%) if you invest via a Direct Investment. If you invest via a PEP transfer, although the position under applicable legislation is unclear, the Inland revenue currently allows this pre-investment interest to be invested without deduction of tax. Your Initial Investment for the purposes of the Plan will equal the sum of your subscription money **plus** any accrued pre-investment interest.

Your Initial Investment will be rounded down to the nearest £1.00.

Capital Return

Risk Factors

- The Plan has a maturity of six years and is intended as a medium term investment. If you sell your investment before its maturity date you may get back less than your Initial Investment. Prior to maturity, limited liquidity for the securities will be provided in the secondary market. This means that it may not always be possible to sell the securities at certain times and that the price achieved may be less than the original investment. It is anticipated that MSIL will be the only dealer in the securities.
- Your money will be invested in securities issued by financial institutions with a credit rating of A+ or better by Standard & Poor's or the equivalent rating by Moody's Investor Services Limited at the time of purchase. These securities will be designed to provide the return for your investment. In the event of these financial institutions going into liquidation or failing to comply with the terms of the securities, you may not receive the anticipated returns on your investment and you may lose all or part of the money you originally invested. The Plan is not a guaranteed investment.
- The growth returns of the Plan are based on the price performance of the FTSE™ 100 Index and does not include any return from dividend income or participation in corporate actions, as would be the case if you invested directly in the shares comprised in the FTSE™ 100 Index. Accordingly, the return on the Plan may be less than the return from a direct investment in such shares.
- The Final Index Level will not be based on a single reading of the FTSE™ 100 Index, but on the average level of the Index on a given set of dates over the final twelve months, defined in the Returns At Maturity section on page 3. Any increase or fall in the level of the FTSE™ 100 Index at any time or on any date other than its closing level on any of such given dates will not be reflected in the determination of the return on the Plan. There can be no assurance that the average FTSE™ 100 Index level or that the Initial Index Level will reflect the then prevailing trend (if any) for the level of the FTSE™ 100 Index or the market price of the shares comprised in it. While the use of averaging may protect against falls in the FTSE™ 100 Index on a specific date, it may also significantly constrain the performance of the FTSE™ Index, as used to calculate the return on the Plan. Accordingly, the calculation of the average FTSE™ 100 Index level may result in a lower return than if a single reading of the FTSE™ 100 Index was taken at the Plan maturity.
- If you have invested via an ISA and subsequently decide to withdraw, it may not be possible to invest in another ISA of the same type for the same tax year in which you have invested if your cancellation period has expired and if you have invested via an ISA or PEP transfer, unless you are able to find another plan manager to transfer your investment to, any favourable tax treatment associated with that ISA or PEP holding will be irrevocably lost.
- Your circumstances could change, forcing you to withdraw and realise your investment early. If this happens, you may get back substantially less than the amount you originally invested.
- The formula under which the return on the Plan is likely to be calculated provides that in certain circumstances calculation of the return may be adjusted to take account of market disruption events interfering with determination of the level of the FTSE™ 100 Index. A relevant market disruption would be a suspension or limitation of trading on the London Stock Exchange of a material proportion of the shares included in the FTSE™ 100 Index, which would delay or prevent calculation of the official FTSE™ 100 Index level. Should this occur, the return on the Plan may be affected and may be more or less than would otherwise have been the case. Similar provisions are also likely to be included to address any charge, modification or failure in respect of the calculation and announcement of the FTSE™ 100 Index with similar consequences.

- Payments scheduled to be made in respect of the securities in which the Plan will invest your money may be delayed where market disruption events occur (as described above), causing a delay to the availability of published index levels for the FTSE™ 100 Index, and potentially therefore delays in the Plan Manager making payments to you. Where necessary in the event that any such payments are delayed, corresponding adjustments will be made to the scheduled dates for payments under the Plan.
- MSIL does not give investment advice. If you are in any doubt about the suitability of this investment, you should contact your independent financial adviser.
- Past performance is not necessarily a guide to future performance and should not be used to assess the risks associated with this investment.
- The levels and basis of taxation and reliefs from taxation can change at any time. The value and availability of any tax relief depends on individual circumstances. The favourable tax treatment of ISAs and PEPs may not be maintained throughout the term of the ISA, and is subject to changes in legislation.
- Tax assumptions are based on our understanding of current legislation and practice at the time of print and may be subject to future change.

