This Supplement is issued in conjunction with the issuance of the U.S.\$ 5,884,000 Floating Rate Notes due 2012 (the "**Notes**") of Series 2007-4, by Morgan Stanley ACES SPC, acting for the account of the segregated portfolio relating to the Notes (the "**Issuer**") and must be read in conjunction with the Base Private Placement Memorandum. In the event that a Credit Event occurs, (a) the maximum Cash Settlement Amount payable in respect of the Notes will be the Initial Principal Balance of the Notes and (b) the Notes will have no recourse to any other Series or any other assets of the Issuer to support the payments due under the Notes. See "Special Considerations—Risks Associated with the Reference Entities" herein.

The Notes offered hereby are issued pursuant to the Series 2007-4 Indenture described herein (the "**Indenture**") between LaSalle Bank National Association, as trustee (the "**Trustee**") and the Issuer.

The Notes offered and sold in reliance upon Regulation S will initially be represented by a Global Note registered in the name of DTC or its nominee, for the respective accounts of Euroclear and Clearstream.

Capitalized terms not otherwise defined in this Supplement will have the meanings ascribed to such terms in the Base Private Placement Memorandum. An index of terms defined in this Supplement is attached as Annex D hereto.

***MORGAN STANLEY***

This Private Placement Memorandum contains summaries of certain documents. All such summaries are qualified by reference to the actual documents, which may be obtained on a confidential basis from the Trustee.

The information in this Private Placement Memorandum is intended to be current as of the date of this Private Placement Memorandum. No representation or warranty is made as to the accuracy or completeness of such information as of any other date, and nothing contained in this Private Placement Memorandum is, or should be relied on as, a promise or representation as to the future. Neither the subsequent delivery of this Private Placement Memorandum nor any sale of the Notes after the date of this Private Placement Memorandum implies that there has not been any change in the affairs of the Issuer or the information presented here after the date of this Private Placement Memorandum.

A purchase of the Notes exposes the Holders to, among other things, the credit of each of the Reference Entities, and the holders of the Notes assume the credit and other risks of each of the Reference Entities.

None of the Reference Entities has participated in, and is most likely unaware of, the issuance of the Notes or the preparation of the Private Placement Memorandum.

No information is set forth herein with respect to the condition and creditworthiness of the Reference Entities. Neither the delivery of the Private Placement Memorandum nor any sale made hereunder should, at any time, imply that the information contained herein or therein is correct as of any date subsequent to their respective dates.

You should assume that the Swap Counterparty and its affiliates (the "**Morgan Stanley Affiliates**") will accept deposits from, make loans or otherwise extend credit to, and generally engage in commercial or investment banking or other business with the issuer of the Underlying Securities or a Reference Entity or one or more of their respective affiliates (or another person or entity having obligations relating to the issuer of the Underlying Securities or a Reference Entity) and is most likely to act with respect to such business as if the Notes did not exist, regardless of whether any such action might have an adverse effect on the issuer of the Underlying Securities, any Reference Entity or on a purchaser of the Notes (including, without limitation, any action which might constitute or give rise to a Credit Event). You should assume that the Morgan Stanley Affiliates will vote any interests they may have in obligations of the issuer of the Underlying Securities or a Reference Entity (or of any of their respective affiliates), and purchase or sell such obligations, provide bid and offer prices with respect thereto, affect the market value thereof, and otherwise participate in the secondary market for such obligations as if the Notes did not exist, regardless of whether any such action would have an adverse effect on the issuer of the Underlying Securities, the Underlying Securities, a Reference Entity or the Holders of the Notes.

You should assume that the Morgan Stanley Affiliates will, whether by virtue of the types of relationships described above or otherwise, at the date hereof or at any time hereafter, be in possession of information in relation to the issuer of the Underlying Securities, a Reference Entity or any of their respective obligations which is or may be material in the context of the Notes and which is not or may not be known to the general public. None of the Morgan Stanley Affiliates has any obligation, and the offering of the Notes and the execution of the Swap Agreement does not create any obligation on the part of any Morgan Stanley Affiliate, to disclose to the purchaser of the Notes any such relationship or information (whether or not confidential) and you should assume that the Morgan Stanley Affiliates will not disclose such relationship or information to you.

#### **Offers and Sales in Canada**

This Private Placement Memorandum constitutes an offering of the securities described herein only in those Canadian jurisdictions and to those Canadian persons where and to whom the securities may be lawfully offered for sale, and therein only by persons permitted to sell such securities. This Private Placement Memorandum is not, and under no circumstances is to be construed as, an advertisement or a public offering of securities in Canada or in any province or territory thereof. Any offer or sale of the securities in Canada will be made only under an exemption from the requirements to file a prospectus with the relevant Canadian securities regulators and only by a dealer properly registered under applicable provincial securities laws or, alternatively, pursuant to an exemption from the dealer registration requirement in the relevant province or territory of Canada in which such offer or sale is made. No securities commission or similar regulatory authority in Canada has reviewed or in any way passed upon this Private Placement Memorandum or the merits of the securities described herein and any representation to the contrary is an offence.

The offering of the securities in Canada is being made solely by this Private Placement Memorandum and any decision to purchase the securities should be based solely on information contained within this document. No person has been authorized to give any information or to make any representations concerning this offering other than as contained herein. The delivery of this Private Placement Memorandum does not imply that any information contained herein is correct as of any date subsequent to the date set forth on the cover hereof. This Private Placement Memorandum constitutes an offering of the securities described herein in the provinces of Ontario and Quebec only.

This Private Placement Memorandum is for the confidential use of only those persons to whom it is delivered by the Issuer or its authorized dealer-agents in connection with the private placement of securities in the provinces of Ontario and Quebec. The Issuer and its authorized dealer-agents reserve the right to reject all or part of any offer to purchase the securities for any reason or allocate to any purchaser less than all of the securities for which it has subscribed.

#### **Responsibility**

Except as otherwise expressly required by applicable law or as agreed to in contract, no representation, warranty, or undertaking (express or implied) is made and no responsibilities or liabilities of any kind or nature whatsoever are accepted by any dealer as to the accuracy or completeness of the information contained in this Private Placement Memorandum or any other information provided by the Issuer in connection with the offering of securities in the provinces of Ontario and Quebec.

#### **Resale Restrictions**

The distribution of the securities in Canada is being made on a private placement basis only and is exempt from the requirement that the Issuer prepare and file a prospectus with the relevant Canadian securities regulatory authorities. Accordingly, any resale of the securities must be made in accordance with applicable securities laws, which will vary depending on the relevant jurisdiction, and which may require resales to be made in accordance with prospectus and registration requirements or statutory exemptions from the prospectus and registration requirements in the relevant Canadian provinces and/or territories or under a discretionary exemption granted by the relevant

Canadian securities regulatory authorities. Canadian investors are advised to seek legal advice prior to any resale of the securities.

The Issuer is not a "reporting issuer", as such term is defined under applicable Canadian securities legislation, or the equivalent in any province or territory of Canada in which the securities will be offered. Canadian investors are advised that the Issuer currently does not intend to file a prospectus or similar document with any securities regulatory authority in Canada qualifying the resale of the securities to the public in Canada or any province or territory thereof.

