(d) Instructing Creditor:

Swap Counterparty

(e) Related Agreements:

- (i) Swap Agreement (including the Equity Swap Transaction, the Asset Swap Transaction and the Forward Transaction) and the Swap Guarantee:

In connection with the issue of the Notes, the Issuer has entered into, amongst other things, an ISDA Master Agreement (the "**Swap Master Agreement**") dated 5 August 2008 between the Issuer and the Swap Counterparty which Swap Master Agreement benefits from a guarantee (the "**Swap Guarantee**") of the Swap Guarantor dated 5 August 2008. In respect of this Series the Issuer has executed certain confirmations thereto which incorporate the terms of the Swap Master Agreement. The confirmations to the Swap Master Agreement comprise an equity swap transaction (the "**Equity Swap Transaction**") and an asset swap transaction

(the "Asset Swap Transaction"), each dated the Issue Date. The Swap Master Agreement together with the confirmations thereto which relate to the Notes are together referred to herein as the "Swap Agreement".

The Swap Agreement may be terminated early, among other circumstances:

- (a) at the election of the non-defaulting party upon an "Event of Default" under the Swap Agreement, including:
 - (i) the failure of the other party to pay any amount due and payable under the Swap Agreement, and such failure continues for one Business Day (as defined in the Swap Agreement);
 - (ii) non-compliance by the Swap Guarantor with any of its obligations under the Swap Guarantee, or the ceasing of the Swap Guarantee to be in full force and effect; and
 - (iii) the merger of the Swap Counterparty or the Swap Guarantor, as the case may be, with another entity and such entity fails to assume all of the relevant party's obligations under the Swap Agreement or the Swap Guarantee, as the case may be; and
- (b) on the occurrence of certain "Termination Events" under the Swap Agreement, including:
 - (i) it becoming illegal for either party to perform its obligations under the Swap Agreement, or for the Swap Guarantor to perform its obligations under the Swap Guarantee;
 - (ii) if (subject as provided in the Swap Agreement) withholding taxes are imposed on payments made by the Issuer, the Swap Counterparty under the Swap Agreement, which is not avoided by a transfer by the Affected Party (as defined in the Swap Agreement) of its rights and obligations on terms provided in the Swap Agreement; and

- (iii) when the Notes become repayable in whole prior to the Scheduled Maturity Date.

Consequences of Early Termination:

Upon any such early termination of the Swap Agreement (in whole or in part), and such agreement is not replaced on or prior to such termination, the Notes will become repayable and the Issuer or the Swap Counterparty (as the case may be) may (subject as set out below and provided, in the case of certain tax events, that the Issuer may first be obliged to use all reasonable endeavours to transfer its obligations) be liable to make a termination payment to the other in respect of the Swap Agreement (regardless, if applicable, of which of such parties may have caused such termination).

Where such a termination payment is payable, it will be based on the total losses and costs and/or gains incurred in the termination of the Swap Agreement, and the termination payment would typically (but not necessarily) take into account the market value of the terminated Swap Agreement, based on market quotations of the cost of entering into a transaction with terms and conditions that would have the effect of preserving the economic equivalent of the respective full payment obligations of the parties under the Swap Agreement.

Regardless of which party makes the determination of the termination payment (if any), there is no assurance that the proceeds from the sale of the Underlying Assets plus or minus, as the case may be, the amount payable by the Swap Counterparty or the Issuer, as the case may be, due to the termination of the Swap Agreement, will be sufficient to repay the principal amount due to be paid in respect of the Notes and any other amounts in respect thereof that are due.

- (ii) **Exercise of Morgan Stanley Exchange Option:**

Following an exercise of the Morgan Stanley Exchange Option by Morgan Stanley & Co. International plc in respect of any Notes, a *pro rata* amount of the Swap Agreement corresponding to that proportion of the Notes to

be exchanged will be terminated without any termination payment due from either party to the other thereunder.

(f) Parties to Related Agreements (other than the Issuer): Morgan Stanley Asia Securities Products LLC (as the "Swap Counterparty") in respect of the Swap Agreement.