The Morgan Stanley FTSE™ Capital Plus Plan

Three ways to invest

1. ISAs for 2004/05

You can invest £3,000 per person into a Mini Stocks and Shares ISA or invest between £5,000 and £7,000 per person into a Maxi ISA for 2004/05. Income or growth payouts made within an ISA are completely free of any tax, under current legislation. However, the tax free status of ISAs is always subject to changes in legislation.

2. ISA and PEP transfers

The Plan accepts transfers of existing Mini Stocks and Shares ISAs, Maxi ISAs and PEPs. Prior to making any such transfers you should consider the significance of exit and associated charges of encashing your existing investments and the potential for loss of income or growth while a transfer is pending.

3. Direct Investments

You can invest directly in the Plan. The Plan is also open for SIPP and SSAS investors.

How to Invest

This brochure includes sections covering Risk Factors, Key Features and Terms & Conditions, all of which should be carefully read and understood before investing.

- Application Form ISA or PEP Transfer – if you are applying for an ISA or PEP transfer, you should complete sections 1-2 on the front of the form and section 3 on the back.
- For additional applications simply photocopy the application forms.
- Your cheque – it is only necessary to send one cheque for the total amount that each individual wishes to invest (e.g. one cheque for £15,000 can cover an ISA investment of £7,000 and a Direct Investment of £8,000). Separate applications (e.g. from a husband and wife) require two cheques. Cheques should be made payable to 'Morgan Stanley FTSE™ Capital Plus Client A/C'. If your cheque is from a building society, it should reference your name. For example 'Morgan Stanley FTSE™ Capital Plus Client A/C' Reference 'A Johnson'.

Key Features of the Morgan Stanley FTSE™ Capital Plus Plan

Investment Options

Investment can be made in the following ways:

- Via a Maxi ISA
- Via a Mini Stocks and Shares ISA
- By transferring an existing PEP (General and/or Single Company) or ISA
- By making a Direct Investment.

For PEP and ISA transfer, the current issue of this Plan will close to investments on 4th June 2004.

Objectives

The objectives of the Morgan Stanley FTSE™ Capital Plus Plan ("the Plan") are as follows:

- To provide an opportunity to participate in returns linked to the FTSE™ 100 Index over a six year period.
- To provide a full return of an investors initial investment plus a minimum growth amount at maturity of the Plan.

To provide Plan returns, it is envisaged the Plan will invest in securities known as medium term notes ("Notes"), which are debt instruments or

bonds issued by financial institutions. The Plan Manager, who is regulated by the FSA, will arrange for the purchase of the Notes. These Notes will be designed to have the characteristics required to match the advertised returns to investors. MSIL may be providing, or may have provided within the previous twelve months, significant advice or investment services in relation to the investments concerned or related investments.

Making an Investment

Subscription is only available by way of lump sum investment. The minimum is £3,000 for a Mini Stocks & Shares ISA and £5,000 for a Maxi ISA or Direct Investment. If investing via a Mini Stocks & Shares ISA you must not subscribe to a Maxi ISA or another Mini Stocks & Shares ISA in the same year that you subscribe to this ISA. If investing via a Maxi ISA, you must not subscribe to another ISA (other than a Tessa only ISA) in the same tax year that you subscribe to this ISA. PEP or ISA transfers are subject to a minimum investment amount of £5,000.

Frequently Asked Questions

What is the Morgan Stanley FTSE™ Capital Plus Plan ?

It is an investment plan, which can be accessed in one or more ways: by using your annual Mini Stocks and Shares ISA allowance of £3,000 for 2004/05, your Maxi ISA subscription allowance of up to £7,000 for 2004/05, by ISA or PEP transfer or as a Direct Investment. The Plan follows an investment strategy designed to ensure that scheduled payments are met and that the risks of the investment correspond to the risks described above. The Plan is a six year investment in qualifying securities, denominated in sterling and listed on an approved stock exchange.

Who is eligible to invest?

UK investors aged 18 and over are eligible to invest in the Plan via an ISA provided that they have not invested in a Mini Stocks and Shares ISA or a Maxi ISA for the same tax year or by using the Direct Investment option. Investments can also be made through the Direct Investment option on behalf of a person under the age of 18.