### **Representations of Investors**

Each Canadian investor who purchases securities will be deemed to have represented to the Issuer and any dealer who sells securities to such investor that:

- (i) the offer and sale of the securities was made exclusively through the final version of the Private Placement Memorandum and was not made through an advertisement of the securities in any printed media of general and regular paid circulation, radio, television or telecommunications, including electronic display, or any other form of advertising in Canada;
- (ii) such investor has reviewed and acknowledges the terms referred to above under the heading "—Resale Restrictions";
- (iii) where required by law, such investor is purchasing as principal, or is deemed to be purchasing as principal in accordance with the applicable securities laws of the province in which such investor is resident, for its own account and not as agent for the benefit of another person; and
- (iv) such investor, or any ultimate purchaser for which such investor is acting as agent, is entitled under applicable Canadian securities laws to purchase such securities without the benefit of a prospectus qualified under such securities laws, and without limiting the generality of the foregoing:
  - (a) in the case of an investor resident in Quebec, such investor is an "**accredited investor**" as defined in section 1.1 of National Instrument 45-106 Prospectus and Registration Exemptions ("**NI 45-106**"); and
  - (b) in the case of an investor resident in Ontario, such investor, or any ultimate purchaser for which such investor is acting as agent:
    - (i) is an "**accredited investor**", other than an individual, as defined in section 1.1 of NI 45-106 and is a person to which a dealer registered as an international dealer in Ontario within the meaning of section 98(4) of the Regulation to the Securities Act (Ontario) may sell the securities; or
    - (ii) is an "**accredited investor**", including an individual, as defined in section 1.1 of NI 45-106 and is purchasing the securities from a registered investment dealer or limited market dealer registered within the meaning of section 98(5) and section 98(6) of the Regulation to the Securities Act (Ontario), respectively.

In addition, each resident of Ontario who purchases the securities will be deemed to have represented to the Issuer and each dealer from whom a purchase confirmation is received, that such investor:

- (v) has been notified by the Issuer:
  - (a) that the Issuer may be required to provide certain personal information ("**personal information**") pertaining to the investor as required to be disclosed in Schedule I of Form 45-106F1 under NI 45-106 (including its name, address, telephone number and the number and value of any

securities purchased), which Form 45-106F1 may be required to be filed by the Issuer under NI 45-106;

- (b) that such personal information may be delivered to the Ontario Securities Commission (the "OSC") in accordance with NI 45-106;
  - (c) that such personal information is collected indirectly by the OSC under the authority granted to it under the securities legislation of Ontario;
  - (d) that such personal information is collected for the purposes of the administration and enforcement of the securities legislation of Ontario; and
  - (e) that the public official in Ontario who can answer questions about the OSC's indirect collection of such personal information is the Administrative Assistant to the Director of Corporate Finance at the OSC, Suite 1903, Box 5520 Queen Street West, Toronto, Ontario M5H 3S8, Telephone: (416) 593-8086; and
- (vi) has authorized the indirect collection of the personal information by the OSC.

Furthermore, the investor acknowledges that its name, address, telephone number and other specified information, including the aggregate purchase price to the investor, may be disclosed to other Canadian securities regulatory authorities and may become available to the public in accordance with the requirements of applicable Canadian laws. By purchasing the securities, each Canadian purchaser consents to the disclosure of such information.

### **Taxation and Eligibility for Investment**

Any discussion of taxation and related matters contained in this Private Placement Memorandum does not purport to be a comprehensive description of all the tax considerations that may be relevant to a Canadian investor when deciding to purchase the securities. Canadian investors should consult their own legal and tax advisers with respect to the tax consequences of an investment in the securities in their particular circumstances and with respect to the eligibility of the securities for investment by such investor under relevant Canadian federal and provincial legislation and regulations.

### **Rights of Action for Damages or Rescission**

Securities legislation in certain of the Canadian provinces provides purchasers of securities pursuant to an offering memorandum (such as this Private Placement Memorandum) with a remedy for damages or rescission, or both, in addition to any other rights they may have at law, where the offering memorandum and any amendment to it contains a "Misrepresentation". Where used herein, "**Misrepresentation**" means an untrue statement of a material fact or an omission to state a material fact that is required to be stated or that is necessary to make any statement not misleading in light of the circumstances in which it was made. These remedies, or notice with respect to these remedies, must be exercised or delivered, as the case may be, by the purchaser within the time limits prescribed by applicable securities legislation.

### **Ontario**

Section 130.1 of the Securities Act (Ontario) provides that every purchaser of securities pursuant to an offering memorandum (such as this Private Placement Memorandum) shall have a statutory right of action for damages or rescission against the issuer and any selling security holder on whose behalf the distribution is made in the event that the offering memorandum contains a Misrepresentation. A purchaser who purchases securities offered by an offering memorandum during the period of distribution has, without regard to whether the purchaser relied upon the Misrepresentation, a right of action for damages or, alternatively, while still the owner of the securities, for rescission against the issuer and the selling security holders, provided that:

- (i) if the purchaser exercises its right of rescission, it shall cease to have a right of action for damages against the Issuer and the selling security holders, if any;

- (ii) the Issuer and the selling security holders, if any, will not be liable if they prove that the purchaser purchased the securities with knowledge of the Misrepresentation;
- (iii) the Issuer and the selling security holders, if any, will not be liable for all or any portion of damages that they can prove do not represent the depreciation in value of the securities as a result of the Misrepresentation relied upon; and
- (iv) in no case shall the amount recoverable exceed the price at which the securities were offered.

Section 138 of the Securities Act (Ontario) provides that no action shall be commenced to enforce these rights more than:

- (i) in the case of an action for rescission, 180 days from the day of the transaction that gave rise to the cause of action; or
- (ii) in the case of an action for damages, the earlier of:
  - (a) 180 days from the day that the purchaser first had knowledge of the facts giving rise to the cause of action; or
  - (b) three years from the day of the transaction that gave rise to the cause of action.

This Private Placement Memorandum is being delivered in reliance on exemptions from the prospectus requirements contained under NI 45-106. The rights referred to in section 130.1 of the Securities Act (Ontario) do not apply in respect of an offering memorandum (such as this Private Placement Memorandum) delivered to a prospective purchaser in connection with a distribution made in reliance on the exemption from the prospectus requirement in section 2.3 of NI 45-106 if the prospective purchaser is:

- (i) a Canadian financial institution (as defined in NI 45-106) or a Schedule III bank,
- (ii) the Business Development Bank of Canada incorporated under the Business Development Bank of Canada Act (Canada), or
- (iii) a subsidiary of any person referred to in paragraphs (a) and (b), if the person owns all of the voting securities of the subsidiary, except the voting securities required by law to be owned by directors of that subsidiary.

The foregoing summary is subject to the express provisions of the Securities Act (Ontario) and the rules, regulations and other instruments thereunder, and reference is made to the complete text of such provisions contained therein. Such provisions may contain limitations and statutory defences on which the Issuer may rely. The enforceability of these rights may be limited as described herein under the heading "—Enforcement of Legal Rights" below.

The rights of action for damages or rescission discussed above are conferred to Ontario purchasers and are in addition to, and without derogation from, any other right or remedy which purchasers may have at law.

### **Enforcement of Legal Rights**

All or substantially all of the directors and officers of the Issuer, as well as the experts named in this Private Placement Memorandum, may be located outside of Canada and, as a result, it may not be possible for Canadian investors to effect service of process upon such persons in Canada. All or a substantial portion of the assets of the Issuer and such other persons may be located outside of Canada and, as a result, it may not be possible to satisfy a judgement against the Issuer or such other persons in Canada or to enforce a judgement obtained in Canadian courts against the Issuer or such other persons outside of Canada.

## **SPECIAL CONSIDERATIONS**

The purchase of the Notes involves substantial risks, including without limitation the risks described below. This Private Placement Memorandum does not describe all risks of an investment in the Notes, either as such risks exist at the date hereof or as such risks may change in the future.

