## SUMMARY OF THE TENDER OFFER AND THE CONSENT SOLICITATION

This Tender Offer and Consent Solicitation Memorandum contains important information which should be read carefully before any decision is made with respect to the Tender Offer or the Consent Solicitation. If any Holder is in any doubt as to the contents of this Tender Offer and Consent Solicitation Memorandum or is unsure of the action it should take, it is recommended to seek its own financial and legal advice, including in respect of any tax consequences, immediately from its broker, bank manager, solicitor, accountant or other independent financial, legal or other adviser. Any individual or company whose Notes are held on its behalf by a broker, dealer, bank, custodian, trust company, direct participant or other nominee or intermediary must contact such entity if it wishes to tender such Notes pursuant to the Tender Offer or to provide Consents pursuant to the Consent Solicitation. The distribution of this Tender Offer and Consent Solicitation Memorandum in certain jurisdictions may be restricted by law (see “*Offer, Solicitation and Distribution Restrictions*”). None of the Issuer, the Offeror, the Tender and Tabulation Agent, the Trustee or any of their respective affiliates makes any recommendation as to whether holders of Notes should tender their Notes pursuant to the Tender Offer or otherwise participate in the Consent Solicitation.

The Offeror and the Issuer, respectively, invite, subject to the offer, solicitation and distribution restrictions in “*Offer, Solicitation and Distribution Restrictions*”, holders of the Notes:

- (A) to tender any and all of their Notes for purchase by the Offeror for cash at prices to be determined pursuant to an unmodified Dutch auction; or
- (B) to consent to the Proposed Amendments.

The Tender Offer and the Consent Solicitation are made on the terms and subject to the conditions set out in this Tender Offer and Consent Solicitation Memorandum.

Before making a decision whether to tender Notes for purchase pursuant to the Tender Offer or otherwise participate in the Consent Solicitation, Noteholders should carefully consider all of the information in this Tender Offer and Consent Solicitation Memorandum and, in particular, the risk factors described in “*Risk Factors and Other Considerations*”.

Capitalised terms used in this Tender Offer and Consent Solicitation Memorandum but not included in the “*Definitions*” section of this Tender Offer and Consent Solicitation Memorandum have the meaning given in Sections 1.01 “*Definitions*” or 1.02 “*Other Definitions*” of the Indenture, and any other definitions of such terms are for ease of reference only and do not affect their interpretation.

Below is a summary of the options available to the Noteholders in connection with the submission of instructions relating to the Tender Offer or the Consent Solicitation, and the effect of submitting such instructions, in each case subject to the terms and conditions of the Tender Offer and Consent Solicitation set out in this Tender Offer and Consent Solicitation Memorandum.

### **Summary of Changes to the terms of the Tender Offer and Consent Solicitation**

The Tender offer and Consent Solicitation began on 12 September 2023. In this amended and restated version of the Tender Offer and Consent Solicitation Memorandum, the following changes have been made by the Issuer and the Offeror:

- deadlines for submissions of the instructions and other relevant dates have been modified;
- the Offeror has undertaken not to decrease the Maximum Acceptance Amount and has provided for a form of instruction to permit holders to revoke their consents to the extent their tender offers are not accepted;
- Consent Consideration has been increased to 1.00%; and
- certain revisions have been made to the Proposed Amendments.

Accordingly, holders of the Notes are urged to review the terms of this Tender Offer and Consent Solicitation in full, and (re)submit their instructions prior to the Expiration Deadline. **All Tender Instructions and Consent Only Instructions submitted prior to the date of this Tender Offer and Consent Solicitation memorandum shall be deemed revoked as of the date hereof.**

### **The Tender Offer**

The price the Offeror will pay for the Notes validly tendered and accepted for purchase by the Offeror pursuant to the Tender Offer will be determined pursuant to an unmodified Dutch auction (the “**Unmodified Dutch Auction Procedure**”), as more fully described in this Tender Offer and Consent Solicitation Memorandum.

Under the Unmodified Dutch Auction Procedure, the purchase price (specific to each Noteholder) in respect of the Notes validly tendered by a Noteholder and accepted for purchase by the Offeror pursuant to the Tender Offer (each such price, expressed as a dollar amount per U.S.\$1,000 in principal amount of the Notes which will be purchased by the Offeror from such Noteholder, a “**Purchase Price**”) shall be equal to the Submitted Purchase Price specified by the relevant Noteholder in the relevant Tender Instruction, subject to the Minimum Purchase Price and the Maximum Acceptance Amount, as more fully described in this Tender Offer and Consent Solicitation Memorandum.