What happens to my subscription money?

Prior to the Plan Start Date your subscription money will be paid into an ISA designated client bank account and your money will be managed in accordance with the Financial Services Authority's client money rules. Interest will accrue on money in the client bank account at a rate equal to 3.5% per annum. Interest will accrue from the date the cheque is cleared until the Plan Start Date. If you invest via an ISA (including the transfer of an existing ISA), all such interest with respect to this money will be invested into your ISA net of a 20% deduction that is required to be paid to the Inland Revenue. If you invest via a Direct Investment, this interest will be invested net of tax at the basic rate (currently 20%). If you invest via a PEP Transfer, although the position under applicable legislation is unclear the Inland Revenue currently allows this pre-investment interest to be invested without deduction of tax.

What is my Initial Investment?

For the purposes of the Plan, your Initial Investment is equal to any subscription money you pay into the Plan's client bank account plus any interest accrued on your subscription money, less any applicable deductions (see above). Your Initial Investment will be rounded down to the nearest £1.00.

What happens on the Plan Start Date?

At the Plan Start Date, the Plan Manager will use the aggregate Initial Investment amount to purchase securities with features that match the payment objectives of the Plan. The Plan Start Date is 2nd July 2004.

What return do I receive on the maturity of the Plan?

Your final return, on 14th July 2010, will be as described in this brochure on page 3, subject to the Risk Factors on page 4 and provided that you hold your investment until the Maturity Payment Date which is expected to be 14th July 2010. Your maturity

proceeds on 14th July 2010 are expected to be equal to the return of your initial capital invested plus the greater of (i) 0.26 (26%) times your Initial Investment or (ii) 0.6 (60%) times the growth in the FTSE™ 100 Index in accordance with the Return at Maturity section on page 3. Please see the Risk Factors on page 4 for important information on the nature of the assets that provide your capital protection for the Plan.

What is averaging?

Your Plan will run to the Plan Maturity Date. Final growth, if any, will not be calculated based on a single reading of the FTSE™ 100 Index, but on the average level of the Index on a given set of dates over the final twelve months of the Plan, as described in the Returns At Maturity section on page 3. If the closing level of the FTSE™ 100 Index on the Plan Maturity Date were to be higher than the average level over the final twelve months of the Plan, this would result in a lower return than if the closing level had been used.

What is the "FTSE™ 100 Index"?

The FTSE™ 100 Index is an index compiled and calculated by FTSE™ International Limited ("FTSE™"). The Index is comprised of the 100 largest companies listed on the London Stock Exchange by market capitalisation. The daily published level of the Index is derived by FTSE™ from the closing price of Shares in each of those 100 companies, weighted according to their relative market capitalisations.

Can I withdraw before the end of the six year term?

Yes. However, should you withdraw at any time during the six year investment period, the cash value is not guaranteed and will depend on prevailing market conditions including, but not limited to, interest rates, demand for securities in the secondary market and the levels of the FTSE™ 100 Index to which your investment is linked. For those reasons the value of your investment in a Plan is likely to be less than the amount originally invested in it for a substantial part of the investment period. Protection of initial capital invested is only valid if you remain invested for the full six year investment period.

Will my return be taxed?

For an investor who is a UK resident individual, all returns from ISA and PEP investments are currently free of income tax and capital gains tax except for pre-investment interest in respect of which a 20% deduction is required to be paid to the Inland Revenue. If the investments are held within a Direct Investment, all returns in excess of the initial investment either on a sale of the plan or on maturity will be subject to income tax at your highest marginal rate of tax without the benefit of any taper relief. No relief from income tax is available in respect of any loss sustained from the discount on a relevant discounted security. Except for pre-investment interest, payments from the plan will be made gross of tax and it is your responsibility to declare this income on your tax return. Pre-investment interest will be taxable income and income tax will be payable at your marginal rate, with credit from the Inland Revenue for any tax deducted at source. You should seek advice from your own tax adviser if you have any doubts as to your tax status.

If I am considering a PEP or ISA transfer, is there anything else I should know?