### **Limited Recourse; Notes Payable Solely from Portfolio Property; Notes Not Payable from Portfolio Property of Other Series**

The Notes will not be obligations or responsibilities of, and will not be guaranteed by, the Trustee, the Swap Counterparty, the Swap Guarantor, the Contingent Forward Counterparty, the Contingent Forward Guarantor, any Agent or any company in the same group of companies as or any affiliate of any of the foregoing. Each Holder by its holding of its Notes will be deemed to agree that the obligations of the Issuer will be payable solely from the Portfolio Property. No assurance can be made that the amount of Portfolio Property available for and allocated to the repayment of the Notes at any particular time will be sufficient to cover all amounts that would otherwise be due and payable in respect of the Notes. If proceeds of the Portfolio Property received by the Trustee for the benefit of the Holders are insufficient to make payments on the Notes, no other assets will be available for payment of the deficiency, and following liquidation of the Portfolio Property or delivery of Underlying Securities to the Holders pursuant to the exercise of their Delivery Option, as the case may be, the obligations of the Issuer to pay such deficiency will be extinguished.  **Holders in respect of the Series 2007-4 Segregated Portfolio will not have any recourse to the general assets of the Company or any assets of any other segregated portfolio of the Company.**

### **Statutory Segregation of Assets and Liabilities**

The Notes will be issued for the account of the Series 2007-4 Segregated Portfolio as described herein. The Companies Law (2004 Revision) of the Cayman Islands (the "**Companies Law**") provides that a segregated portfolio company may create one or more segregated portfolios in order to segregate the assets and liabilities of the segregated portfolio company held within or on behalf of a segregated portfolio from the assets and liabilities of the segregated portfolio company held within or on behalf of any other segregated portfolio of the company or the assets and liabilities of the company which are not held within or on behalf of a segregated portfolio of the company. The Companies Law also provides that segregated portfolio assets shall only be available and used to meet the liabilities to the creditors of the segregated portfolio company who are creditors of that segregated portfolio and who shall thereby be entitled to have recourse only to the segregated portfolio assets attributable to that segregated portfolio for such purposes, and segregated portfolio assets shall not be available or used to meet liabilities to, and shall be absolutely protected from, the creditors of the segregated portfolio company who are not creditors in respect of that segregated portfolio, and who accordingly shall not be entitled to recourse to the segregated portfolio assets attributable to that segregated portfolio. This type of structure does not exist in most jurisdictions and these provisions of the Companies Law have not been subject to judicial scrutiny in any jurisdiction. Accordingly, there is a risk that upon such review a court may not be willing to uphold the statutory segregation of assets and liabilities as provided for by the Companies Law with respect to a segregated portfolio company.

### **Swap Counterparty Not Adviser or Fiduciary**

The Swap Counterparty is not acting as a fiduciary or adviser to the Issuer or the Holders. In selecting the Reference Entities and in performing its obligations under the Swap Agreement, the Swap Counterparty will not act as an adviser, fiduciary or agent of the Issuer or the Holders, but will take such actions as are permitted under the Swap Agreement and which it deems to be in its interests, which may be adverse to the interests of the Issuer or the Holders.

### **Risks Associated with the Reference Entities**

Since payments under the Swap Agreement will be linked to the credit of each of the Reference Entities, and payments under the Notes rely on the Swap Agreement, once the Aggregate Loss Amount under (and as defined in) exceeds the Lower Threshold Amount specified in the Credit Confirmation in connection with the Swap Agreement, Holders of the Notes will be exposed to the credit risk of the Reference Entities to the full extent of the value of their Notes. Upon the occurrence of a Credit Event, Holders could lose a substantial portion, or all, of the value of their Notes. In particular, upon the occurrence of a Credit Event in respect of any of the Reference Entities, the principal

amount of the Notes may be reduced as set out herein without any repayment of principal and, as provided herein, the right to receive payment of any such principal amount will be extinguished in accordance with the provisions herein. The likelihood of a Credit Event occurring with respect to a Reference Entity will generally fluctuate with, among other things, the financial condition of the Reference Entities, general economic conditions, the condition of certain financial markets, political events, developments or trends in any relevant industry and changes in prevailing interest rates.

No obligation of a Reference Entity will constitute a part of the property of the Issuer and Holders will have no right to vote or exercise any other right or remedy with respect to a Reference Entity or any of its obligations and will have no legal or equitable interest therein.

None of the Swap Counterparty and its affiliates makes any representations to investors concerning (i) any Reference Entity or its condition or creditworthiness or (ii) the merits of an investment in the Notes. Investors should consult independent sources as to the condition of each Reference Entity, as well as the risks associated with an investment in an obligation issued or, to the extent permitted under the Swap Agreement, guaranteed by any Reference Entity to the same extent as if they were making a direct investment in obligations of such Reference Entity. Each investor will be deemed to have represented and warranted to the Swap Counterparty and the Issuer that it has made its own investigation of the condition and creditworthiness of the Reference Entities and has determined that it can bear any loss associated with an investment in the Notes as described herein.

### **Limited Liquidity; Resale Restrictions**

The Notes are a highly illiquid investment. There is currently no secondary market for the Notes and it is extremely unlikely that a significant secondary market in the Notes will develop or that if a secondary market does develop that it will continue or will be sufficient to provide the Holders with needed liquidity.

The limited scope of information available to the Issuer, the Trustee and the Holders regarding the Reference Entities, the Underlying Securities and the nature of any Credit Event (as defined in "The Portfolio Property—The Swap Agreement" section), may affect the liquidity of the Notes.

The Notes are subject to significant restrictions on transfer that could also limit their liquidity.

Consequently, the purchase of Notes is suitable only for, and should be made only by, investors who understand and can bear the risks of such an investment (including without limitation the substantial credit, financial and liquidity risks of such an investment) for an indefinite period of time or until final redemption or maturity of the Notes.

See "Transfer Restrictions" and "Certain ERISA and Other U.S. Considerations" herein.

### **Subordination of the Notes**

The Notes are subordinated to the payment of certain other amounts payable by the Issuer, as set out in the Priority of Payments (as defined in the Base Private Placement Memorandum). There can be no assurance that the Holders will receive the full amounts payable by the Issuer under the Notes or that they will receive any return on their investment in the Notes. In particular, if certain Credit Events occur, returns to Holders could be reduced to as low as zero. If a Credit Event occurs, the Principal Balance of the Notes will be reduced according to the formula provided in the Credit Confirmation in an amount equal to the Cash Settlement Amount (as defined in "The Notes" section), if any, determined in connection therewith.

### **Issuer's Ability to Pay Interest under the Notes**

The ability of the Issuer to meet its obligations to pay interest on the Notes after payment in full has been made by the Issuer of all amounts due and owing which rank in priority thereto, will depend on the performance by or on behalf of the Swap Counterparty of its obligations under the Swap Agreement, of the Swap Guarantor under the Swap Guarantee and receipt by the Issuer of the sums of principal and interest receivable by the Issuer in respect of the Underlying Securities.

The Swap Counterparty will make payments of interest and/or premium due from it under the Swap Agreement to the Issuer, and such amounts will be applied in payment of amounts due to the Holders in accordance with the Priority of Payments.

#### **Deferral of Interest on the Notes due to Unsettled Reference Entities**

If one or more Reference Entities are Unsettled Reference Entities on any Interest Payment Date, interest on the Notes that is otherwise payable on such Interest Payment Date may be deferred and subject to reduction as described herein. See "—Interest Payments—Interest Payment Deferral".

#### **Acceleration or Early Redemption in Certain Circumstances**

The Notes are subject to acceleration upon the occurrence of an Indenture Event of Default (as defined in "The Notes" section) or early redemption upon the occurrence of an Early Redemption Event (as defined in "The Notes" section). In such circumstances, the Underlying Securities will be liquidated (to the extent not previously redeemed) and the proceeds applied in accordance with the Priority of Payments or the relevant Underlying Securities will be delivered to the Holders pursuant to the exercise of their Delivery Option, as the case may be. The net proceeds (if any) of any realization of the Underlying Securities or the value of the Underlying Securities delivered to the Holders pursuant to the exercise of their Delivery Option, as the case may be, may be insufficient to pay amounts due to the Holders in respect of the Notes.

