Morgan Stanley offers a comprehensive approach to wealth management—we provide investment advice and create lending solutions that may meet your financing needs. Whether you want to buy a home, finance a tax obligation, expand your business or have other borrowing needs, your Financial Advisor and team of specialists can work with you to determine appropriate lending strategies to help you achieve your goals.

Competitive Options

With interest rates still near historic lows, we offer competitive pricing for both securities based loans and residential mortgages that may help meet your needs.

Benefit from Your Relationship

With your Morgan Stanley relationship, you and your family may have access to discounted pricing and benefits. Eligible assets held within your brokerage account at Morgan Stanley, as well as those of immediate family members, may help you qualify for a discount on your mortgage rate.¹ The pledged-asset feature² may provide the option to pledge eligible securities in your brokerage account in lieu of a full or partial cash down payment, or in connection with a refinance mortgage loan. With a securities based loan, you can pledge eligible securities as collateral to help you or a family member purchase a home, finance education expenses, start a business and more.

Borrowing against securities may not be suitable for everyone. You should be aware that there are risks associated with a securities based loan, including possible margin calls on short notice, and that market conditions can magnify any potential for loss. For details, please see the important disclosures on reverse side of this flyer.

¹ Relationship-based pricing offered by Morgan Stanley Private Bank, National Association is based on the value of clients, or their immediate family members' (i.e., grandparents, parents and children) eligible assets (collectively, "Household Assets") held within accounts at Morgan Stanley Smith Barney LLC. To be eligible for relationship-based pricing, Household Assets must be maintained within appropriate eligible accounts prior to the closing date of the residential mortgage loan. Relationship-based pricing is not available on conforming loans.

² Through the pledged-asset feature offered by Morgan Stanley Private Bank, National Association, the applicant(s) or third-party pledgor (collectively, "Client") may be able to pledge eligible securities in lieu of a full or partial cash down payment or in connection with a refinance mortgage loan. To be eligible for the pledged-asset feature, a Client must have a brokerage account at Morgan Stanley Smith Barney LLC. If the value of the pledged securities in the account drops below the agreed-upon level stated in the loan documents, a Client may be required to deposit additional securities or other collateral (such as cash) to stay in compliance with the terms of the mortgage loan. If a Client does not deposit additional securities or other collateral, the Client's pledged securities may be sold to satisfy the Client's obligation, and the Client will not be entitled to choose which assets will be sold. Thus in deciding whether the pledged-asset feature is appropriate, a Client should consider the degree to which he or she is comfortable subjecting his or her investment in a home to the fluctuations of the securities market. The pledged-asset feature is not available in all states. Other restrictions may apply.