Your existing PEP or ISA must be transferred in cash, which means that your existing Plan Manager will sell your investment holdings. Your existing Plan Manager may charge you an exit or transfer fee. There is the potential for loss of income or growth if markets should rise while your transfer remains pending. Please note that to ensure the funds are received from your existing Plan Manager in a timely manner, we have an early cut-off date for PEP and ISA transfers of 4th June 2004.

What if I want to close or transfer my Plan?

You may only terminate or transfer the Plan in whole by way of written notification. Dealing normally takes place at the end of each month; your investment(s) will be sold at the next practicable dealing day following the request. We anticipate that MSIL will be the only dealer in the Plan securities. Payment will then be made within seven working days. Partial withdrawals will not be permitted.

How will charges and expenses affect my investment?

With the exception of a £100 plus VAT charge in the event that you subsequently wish to transfer your Plan to another Plan Manager, there are no explicit initial or ongoing charges. All other charges are taken into account in setting the terms offered over the investment period and the returns shown are net of all charges and expenses. The terms offered also take into account all the costs of setting up the Plan, administering it and conducting the investment management of your Plan.

How much will the advice cost?

MSIL does not provide advice. If you have any doubts as to the suitability of this plan, please consult your financial adviser. If you require personal financial advice you should consult an independent adviser. If you receive advice from an independent adviser he will give you details about the cost. If you are not receiving any advice, commission may still be payable to an independent adviser. Commission is expected to be paid by the Plan Manager to independent financial advisers through whom applications for the Plan are received. The amount of commission will depend on the amount you invest. The amount will also be included in your welcome letter. Commission is already accounted for in the terms offered and does not affect the return shown.

Will you keep me updated?

Within 5 days of receipt of your application by us, we will send you a formal acknowledgement as well as information on your right to cancel, granted under the terms of the Plan. If you cancel within the applicable 14 day cancellation period you will be entitled to the repayment of the amount you have invested plus any accrued interest, less any necessary administration or other costs. After the Plan Start Date on 2nd July 2004, we will send you an opening statement detailing your holdings within your Plan. At the end of every year, we will send you an annual statement and valuation.

What happens to my investment if I die?

Upon death, assets will then be transferred to a Direct Investment, which forms part of your estate for Inheritance Tax purposes. If relevant, the PEP or ISA status of the investment will then be lost. Once suitable documentation is received, the investments will be transferred to your personal representatives within seven working days. Your account can then be terminated early in accordance with its terms or held to maturity, at the discretion of your personal representative.

3. Cancellation:

- You will have the right to cancel your Plan within 14 days of receiving from us a notice of your right to cancel.

- In the event of any issuing institution being unable to meet their financial obligations, you may not receive the full return and you could lose all, or part, of your original investment.
- The Plan Manager may aggregate any transaction for an investor with one or more transactions for other investors, even though this may result in a less favourable price than if it had been carried out separately. The Plan Manager will take all reasonable steps to ensure that any aggregated transaction is carried out on the best terms generally available in the market at that time for transactions of a similar type and size.
- You have a right to inspect copies of contract notes, vouchers and entries in the Plan Manager's book, or computerised records relating to transactions carried out for your account. These records will be kept for at least six years.

7. Plan Returns:

You will receive payment on the Maturity Payment Date (scheduled to be 14th July 2010) of an amount equal to your Initial Investment plus the greater of (i) 0.26 (26%) times your initial investment or (ii) 0.6 (60%) times the growth in the FTSE™ 100 Index calculated under the methodology set out on page 3 of this brochure under "Returns At Maturity", subject to stated risks.

For Investors who are resident in the UK for tax purposes the above payments made in respect of a Plan which is held as an ISA or PEP will not be subject to either UK income tax or UK capital gains tax. Any gains or losses on your investment will also be disregarded for the purposes of income tax or capital gains tax. For Investors who are resident in the UK for tax purposes, in respect of a Plan which is held as a Direct Investment, all returns in excess of the initial investment at maturity will be subject to income tax at your highest rate of tax. These statements are based on current legislation, regulations and practice, all of which may change. If you have any doubts concerning your tax status, you should consult your own tax adviser.

8. How Investments are held:

Securities will be held in the name of Keydata Investment Product Nominees Limited, or such other nominee approved by us, and will be beneficially owned by you. Securities cannot be held by you outside of the Plan.