#### **Risks Associated with Underlying Securities**

##### *Underlying Securities Default*

The Holders will be exposed to the credit of an issuer of the Underlying Securities to the full extent of their investment in the Notes. If the issuer of the Underlying Securities is late in making any payment of interest or principal with respect to the Underlying Securities or if any other event occurs which constitutes an Underlying Securities Default (as defined in "The Notes" section), the Swap Agreement will be subject to termination as described herein. If the Swap Agreement is terminated, the Issuer will, out of the proceeds of the Underlying Securities, pay certain accrued and unpaid expense payments due to the Trustee and other service providers of the Issuer and amounts due to the Swap Counterparty under the Swap Agreement (including any Swap Breakage Fee other than a Defaulted Swap Termination Payment) before distributing the remaining proceeds, if any, to the Holders of the Notes on a pro rata basis. If an Underlying Securities Default occurs, then the amount distributed to the Holders could be substantially less than the Holders' original investment in the Issuer and could even be zero.

##### *Limited Information with respect to the Underlying Securities*

The Private Placement Memorandum does not provide detailed information with respect to the Underlying Securities or the issuer(s) thereof or with respect to any rights or obligations, legal, financial or otherwise, arising under the Underlying Securities. Prospective purchasers of the Notes are urged to undertake their own investigation of these and other matters relating to the Underlying Securities.

The limited information concerning the Underlying Securities and the issuer(s) thereof that is set forth herein will, unless otherwise specified, be based upon publicly available sources and will not have been independently checked or verified by the Swap Counterparty, the Swap Guarantor, the Contingent Forward Counterparty, the Contingent Forward Guarantor, the Trustee or anyone else in connection with the issuance of the Notes.

The issuer of the Underlying Securities has not participated in, and is most likely unaware of, the offering of the Notes or the preparation of this Private Placement Memorandum.

#### **Risks Associated with the Swap Agreement**

##### *Credit of Swap Counterparty and Swap Guarantor*

The receipt by Holders of payments on their Notes will be dependent on the Issuer's timely receipt of payments from, and therefore the credit of, the Swap Counterparty and the Swap Guarantor.

### *Liability for Swap Breakage Fees and Defaulted Swap Termination Payments*

The Swap Agreement may be terminated early if a Swap Event of Default or a Swap Termination Event (each as defined in "The Portfolio Property—The Swap Agreement" section) with respect to the Swap Counterparty or the Issuer occurs or if an Indenture Event of Default or Early Redemption Event occurs. If a Swap Event of Default, a Swap Termination Event, an Indenture Event of Default or an Early Redemption Event occurs, then the Swap Agreement will be subject to termination and, as a result of such termination, the Issuer or the Swap Counterparty will pay a termination payment in accordance with Section 6(e) of the Master Swap Agreement (the "**Swap Breakage Fee**"). The Issuer will pay a Swap Breakage Fee to the Swap Counterparty if the value of the Swap Agreement is in favor of the Swap Counterparty and the Swap Counterparty will pay a Swap Breakage Fee to the Issuer if the value of the Swap Agreement is in favor of the Issuer, subject to the Priority of Payments. The value of the Swap Agreement may be highly volatile, and it is not possible to estimate the amount of the Swap Breakage Fee paid or foregone by the Holders of the Notes. The Holders of the Notes, will effectively pay any Swap Breakage Fee payable by the Issuer, in proportion to the amount of their respective investment in the Notes, up to the limit of such respective investment.

The Indenture distinguishes between Swap Breakage Fees and Defaulted Swap Termination Payments, which term refers to any amount payable by the Issuer under the Swap Agreement as a consequence of an early termination of the Swap Agreement in respect of which termination the Swap Counterparty (and not the Issuer) is the sole affected or defaulting party. Swap Breakage Fees that are Defaulted Swap Termination Payments have a lower priority in the Priority of Payments than (and will be subordinated to) the payments due to the Holders in respect of the Notes.

### **Risks Associated with the Contingent Forward Agreement**

#### *Credit of Contingent Forward Counterparty and Contingent Forward Guarantor*

The Contingent Forward Agreement will require the Contingent Forward Counterparty to pay 100% of the principal amount of the Underlying Securities (other than Underlying Securities consisting of Liquidity Funds or U.S. dollars) which are required to be liquidated by the Issuer in respect of (a) a Cash Settlement Amount payable under the Credit Confirmation or (b) the redemption of the Notes on the Scheduled Maturity Date. However, settlement on the Contingent Forward Agreement will not occur (except to the extent settlement is pending) when an Underlying Securities Default, any other Indenture Event of Default or an Early Redemption Event occurs, and Holders of the Notes are exposed to the risks of decline in the market value of the Underlying Securities related to such Notes in such circumstances. Investors are also exposed to the credit risk of the Contingent Forward Counterparty under the Contingent Forward Agreement and the Contingent Forward Guarantor under the Contingent Forward Guarantee, as applicable.

#### *No Right to Receive Termination Payments under the Contingent Forward Agreement*

In no event will the Issuer pay or receive any termination payment in respect of the Contingent Forward Agreement at any time except to the extent settlement under the Contingent Forward Agreement is pending at the time of an Early Redemption Event or Indenture Event of Default. Accordingly, no Holders of the Notes will be compensated for any loss of the market value of the Contingent Forward Agreement related to such Notes and the Holders of the Notes will be exposed to the risk that the related Underlying Securities are worth less than their par value on the date of the Early Redemption Event or Indenture Event of Default. The value of the Contingent Forward Agreement may be highly volatile, and it is not possible to estimate the amount of the termination payment paid or foregone by the Holders.

### **The Swap Counterparty may require the Issuer to redeem the Notes early**

Under the terms of the Credit Confirmation under the Swap Agreement, the Swap Counterparty may on any Business Day occurring on or after the Interest Payment Date falling in May, 2007 exercise its right to terminate the Credit Confirmation under the Swap Agreement in whole (but not in part) upon not less than five Business Days' prior notice to the Issuer and the Trustee (such Business Day, being the Optional Early Redemption Date) (after giving effect to any Cash Settlement Amounts payable on or prior to such Optional Early Redemption Date) *provided that* the Swap Counterparty shall not deliver such a notice unless, in respect of Underlying Securities in respect of the Notes related the Credit Confirmation consisting of assets other than Liquidity Funds or U.S. dollars, the Calculation Agent (as defined in the Indenture) has identified a prospective purchaser (which prospective

purchaser may be Morgan Stanley & Co. International Limited or an affiliate of Morgan Stanley & Co. International Limited) that has agreed to make a firm bid for such Underlying Securities then held by the Issuer, at par or above. On such Optional Early Redemption Date, the Issuer will be required to redeem the Notes related to the Credit Confirmation in whole (and not in part), together with accrued interest up to but excluding the Optional Early Redemption Date. As a result, the Holders of the Notes may receive the principal amount on such Notes earlier than expected, and there can be no assurance that such Holders will be able to reinvest such principal amount in alternative investments at an equivalent rate of interest. See "The Notes—Principal Payments and Redemption—Optional Early Redemption of the Notes" and "The Swap Agreement—Optional Termination" below.

### **Conflicts of Interest**

You should assume that the Swap Counterparty and its affiliates (the "**Morgan Stanley Affiliates**") will accept deposits from, make loans or otherwise extend credit to, and generally engage in commercial or investment banking or other business with the issuer of the Underlying Securities or a Reference Entity or one or more of their respective affiliates (or another person or entity having obligations relating to the issuer of the Underlying Securities or a Reference Entity) and is most likely to act with respect to such business as if the Notes did not exist, regardless of whether any such action might have an adverse effect on the issuer of the Underlying Securities or a Reference Entity or on a purchaser of the Notes (including, without limitation, any action which might constitute or give rise to a Credit Event). You should assume that the Morgan Stanley Affiliates will vote any interests they may have in obligations of the issuer of the Underlying Securities or a Reference Entity (or of any of their respective affiliates), and purchase or sell such obligations, provide bid and offer prices with respect thereto, affect the market value thereof, and otherwise participate in the secondary market for such obligations as if the Notes did not exist, regardless of whether any such action would have an adverse effect on the issuer of the Underlying Securities, the Underlying Securities, the Reference Entities or the Holders of the Notes.