**As the Purchase Price applicable to each relevant Noteholder who submits a valid Tender Instruction that is accepted by the Offeror is the price specified by such Noteholder in the relevant Tender Instruction, the Purchase Price payable to each Noteholder will not necessarily be the same.**

**Notwithstanding any other provision of the Tender Offer, the Offeror's obligation to accept for purchase any validly tendered Notes pursuant to the Tender Offer is conditional upon receipt of the Requisite Consents (as defined below) by the Issuer in the Consent Solicitation and the effectiveness of the Proposed Amendments.**

The Offeror proposes to accept, on the terms and subject to the conditions contained in this Tender Offer and Consent Solicitation Memorandum, Notes for purchase such that the total amount payable by the Offeror for the Notes validly tendered and accepted for purchase (excluding any amounts payable in respect of the Accrued Interest on such Notes) does not exceed U.S.\$50,000,000 ("**Maximum Acceptance Amount**"). The Offeror in its sole and absolute discretion may elect to increase the Maximum Acceptance Amount. In the event of an increase of the Maximum Acceptance Amount, the Tender Instructions submitted in the Tender Offer before the announcement of such increase shall continue to be irrevocable. The Offeror shall not decrease the Maximum Acceptance Amount. See "*Amendment and Termination*".

Provided that the Requisite Consents are obtained and the Proposed Amendments have become effective, the Offeror will accept for purchase, subject to terms and conditions of this Tender Offer and Consent Solicitation Memorandum, validly tendered Notes in the order (of the respective Submitted Purchase Price) starting from the lowest Submitted Purchase Price to any higher Submitted Purchase Price, up to and including the Submitted Purchase Price that represents highest price that yields an aggregate amount payable by the Offeror (calculated as the sum of all relevant Purchase Price Payments, subject to pro ration as more fully described in "*Terms and Conditions of the Tender Offer and the Consent Solicitation – The Tender Offer – Acceptance of Tender Instructions and Pro-Ration*") that is equal to or (to the extent adjustments to accepted amounts are necessary to reflect the minimum denomination of the Notes) less than the Maximum Acceptance Amount.

The Offeror will also pay, on the Settlement Date, Accrued Interest Payments in respect of the Notes accepted for purchase pursuant to the Tender Offer. **The expected Settlement Date is 23 October 2023**, which is after the Q3 2023 coupon payment date. All Noteholders will receive their full coupon payment for Q3 2023. Noteholders who participate in the Tender Offer will also receive Accrued Interest from (and including) 30 September 2023 to (but excluding) 23 October 2023 or such other Settlement Date as is announced by the Offeror subject to the right of the Offeror to extend, amend and/or terminate the Tender Offer.

In order to participate in, and be eligible to receive the relevant Purchase Price Payment and Accrued Interest Payment pursuant to the Tender Offer, Holders must validly tender their Notes by delivering, or arranging to have delivered on their behalf, a valid Tender Instruction that is received by the Tender and Tabulation Agent by the Expiration Deadline. See "*Procedures for Participating in the Tender Offer or the Consent Solicitation*". A Tender Instruction must specify a Submitted Purchase Price and a Submitted Purchase Amount. See "*Terms and Conditions of the Tender Offer and the Consent Solicitation – The Tender Offer – Submission of Tender Instructions by Noteholders*".

**Tender Instructions will be irrevocable unless the Tender Offer is terminated or as otherwise required by applicable law.**

The Offeror and/or the Issuer are expected to announce the results of the Tender Offer on the next business day after the Expiration Deadline. See "*Terms and Conditions of the Tender Offer and the Consent Solicitation – The Tender Offer – Announcements*".

### **The Consent Solicitation**

The Issuer hereby solicits the consents (the "**Consents**") upon the terms and subject to the conditions set forth in this Tender Offer and Consent Solicitation Memorandum, of holders of Notes to amend certain provisions of the indenture, dated as of 17 May 2021, among DTEK Finance plc, as original issuer, the Guarantors named

therein, GLAS Trust Company LLC, as trustee (the “**Trustee**”) and paying agent (the “**Paying Agent**”), GLAS Trust Corporation Limited, as security agent and GLAS USA LLC, as transfer agent and registrar, as amended by the supplemental indenture dated as of 25 November 2022, among DTEK Finance plc, as original issuer, the Issuer, as successor issuer, DTEK Energy B.V., as parent guarantor (in such capacity, the “**Parent Guarantor**”), the other Guarantors party thereto and the Trustee, as amended by the supplemental indenture dated as of 13 December 2022, among the Issuer, the Parent Guarantor and the Trustee, as further amended by the supplemental indenture dated as of 21 July 2023, among DTEK Finance plc, as subsidiary guarantor, the Issuer and the Trustee and as amended, supplemented or otherwise modified from time to time (the “**Indenture**”), as more fully described in this Tender Offer and Consent Solicitation Memorandum.