All interests in your Plan will be, and must at all times remain, in your beneficial ownership, and must not be used as security for a loan. None of the interests may be lent to or deposited by way of collateral with any third party, nor may you create any charge or security over any interests. We may not lend any of your interests to a third party, nor may we borrow against them as security.

- (a) We will acknowledge in writing, where applicable:
 - (i) your application to open an ISA;
 - (ii) your request to transfer a PEP or ISA to us; or
 - (iii) your application to open a Direct Investment Plan.
- (b) You will receive an annual statement prepared on the basis of valuations taken on 2nd July each year. This will show details of all transactions effected during the previous twelve months and includes a valuation of your Plan. The statement will be prepared in accordance with the rules of the FSA and will be issued within 25 business days of the valuation date and will not include any measure of comparative performance.
- (c) We may produce a consolidated statement covering where applicable:
 - (i) all ISAs that are held with us;
 - (ii) an investment statement covering all PEPs held with us;
 - (iii) an investment statement covering all Direct Investments held with us.
- (d) On request, you are entitled to receive copies of any information issued to holders of Securities in which you invest. We reserve the right to make a reasonable charge for providing these additional services.
- (e) Where a certificate or other document evidencing title to a permitted investment is issued, it will be held by us or as we may direct.

10. Partial Withdrawals:

No partial withdrawals are permitted from your Plan.

11. Transfers to another Manager:

- (a) Subject to the Regulations, you have the right at any time to transfer your ISA to another ISA Manager, or as the case may be, your PEP to another PEP Manager. Capital protection in respect of the value of your investment is only valid if you remain invested for the full six year investment period. As such, if you transfer your ISA or PEP prior to the Maturity date, the transfer value may be less than your original investment.

- (b) To effect a transfer you must submit to us a written instruction and/or a letter of acceptance from your new ISA (or as the case may be PEP) Manager. We only effect the transfer in cash following the sale of all Securities held by you in accordance with the termination provisions set out below. It is not possible to transfer the Securities within any of the Plans directly into another ISA or PEP.
- (c) No partial transfers will be allowed.

12. Termination:

- (a) You may terminate the Plan at any time by giving written notice to the Plan Manager that you wish to terminate your Plan. Following receipt the Plan Manager will then sell your investments at the next practicable dealing date. On termination, the Plan Manager will account to you for the proceeds of investments and will be entitled to retain any cash or investments required to settle any transactions already initiated on your behalf and any outstanding fees. You will pay to the Plan Manager any fees and transaction charges accrued to the date of termination.
- (b) The Plan may be terminated by the Plan Manager in the following circumstances;
 - (i) immediately on giving written notice to you if, in its opinion, it is impossible to administer the Plan in accordance with the Regulations or you are in breach of the Regulations. (The ISA or PEP Plan will terminate automatically if it fails to satisfy the provisions of the Regulations with immediate effect. The Plan Manager will notify you in writing if, by reason of any failure to satisfy the provisions of the Regulations an ISA or PEP Plan ceases to qualify as an ISA or PEP);
 - (ii) on one month's written notice if you fail to pay any money due;
 - (iii) on three month's written notice if you are in breach of any of these Terms & Conditions. In these circumstances any assets of the Plan will be sold and the proceeds transferred to you, subject to our right to retain cash in respect of fees and transaction charges as set out in (a) above.
- (c) It is anticipated that MSIL will be the only dealer in the Plan securities.

13. Death:

In the event of your death, your ISA and/or PEP will cease to be exempt from tax, with investments then being held in a Direct Investment. The Direct Investment forms part of your estate for Inheritance Tax purposes, and accordingly the Plan Manager would then await further instructions from your personal representatives.

14. Charges:

- (a) Where a Plan is transferred to another Plan Manager, we will deduct an administration charge of £100 plus VAT from your Plan proceeds.
- (b) However, we reserve the right to introduce additional charges in the future to cover any additional expenses incurred by us as a result of a material change in Regulations. Should it ever become necessary to introduce such a charge, you will be given three months notice.

15. Records of Your Plan:

We will undertake to do the following:

- (a) maintain all such records relating to your Plan;
- (b) make appropriate returns to the Inland Revenue for the purposes of taxation;
- (c) provide all taxation details to you, as may be required under the Regulations.