You should assume that the Morgan Stanley Affiliates will, whether by virtue of the types of relationships described above or otherwise, at the date hereof or at any time hereafter, be in possession of information in relation to the issuer of the Underlying Securities or the Reference Entities or any of their respective obligations which is or may be material in the context of the Notes and which is not or may not be known to the general public. None of the Morgan Stanley Affiliates has any obligation, and the offering of the Notes and the execution of the Swap Agreement does not create any obligation on the part of any Morgan Stanley Affiliate, to disclose to the purchaser of the Notes any such relationship or information (whether or not confidential) and you should assume that the Morgan Stanley Affiliates will not disclose such relationship or information to you.

### **Legal Investment**

The appropriate characterization of the Notes under various legal investment restrictions, and thus the ability of investors subject to those restrictions to purchase the Notes, may be subject to significant interpretative uncertainties. No representation is made as to the proper characterization of the Notes for legal investment purposes, or for risk-weighting, securities valuation, regulatory accounting or other financial institution regulatory regimes of the National Association of Insurance Commissioners, any state insurance commissioner, any federal or state banking authority or any other regulatory body. Investors should consult with their own legal advisors in determining whether, and to what extent, the Notes will constitute legal investments for them and the consequences of such an investment.

### **U.S. Federal Income Tax Consequences Relating to the Issuer and the Holders**

The Company will be classified as an association taxable as a corporation for U.S. federal income tax purposes. Moreover, although each Series is nominally issued by the Company, the Company intends for U.S. federal income tax purposes, and each investor will be required, to treat each Issuer as a separate corporation. However, due to a lack of directly governing authority, such treatment is not free from doubt. Each prospective investor is urged to consult with its own tax advisors as to the effect of denial of such separate treatment.

The Issuer, the Trustee and the Swap Counterparty will treat, and each Holder will be required to treat, the Swap Agreement as a "notional principal contract" for U.S. federal income tax purposes. However, there is no authority directly addressing the U.S. federal income tax treatment of investments such as the Swap Agreement and it is possible that the Swap Agreement may be recharacterized as some other type of financial instrument of the Swap Counterparty. Such recharacterization may have adverse income tax consequences to Holders.

Each prospective investor is urged to consult with its own tax advisors as to the federal income, state, local, foreign and other tax consequences to them of the purchase, ownership and disposition of the Notes. See "Certain U.S. Federal Income Tax Considerations" herein and the discussion in the Base Private Placement Memorandum under the heading "Certain U.S. Federal Income Tax Considerations" for a more detailed discussion of the U.S. federal income tax issues arising in connection with the purchase, ownership and disposition of the Notes.

### **Limited Information**

This Private Placement Memorandum does not provide detailed information concerning the issuer of the Underlying Securities, the Underlying Securities or the Reference Entities. Holders should do their own review and investigation of the issuer of the Underlying Securities, the Underlying Securities, the Swap Agreement, the Contingent Forward Agreement and the Reference Entities to the same extent as if they were making a direct investment in the Underlying Securities, the Swap Agreement, the Contingent Forward Agreement and obligations of the Reference Entities. Further, Holders should review for themselves the Indenture setting forth the terms of the Notes. A copy of each Confirmation is attached as an annex hereto. Copies of the Master Swap Agreement, the Master Contingent Forward Agreement and the sets of definitions published by ISDA and forming part of the Swap Agreement and the Contingent Forward Agreement, as well as the Indenture and the other documents executed in connection with the issuance of the Notes, are available upon request from the Trustee.

### **Ratings**

It is expected that the Notes will be rated "AAA" by Fitch. A security rating is not a recommendation to buy, sell or hold the Notes. There is no assurance that a rating will remain for any given period of time or that a rating will not be lowered or withdrawn by the relevant Rating Agency if, in its judgment, circumstances in the future so warrant. In the event that a rating initially assigned to the Notes is subsequently lowered for any reason, no person or entity is obliged to provide any additional support or credit enhancement with respect to the Notes and the market value of the Notes is likely to be adversely affected.

## THE NOTES

To the extent any provision in this Supplement is inconsistent with the Base Private Placement Memorandum, the provisions in this Supplement shall control. **The description of the Notes does not purport to be and is not complete. <i>Calculation of Interest</i> .....	Interest payments (each, an " <b>Interest Payment</b> ") on the Notes will accrue from the Issue Date until (but excluding) the last day of the last Interest Accrual Period.

On each Interest Payment Date, the Interest Payment due in respect of the Notes will be equal to (i) the sum obtained by adding the products, determined with respect to each day in the related

Interest Accrual Period (such number of days being calculated in accordance with the Day Count Fraction) of (a) the Interest Rate divided by, 360 and (b) the Principal Balance of the Notes on such day *minus* (ii) if one or more Principal Payment Dates (as defined in the Base Private Placement Memorandum) have occurred with respect to the Notes during such Interest Accrual Period (other than on the first day of such Interest Accrual Period), the aggregate amount of interest paid in respect of such Notes on such Principal Payment Dates.

On any Principal Payment Date that is not also an Interest Payment Date, the Interest Payment due in respect of the Notes in respect of which the relevant Principal Payment is being made will be equal to the product of (A) the number of days in the related Interest Accrual Period up to but excluding such Principal Payment Date, (B) the Interest Rate for the Notes divided by 360 and (C) the sum of the Principal Balance of the Notes being paid and the Principal Balance of the Notes being reduced in connection with any Cash Settlement Amounts being made on such date.

*Interest Payment Deferral* .....

With respect to any Interest Payment Date, if the Calculation Agent determines, in its sole discretion acting in good faith and in a commercially reasonable manner, that (i) there is at least one Unsettled Reference Entity under the Swap Agreement and (ii) the Potential Payable Credit Protection Payment in respect of the Swap Agreement with respect to such Unsettled Reference Entities is greater than zero, then an "Interest Payment Deferral" will be applicable for such Interest Payment Date. If there is an Interest Payment Deferral, then the amount of interest payable on the Notes on such Interest Payment Date will be equal to the Minimum Interest Payment for such Interest Payment Date and any other interest otherwise payable on the Notes on such Interest Payment Date will be withheld, deferred and deposited by the Trustee into an account held by the Trustee (the "**Provisional Reserve Account**").

In connection with and following any Interest Payment Deferral, deferred interest in the amount equal to the Interest Adjustment Payment will be withdrawn from the Provisional Reserve Account and will be payable on the Notes on the first Interest Payment Date following the determination of the Cash Settlement Amount in respect of each Unsettled Reference Entity, together with interest on the Interest Adjustment Payment accrued at the Deferral Rate for the number of days the payment of interest was deferred, as calculated by the Calculation Agent in its sole and absolute discretion. The balance of the Provisional Reserve Account, if any, will be paid to the Swap Counterparty in accordance with the terms of the Rate Confirmation.

"**Unsettled Reference Entity**" means, as of any date, a Reference Entity in respect of which an Event Determination Date has occurred but the related Cash Settlement Date has not occurred as of such date.

**"Event Determination Date"** has the meaning ascribed to such term in the Credit Derivative Definitions incorporated in the Credit Confirmation. See Annex A hereto.

**"Potential Payable Credit Protection Payment"** means, with respect to the Unsettled Reference Entities, an amount equal to the Cash Settlement Amount calculated assuming that the Weighted Average Final Price with respect to each such Unsettled Reference Entity is zero.