Pursuant to the Proposed Amendments, the Issuer proposes to ((i) add the Restricted Payments basket in Section 4.06 (Limitation on Restricted Payments) of the Indenture, (ii) make certain amendments to the definition of “Asset Sale” in Section 1.01 of the Indenture and to Section 4.09 (Limitation on Affiliate Transactions) to permit Restricted Payments that do not violate Section 4.06 (Limitation on Restricted Payments) and Permitted Investments, (iii) allow for ability to Incur Indebtedness in connection with reconstruction of facilities damaged by shelling in the amount of up to UAH 5.2 billion, (iv) amend the definition of “Permitted Lien” in Section 1.01 of the Indenture to allow for ability to incur certain Permitted Indebtedness on a secured basis, (v) increase the threshold for obtaining a written opinion of Independent Appraiser, (vi) amend the definition of “Permitted Business” in Section 1.01 and Exhibit O of the Indenture to include sales and purchase of mine construction and other underground services, subject to approval by an Independent Supervisory Board member for transactions exceeding U.S.\$2 million, (vii) allow for a remedy period of 30 days for Events of Default related to breach of covenants (viii) remove limitations on activities of the Issuer and (ix) permit business activities of certain Affiliates related to the development of certain battery energy storage systems. See “*Terms and Conditions of the Tender Offer and the Consent Solicitation – The Consent Solicitation – The Proposed Amendments*”.

Adoption of the Proposed Amendments to the Indenture requires the Consents of the holders of at least a majority in aggregate principal amount of the outstanding Notes (the “**Requisite Consents**”). For the avoidance of doubt, at the date of determination the Notes held by the Issuer, its Restricted Subsidiaries or any other Guarantors will not be deemed to be outstanding for purposes of the Proposed Amendments.

Holders of Notes who wish to deliver Consents must deliver, or arrange to have delivered on their behalf, a valid Tender Instruction or Consent Only Instruction by no later than the Expiration Deadline.

**By submitting a Tender Instruction, a Noteholder will also provide a Consent for the approval of the Proposed Amendments in respect of the aggregate principal amount of the Notes tendered, unless the Consent is later validly withdrawn before the Effective Time or the Noteholder has submitted instruction along with the Tender Instruction to have the Consent revoked for any of the Notes not accepted in the Tender Offer.**

The Tender and Tabulation Agent will, promptly upon receipt of the Requisite Consents at or prior to the Expiration Deadline (and in any event, by the next Business Day following receipt of the Requisite Consents), deliver to the Issuer a certificate of the Tender and Tabulation Agent certifying that the Requisite Consents have been received and not validly revoked as of such time (the “**Tabulation Agent Certificate**”). Promptly upon receipt of the Tabulation Agent Certificate, the Issuer will deliver to the Trustee an Officers’ Certificate, accompanied by the Tabulation Agent Certificate, confirming that such Requisite Consents have been received and accepted by the Issuer (the date and time at which the Trustee receives the Officers’ Certificate, the “**Effective Time**”). **Notwithstanding any other provision of the Consent Solicitation, the Effective Time will not occur prior to the announcement of the results of the Tender Offer.**

**Consents (including Consents provided with the Tender Instructions) shall become irrevocable at and after the Effective Time unless the Consent Solicitation is terminated or as otherwise provided in this Tender Offer and Consent Solicitation Memorandum and except as otherwise required by applicable law.**

At or promptly after the Effective Time (and in any event, no later than the Settlement Date), the Issuer and the Trustee intend to execute a supplemental indenture materially in the form attached as Annex A hereto (the “**Supplemental Indenture**”) to the Indenture implementing the Proposed Amendments. The Proposed Amendments shall become effective upon execution of the Supplemental Indenture. **All current Holders of the Notes, including Non-Consenting Holders, and all subsequent Holders shall be bound by the Proposed Amendments once effective.** The Issuer’s obligation to pay the Consent Consideration is conditional upon the effectiveness of the Proposed Amendments.

For Consents that have been validly delivered at or prior to the Expiration Deadline and not validly withdrawn before the Effective Time, and that are accepted by the Issuer, the Noteholders who delivered such Consents will be eligible to receive the Consent Consideration on the Settlement Date, subject to the terms and conditions of the Consent Solicitation. For the avoidance of doubt, the Issuer’s obligation to accept any validly delivered Consent and pay the Consent Consideration is conditional upon receipt of the Requisite Consents by the Issuer and the effectiveness of the Proposed Amendments.