16. Delegation of Functions:

We may appoint a third party to act in respect of any function relevant to administration of your Plan. Should we appoint a third party, we will satisfy ourselves that any such third party is competent to carry out those functions or responsibilities. We shall take full responsibility for the actions and omissions of any such third party.

17. Assignment:

We may appoint another company to be the Plan Manager of your Plan under these Terms & Conditions on giving you one month's notice. The new Plan Manager must be approved to act as a PEP and/or ISA Manager (as applicable) by the Commissioners of the Inland Revenue.

18. Complaints:

Any complaint should be addressed to Morgan Stanley & Co. International Limited, Compliance Department, 25 Cabot Square, Canary Wharf, London E14 4QA in the first instance. If you are not satisfied with the manner in which the matter is addressed you can refer complaints relating to the administration of your Plan to The Financial Ombudsman Service at South Quay Plaza, 183 Marsh Wall, London E14 9SR. Making a complaint will not prejudice your right to take legal proceedings. A statement describing our complaints handling procedure is available on request.

19. Compensation:

If we cannot meet our obligations to you, you may be entitled to compensation under the Financial Services Compensation Scheme established under the Financial Services and Markets Act 2000. Details of your rights under this scheme are available from us on request, and further information is available from the Financial Services Authority and the Financial Services Compensation Scheme. A statement describing your rights to compensation is available on request.

20. Commission:

When you subscribe to our Plan through an Independent Financial Adviser we will usually pay commission to the Adviser. This commission is payable to the Adviser in respect of any investment advice given and/or an administrative charge for handling and forwarding your application form. The amount of the commission will depend on the amount you invest. Any amount payable will be detailed in correspondence with you. Commission is already accounted for in the terms offered and does not affect the returns shown.

Please inform us of any change in your Adviser to enable us to keep our records up to date.

21. Data Protection:

- (a) The information you provide on your application form (or subsequently) will be held and processed by us as a data controller for the purposes of the Data Protection Act 1998.
- (b) We may hold and process information for the administration of the service(s) for which you are currently applying or may apply for in the future, for the operation of your investment in Securities (including e.g. for registration and distribution purposes), for the purposes of statistical analysis, and the marketing of goods or services by this company or other companies in the Morgan Stanley group. We may transfer information to other companies in the Morgan Stanley group and to third party agents of such companies or of this company for any of the above purposes.
- (c) Where a financial adviser acts on your behalf, we will disclose information concerning your investment to that financial adviser.

- (d) Save as noted above, we will not provide to any other third party any information relating to you, unless you have given your consent or unless we are required to do so by law.

22. Money Laundering:

All transactions relating to products provided by us are covered by the Money Laundering Requirements (Criminal Justice Act 1993, the Money Laundering Regulations 1993 and 2000, FSA Rules and any relevant guidance notes). This means that we are responsible for compliance with these regulations. As a consequence, you may be required to provide proof of identity when buying or selling your investment.

23. Telephone Recordings:

For your security telephone conversations may be recorded.

24. Telephone and/or Internet Dealing:

We reserve the right to introduce a facility for telephone and/or Internet dealing in respect of your Plan. In the event that we introduce these facilities, we will reserve the right not to accept any dealing instruction unless we are satisfied that all information which we require at the time of dealing has been accurately provided.

25. Exclusion of Liability:

Your attention is drawn to the Key Features and Risk Factors sections of this brochure. No warranty is given by us as to the performance or profitability of the Plan. You must be aware that the price of securities can go down as well as up and that there is a degree of risk attached to stock market related investments. You may not get back the amount you originally invested. You are reminded that past performance is no guarantee of future returns. In the event of any failure, interruption or delay in the performance of its obligations resulting from any event or circumstance not reasonably within its control, the Plan Manager shall not be liable or have any responsibility of any kind for any loss or damage you incur or suffer as a result.

26. Amendment to Terms & Conditions:

We may from time to time change these Terms & Conditions by giving not less than ten business days written notice to you of any change.

27. Governing Law and Jurisdiction:

These terms are governed by English law and are subject to the non-exclusive jurisdiction of the High Court of England and Wales.