**"Weighted Average Final Price"** has the meaning ascribed to such term in the Credit Confirmation. See Annex A hereto.

**"Minimum Interest Payment"** means, with respect to any Interest Payment Date for which an Interest Payment Deferral is applicable, an amount (not less than zero) equal to the amount of interest that would have been payable in relation to the Interest Accrual Period ending immediately after such Interest Payment Date in accordance with the provisions under "Calculation of Interest" above if on each day during such period on which one or more Reference Entities are Unsettled Reference Entities, Cash Settlement Amounts had been determined in respect of each such Unsettled Reference Entity such that the Principal Balance on such day took its minimum possible value.

**"Interest Adjustment Payment"** means, with respect to the period from (and including) the first day of the Interest Accrual Period during which the relevant Event Determination Date occurs to (but excluding) the last day of the Interest Accrual Period during which the related Cash Settlement Date occurs, an amount equal to (a) the amount of interest that would have been payable in respect of such period if such amount had been determined in accordance with the provisions under "Calculation of Interest" above in the absence of the provisions contained in the first two paragraphs of this section "Interest Payment Deferral" and if the reduction in Principal Balance resulting from the Unsettled Reference Entities had occurred on the relevant Event Determination Date (based on the actual Weighted Average Final Price(s) relating thereto) minus (b) the Minimum Interest Payment in respect thereof.

**"Deferral Rate"** means such rate of interest as is obtained by the Trustee by depositing any funds withheld in its overnight deposit account for institutional accounts.

<i>Designated Maturity</i> .....	Six months, <i>provided</i> that "six month LIBOR" will be determined through the use of straight-line interpolation for any Interest Accrual Period that is shorter or longer than six months.
<i>Telorate Page</i> .....	Telorate page 3750
<i>Interest Rate</i> .....	Six month LIBOR plus Margin.
<i>Margin</i> .....	1.30% per annum
<i>Day Count Fraction</i> .....	Actual/360

*Interest Accrual Period* ..... With respect to each Interest Payment Date, interest on the Principal Balance of the Notes will accrue during the period (the "**Interest Accrual Period**") from and including the immediately preceding Interest Period End Date (or, in the case of the first Interest Payment Date, from and including, the Issue Date) to but excluding the immediately succeeding Interest Period End Date (or, in the case of the last Interest Payment Date, to but excluding the last Interest Period End Date, which may be the Accrual Cessation Date), *provided* that an Interest Accrual Period may end on a Principal Payment Date that is not an Interest Period End Date. Any interest accrued but unpaid on any Interest Payment Date will accrue interest from and including such Interest Payment Date to but excluding the succeeding Interest Payment Date.

*Interest Period End Date* ..... July 16 and January 16 in each year commencing on the Issue Date and ending on the earliest of (i) July 16, 2012 ("**Accrual Cessation Date**") and (ii) the Optional Early Redemption Date and (iii) the date on which the Principal Balance of the Notes has been reduced to zero, subject to the Business Day Convention.

Principal Payments and Redemptions:

*Before Scheduled Maturity Date* ..... Unless redeemed as a result of an Early Redemption Event or an Indenture Event of Default, or on an Optional Early Redemption Date, no payments of principal ("**Principal Payments**") will be made on the Notes before the Scheduled Maturity Date.

*At Scheduled Maturity Date* ..... Unless redeemed earlier, the Issuer will redeem each outstanding Note at the Principal Balance of such Note on the Scheduled Maturity Date (with accrued but unpaid interest to but excluding the Accrual Cessation Date), subject to the Priority of Payments.

*Early Redemption Events* ..... The occurrence of any of the following events will constitute an Early Redemption Event (an "**Early Redemption Event**"): (i) a Related Agreement Redemption Event, (ii) a Tax Redemption Event, or (iii) an Underlying Securities Early Redemption.

A "**Related Agreement Redemption Event**" occurs when a Related Agreement is terminated, including, without limitation, as a result of an Underlying Securities Default, without replacement thereof (on or prior to such termination) that is satisfactory to and has the prior written approval of the Trustee, at the direction of the Swap Counterparty, and that satisfies the Rating Condition.

A "**Tax Redemption Event**" occurs when:

- (i) the Issuer on the occasion of the next payment due in respect of the Notes would be required to withhold or account for tax in the place of incorporation or tax jurisdiction of the Issuer;
- (ii) the Issuer would be unable to make payment of any amount due on the Notes because (a) the Issuer becomes subject to tax in respect of its income with respect to the Underlying Securities or payments made to it under a Related Agreement, (b) the Issuer becomes subject to an obligation to deduct or

withhold tax on payments made by it under a Related Agreement and to pay an additional amount under any such Related Agreement in respect thereof, or (c) the payments in respect of the Underlying Securities or payments made to the Issuer under any such Related Agreement are made net of any tax; or

- (iii) any exchange controls or other currency exchange or transfer restrictions or taxes are imposed on the Issuer or any payments to be made to or by the Issuer or for any reason the cost to the Issuer of complying with its obligations under or in connection with any Related Agreement would (in the sole opinion of the Issuer) be materially increased, the Issuer having used its reasonable efforts to procure the substitution of a company incorporated in another jurisdiction (in which jurisdiction the relevant tax, exchange control, or currency exchange or transfer restrictions does not apply) as the principal obligor in respect of the Notes, or the establishment of a branch office in another jurisdiction (in which jurisdiction the relevant tax, exchange control, or currency exchange or transfer restrictions does not apply) (in each case subject to the satisfaction of certain conditions as more fully specified in the Indenture) from which it may continue to carry out its functions under the Related Agreement, and the Issuer, having used its reasonable efforts, is unable to arrange such substitution before the next payment is due in respect of the Notes.

Notwithstanding the foregoing, if any of the taxes referred to in clause (i) of the definition of Tax Redemption Event arises:

- (a) owing to the connection of any Holder, or any third party having a beneficial interest in the Notes with the place of incorporation or tax jurisdiction of the Issuer otherwise than by reason only of the holding of any Note or receiving principal or interest in respect thereof; or
- (b) by reason of the failure by the relevant Holder to comply with any applicable procedures required to establish non-residence or other similar claim for exemption from such tax;

then, to the extent it is able to do so, the Issuer will deduct such taxes from the amounts payable to the relevant Holder and will not redeem the Notes but this will not affect the rights of the other Holders hereunder. Any such deduction will not constitute an Early Redemption Event or an Indenture Event of Default.

An "**Underlying Securities Early Redemption**" occurs when:

- (A) where the Underlying Securities consist of assets other than Liquidity Funds or U.S. dollars, any of the Initial Underlying Securities are redeemed pursuant to an early redemption prior to their scheduled maturity date, unless such Initial Underlying Securities:
  - (i) are amortized in accordance with their terms following the occurrence of an early amortization event (as

described in the terms of the Initial Underlying Securities); or

- (ii) are redeemed in full following the exercise by the issuer of the Initial Underlying Securities of its option to redeem the Initial Underlying Securities in full prior to their scheduled maturity date,

and, in the case of clause (i) or clause (ii) above, the holder of such Initial Underlying Securities receives payment in full in respect of the principal amount of the Initial Underlying Securities being amortized or, as the case may be, being redeemed; or

- (iii) are redeemed by reason of an Underlying Securities Default; or

(B) where the Underlying Securities consist of Liquidity Funds, the Underlying Securities are repaid prior to the Scheduled Maturity Date, unless such Underlying Securities:

- (i) are redeemed in full by the issuer of the Underlying Securities, and the Issuer receives payment in full in respect of the principal amount of the Underlying Securities being redeemed; or

- (ii) are repaid by reason of an Underlying Securities Default.

*Sale of Underlying Securities  
to Morgan Stanley Affiliates .....*

In arranging for the sale of any of the Underlying Securities as referred to in "Description of the Notes—Redemptions—Liquidation of Portfolio Property due to an Early Redemption Event" of the Base Private Placement Memorandum, the Calculation Agent, acting on behalf of the Issuer, may arrange for the sale of all or part thereto to itself or any other Morgan Stanley Affiliate (including, without limitation, the Swap Counterparty), provided that such sale shall not occur until the Notification Deadline (as defined below) and, if the Holders of 100% of the Notes elect to take delivery of the Underlying Securities, such sale shall not occur except to the extent provided below. The Swap Counterparty, in such capacity, or any Morgan Stanley Affiliate will not at any time be required to purchase any Underlying Securities from the Issuer upon liquidation thereof. Notwithstanding the foregoing, the Underlying Securities may only be sold to a Morgan Stanley Affiliate if (i) such Morgan Stanley Affiliate is the highest bidder and (ii) bids were also received in respect of the Underlying Securities from at least five dealers that are not Morgan Stanley Affiliates. Moreover, if, in respect of an Early Redemption Event, (1) a Defaulted Swap Termination Payment is due to the Swap Counterparty and (2) a Morgan Stanley Affiliate is a bidder in respect of the sale of Underlying Securities, the bid of such Morgan Stanley Affiliate shall not exceed the par amount of the Underlying Securities.

*Delivery Option in lieu of Liquidation  
Amount .....*

If at any time that the Notes would, but for the application of this section, fall due for redemption following the occurrence of an Early Redemption Event, a Holder may, at its discretion, but subject to the satisfaction of the provisos below, elect to receive from the Issuer, in lieu of its entitlement to its relevant share of the proceeds of sale of the Underlying Securities (the "**Liquidation Amount**"), a pro rata share of the Underlying Securities (the "**Delivery Option**").

The Calculation Agent shall, notwithstanding anything to the contrary provided in the Indenture (including without limitation Section 8.03 thereof), not be entitled to sell or otherwise dispose of the Underlying Securities until 5.00 p.m. (New York time) on the second Business Day following the day on which notice that the Notes will fall due (or, as the case may be, have fallen due) for redemption by application of the Liquidation Amount has been given to the Holders (5.00 p.m. New York time on such second Business Day being referred to herein as the "**Notification Deadline**").

If the Trustee does not receive a Physical Redemption Notification (as defined below) from any Holder pursuant to the following paragraph prior to the Notification Deadline, the Notes shall be redeemed by application of the Liquidation Amount in accordance with the Indenture as if each Holder had elected not to receive the Underlying Securities in lieu of payment of the relevant portion of the Liquidation Amount.

If, prior to the expiration of the Notification Deadline, the Trustee receives a notification from a Holder (a "**Physical Redemption Notification**") that such Holder wishes to have its pro rata share of the Underlying Securities in respect of any or all of its Notes (such Notes in respect of which such Holder has exercised its Physical Redemption Notification, the "**Physical Redemption Notes**") delivered or transferred to it in lieu of payment of its entitlement to its relevant share of the Liquidation Amount in respect of such Physical Redemption Notes, the Issuer shall notify such Holder of (1) the amount (if any) of each payment which would, upon redemption of all Notes by application of the Liquidation Amount, be due to a respective party in accordance with the Priority of Payments in priority to any payment, delivery or transfer to all the Holders (each, a "**Priority Payment**" and together, the "**Priority Payments**") and (2) the proportion of each such Priority Payment attributed to such Holder based on the number of Physical Redemption Notes as a proportion to the total number of outstanding Notes (each, a "**Proportional Priority Payment**" and together, the "**Proportional Priority Payments**"). The Issuer will procure that, subject to the provisos below, such pro rata amount of the Underlying Securities in respect of the Physical Redemption Notes are delivered or transferred to such Holder (or to any other place or account specified by such Holder which is acceptable to the Issuer); **PROVIDED** that the following requirements are met, such pro rata share of the Underlying Securities shall be delivered or transferred to such Holder:

- (1) payment is made by such Holder to the Issuer of an amount equal to the aggregate of each of its relevant Proportional Priority Payments; and

## CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS

**TO ENSURE COMPLIANCE WITH INTERNAL REVENUE SERVICE CIRCULAR 230, HOLDERS ARE HEREBY NOTIFIED THAT: (A) ANY DISCUSSION OF FEDERAL TAX ISSUES IN THIS SUPPLEMENT AND THE BASE PRIVATE PLACEMENT MEMORANDUM IS NOT INTENDED OR WRITTEN BY US TO BE RELIED UPON, AND CANNOT BE RELIED UPON BY HOLDERS FOR THE PURPOSE OF AVOIDING PENALTIES THAT MAY BE IMPOSED ON HOLDERS UNDER THE INTERNAL REVENUE CODE; (B) SUCH DISCUSSION IS WRITTEN TO SUPPORT THE PROMOTION OR MARKETING OF THE TRANSACTIONS OR MATTERS ADDRESSED HEREIN; AND (C) HOLDERS SHOULD SEEK ADVICE BASED ON THEIR PARTICULAR CIRCUMSTANCES FROM AN INDEPENDENT TAX ADVISOR.**

*See "Certain U.S. Federal Income Tax Considerations" in the Base Private Placement Memorandum for a description of certain additional U.S. federal income tax considerations applicable to a Holder of a Note.*

Set forth below is a summary of certain U.S. federal income tax considerations relevant to Holders that purchase the Notes at initial issuance and hold the Notes as capital assets under Section 1221 of the Code.

No statutory, judicial or administrative authority directly addresses the U.S. federal income tax characterization of transactions similar to those described herein and in the Base Private Placement Memorandum. As a result, significant aspects of the U.S. federal income tax consequences of an investment in the Notes are not certain. No ruling is being requested from the IRS, and as a result, no assurance can be given that the IRS will agree with the statements made below. **ACCORDINGLY, A PROSPECTIVE INVESTOR IN THE NOTES IS EXPECTED TO CONSULT ITS TAX ADVISOR IN DETERMINING THE CONSEQUENCES OF AN INVESTMENT IN THE NOTES, INCLUDING THE APPLICATION OF FEDERAL, STATE, LOCAL OR OTHER TAX LAW.**

This summary supplements, and is subject to limitations expressed in, the discussion in the Base Private Placement Memorandum under the heading "Certain U.S. Federal Income Tax Considerations" and supersedes that discussion to the extent this summary is inconsistent therewith.

### **Status of the Notes**

The Issuer intends to treat the Notes as equity of the Issuer for U.S. federal income tax purposes. Each Holder of a Note, by acceptance of an interest in such Note, will agree to such treatment. For a discussion of Notes treated as equity in the Issuer see the Base Private Memorandum under the heading "Certain U.S. Federal Income Tax Considerations—U.S. Holders of Notes Treated as Equity".

### **Withholding Taxes: Acceleration Upon Certain Tax Events**

Under certain circumstances, the income derived by or payments made by foreign corporations may be subject to withholding taxes imposed by the U.S. In this regard, although the Issuer does not anticipate that it will be subject to U.S. withholding taxes, the issue is not free from doubt. In particular, in the case of credit default swaps there is no definitive guidance from the IRS with respect to the possible imposition of U.S. withholding or excise taxes. Thus, there can be no assurance that the IRS would not successfully assert that the Issuer is subject to U.S. withholding tax or that the Issuer will not generally become subject to U.S. withholding tax as a result of a change in U.S. tax law or the issuance of administrative or judicial interpretations thereof. If payments by the Swap Counterparty to the Issuer under the Swap Agreement become subject to withholding, the Swap Counterparty shall have no obligation to gross-up such amounts, but it may elect to do so in its sole discretion. If it does not so elect, a Tax Redemption Event will occur, the Notes will be redeemed and Swap Breakage Fees may be payable by either the Issuer or the Swap Counterparty. If they are payable by the Issuer they will be paid ahead of the Notes and thus, the cost of such Swap Breakage Fees will be borne by the Holders of the Notes, up to the limit of their outstanding Principal Balances. Should the Swap Counterparty elect to gross-up the payments in full, no Tax Redemption Event shall occur; however, once such an election has been made the Swap Counterparty may cease to make any future gross-up payments at any time, in which case a Tax Redemption Event shall occur.

## **Non-U.S. Holders of Notes**

The Issuer will not require IRS Forms W-8BEN from non-U.S. Holders of Notes on a protective basis. See the discussion in the Base Private Placement Memorandum under the heading "Certain U.S. Federal Income Tax Considerations" for a more detailed discussion of this matter.

**PROSPECTIVE INVESTORS ARE URGED TO CONSULT WITH THEIR TAX ADVISORS AS TO THEIR ABILITY TO MAKE, AND THE LIKELY IMPACT OF THEIR MAKING, AN ELECTION TO TREAT THE ISSUER AS A QEF. SEE THE DISCUSSION IN THE BASE PRIVATE PLACEMENT MEMORANDUM UNDER THE HEADING "CERTAIN U.S. FEDERAL INCOME TAX CONSIDERATIONS" FOR A MORE DETAILED DISCUSSION OF THIS AND OTHER U.S. FEDERAL INCOME TAX ISSUES.**

*The following discussion supersedes and replaces in its entirety the discussion entitled "ERISA and Certain Other Considerations" contained in the Base Private Placement Memorandum.*

### **CERTAIN ERISA AND OTHER U.S. CONSIDERATIONS**

ERISA imposes certain requirements on "employee benefit plans" (as defined in Section 3(3) of ERISA) subject to ERISA, including entities such as collective investment funds and separate accounts whose underlying assets include the assets of such plans (collectively, "**ERISA Plans**") and on those persons who are fiduciaries with respect to ERISA Plans. Investments by ERISA Plans are subject to ERISA's general fiduciary requirements, including (but not limited to) regulations relating to prohibited transactions. Section 406 of ERISA and Section 4975 of the Code prohibit certain transactions involving the assets of an ERISA Plan (as well as those plans that are not subject to ERISA but which are subject to Section 4975 of the Code, such as individual retirement accounts (together with ERISA Plans, "**Plans**")) and certain persons (referred to as "parties in interest" or "disqualified persons") having certain relationships to such Plans, unless a statutory or administrative exemption is applicable to the transaction. It will be the responsibility of each ERISA Plan fiduciary to ensure that any purchase and holding of a Note does not and will not constitute a non-exempt prohibited transaction under ERISA or Section 4975 of the Code.

The U.S. Department of Labor has promulgated a regulation, 29 C.F.R. Section 2510.3-101 (the "Plan Asset Regulation"), describing what constitutes the assets of a Plan with respect to the Plan's investment in an entity for purposes of certain provisions of ERISA, including the fiduciary responsibility provisions of Title I of ERISA. Under the Plan Asset Regulation, if a Plan invests in an "equity interest" of an entity that is neither a "publicly offered security" nor a security issued by an investment company registered under the Investment Company Act, the Plan's assets include both the equity interest and an undivided interest in each of the entity's underlying assets, unless it is established that the entity is an "operating company" or that equity participation in the entity by Benefit Plan Investors is not "significant."

Governmental plans and certain church and other plans, while not necessarily subject to the fiduciary responsibility provisions of ERISA or the provisions of Section 4975 of the Code, may nevertheless be subject to State or other federal laws that are substantially similar to the foregoing provisions of ERISA and the Code. Fiduciaries of any such plans should consult with their counsel before purchasing any of the Notes.

In order to attempt to prevent the assets of the Issuer from being considered plan assets for purposes of ERISA and Section 4975 of the Code, the Notes are not intended for purchase or holding by certain employee benefit plans and certain other plans. Each purchaser of a Note will be deemed to have represented and agreed either that (i) it is not (and is not deemed for purposes of ERISA or Section 4975 of the Code to be) and for so long as it holds a Note, as applicable, will not be (or be deemed for such purposes to be) (A) a Plan or (B) any person or entity whose assets include (or are deemed to include) the assets of an "employee benefit plan" or "plan" by reason of 29 C.F.R. 2510.3-101, as modified by ERISA, or the Code (either of the foregoing, a "Benefit Plan Investor") or (ii) it is an employee benefit plan that is not a Benefit Plan Investor which is subject to any federal, state or local law that is substantially similar to Section 406 of ERISA or Section 4975 of the Code ("Similar Law") and the purchase and holding of the Note, as applicable, do not and will not violate any such substantially Similar Law.

The sale of any Note to a Plan, or to a person using assets of any Plan to effect its purchase of any Note, is in no respect a representation by the Issuers, the Placement Agent or the Collateral Manager that such an investment

meets all relevant legal requirements with respect to investments by Plans generally or any particular Plan, or that such an investment is appropriate for Plans generally or any particular Plan.

**THE PRECEDING DISCUSSION IS ONLY A SUMMARY OF CERTAIN OF THE ERISA IMPLICATIONS OF AN INVESTMENT IN THE NOTES AND DOES NOT PURPORT TO BE COMPLETE. MOREOVER, THE MATTERS DISCUSSED ABOVE MAY BE AFFECTED BY FUTURE REGULATIONS, RULINGS AND COURT DECISIONS, SOME OF WHICH MAY HAVE RETROACTIVE APPLICATION AND EFFECT. PROSPECTIVE INVESTORS SHOULD CONSULT WITH THEIR OWN LEGAL AND OTHER ADVISORS PRIOR TO INVESTING TO DETERMINE THE ERISA IMPLICATIONS OF SUCH INVESTMENTS IN LIGHT OF SUCH INVESTOR'S CIRCUMSTANCES.**

## TRANSFER RESTRICTIONS

THE HOLDER OF THIS NOTE AGREES FOR THE BENEFIT OF THE ISSUER THAT (A) THIS NOTE MAY BE OFFERED, RESOLD, PLEDGED OR OTHERWISE TRANSFERRED ONLY TO A NON-U.S. PERSON IN AN OFFSHORE TRANSACTION IN COMPLIANCE WITH RULE 903 OR 904 OF REGULATION S UNDER THE SECURITIES ACT AND, IN EACH CASE IN ACCORDANCE WITH ANY APPLICABLE SECURITIES LAWS OF ANY JURISDICTION AND IN A MINIMUM PRINCIPAL AMOUNT OF U.S.\$100,000 AND IN EACH CASE IN COMPLIANCE WITH THE CERTIFICATION AND OTHER REQUIREMENTS SPECIFIED IN THE INDENTURE REFERRED TO HEREIN, AND (B) THE HOLDER WILL, AND EACH SUBSEQUENT HOLDER IS REQUIRED TO, NOTIFY ANY PURCHASER OF THIS NOTE FROM IT OF THE RESALE RESTRICTIONS REFERRED TO IN CLAUSE (A) ABOVE. ANY TRANSFER IN VIOLATION OF THE FOREGOING WILL BE OF NO FORCE AND EFFECT, WILL BE VOID AB INITIO, AND WILL NOT OPERATE TO TRANSFER ANY RIGHTS TO THE TRANSFEREE, NOTWITHSTANDING ANY INSTRUCTIONS TO THE CONTRARY TO THE ISSUER, THE TRUSTEE OR ANY

INTERMEDIARY. - (a) On the Valuation Date, the Calculation Agent shall attempt to obtain Full Quotations from at least five Dealers.
  - (b) If at least two Full Quotations are not available on such Valuation Date, then on the next following Business Day (and, if necessary, on each Business Day thereafter until the 5<sup>th</sup> Business Day following such Valuation Date (together with such Valuation Date, the "**Bidding Days**"; the Bidding Days described in clauses (a) through (c), the "**First Round**"), the Calculation Agent shall attempt to obtain from five Dealers at least two Full Quotations in an amount equal to the Quotation Amount, for such Reference Obligation, *provided, however,* that the Calculation Agent shall not solicit or accept bids from any one Dealer on more than two Bidding Days during a single Bidding Round (as defined in clause (d) below).