Noteholders must follow certain procedures in order to validly deliver Consents pursuant to the Consent Solicitation. For more information, see “*Procedures for Participating in the Tender Offer or the Consent Solicitation*”.

The Issuer may, in its sole discretion, extend, amend or terminate the Consent Solicitation as described in “*Amendment and Termination*”. In the event that the Consent Solicitation is terminated or otherwise not completed, the Consent Consideration will not be paid or become payable to Noteholders who have validly delivered Consents in connection with the Consent Solicitation. In any such event, the Proposed Amendments will not become effective.

## TERMS AND CONDITIONS OF THE TENDER OFFER AND THE CONSENT SOLICITATION

### Background and Rationale for the Tender Offer and the Consent Solicitation

#### *Background and Rationale for the Consent Solicitation*

On 24 February 2022, the Russian Federation commenced an invasion of Ukraine resulting in a full-scale war across the Ukrainian state, which had impact on all areas of the Ukrainian economy in response to which the Government of Ukraine declared martial law and the National Bank of Ukraine imposed a moratorium on cross-border payments. On 28 February 2022, the Chamber of Commerce and Industry of Ukraine confirmed that the ongoing hostilities had resulted in the occurrence of a force majeure situation in Ukraine.

Military fighting continues in and around several major Ukrainian cities, resulting in tens of thousands of civilian casualties and significant dislocation of the population. Russian attacks are targeted on destroying civilian infrastructure all over Ukraine, including hospitals and residential complexes. Given the difficult situation caused by the war, the needs of both humanitarian and military support for the Ukrainian government and people of Ukraine in confronting the enemy and managing security, defense and humanitarian concerns have significantly increased. The Group and its Affiliates have been and continue to be active in providing humanitarian assistance in response to the war. The Group's assistance has included donating generators, transformers and other necessary energy-related supplies to Ukrainian Railways, hospitals and shelters, providing medicines and food to displaced persons, as well as offering financial support to various Ukrainian humanitarian organizations. The humanitarian assistance provided by the Group in 2022 amounted to USD 17.6 million, and a further USD 10.6 million was provided by the Group in the first six months of 2023. As the current restrictions in the Indenture limit the ability of the Group to provide such humanitarian assistance, the Group now seeks to amend the applicable restrictions to permit sales or dispositions of assets or cash as well as investments or cash payments in an amount up to \$50 million per year for purposes of engaging in charitable or other social initiatives.

The development of energy storage systems is crucial for Ukraine's energy system, as the country's power grid faces challenges in balancing electricity demand with fluctuating supply, particularly in light of ongoing Russian missile strikes on power plants and grid infrastructure. Energy storage solutions, such as battery storage systems, can help mitigate these risks and reduce the likelihood of blackouts. Additionally, Ukraine is focusing on low-carbon generation, including nuclear and renewables, for its energy recovery. However, the growth of renewable energy is constrained by the need to address increased intermittency of power generation and to stabilise grid frequency. In this context, battery storage systems offer a fast and cost-effective solution. The Group is well positioned to utilise its existing facilities and resources to offer development and maintenance services for battery storage systems to Affiliates and third parties on commercially reasonable terms. As the current restrictions in the Indenture limit the ability of the Group to provide such development and maintenance services to Affiliates, the Group is requesting Consents to amend the applicable restrictions.

Despite the challenges and disruptions the Group has faced as a result of the war in Ukraine, its financial performance has proven resilient, with UAH 70,818 million in revenue for the year ended 31 December 2022 and UAH 29,386 million in revenue for the half-year period ended 30 June 2023.

Furthermore, the Group has been proactively managing its debt maturity and repayment, reducing its debt by approximately 30 per cent. (or U.S.\$456 million) since the beginning of the war through semi-annual amortization of U.S.\$10 million every six months, a Discounted Notes Repurchase (as defined in the Indenture) in November 2022 and two voluntary unmodified Dutch auction tender offers on 16 December 2022 and 24 March 2023, respectively (the "**Second and Third Repurchases**"). As of the date of this Tender Offer and Consent Solicitation Memorandum, the Group's outstanding debt stands at approximately U.S.\$1.2 billion.

Although the Group does not expect a Discounted Notes Repurchase to take place based on the semi-annual financial results for 2023, it is launching the Tender Offer alongside the Consent Solicitation, aiming to further repay its debt and align its leverage with market levels for comparable companies.

The Group is actively exploring and pursuing opportunities to secure additional funding for the purposes of repairing and replacing damaged or outdated equipment at the Group's thermal power plants.

Notwithstanding its resilient financial performance and strong commitment in relation to its debt obligations, the terms of the Issuer's outstanding Notes have remained substantially unchanged since the 2021 restructuring. In particular, the limitations on indebtedness and restricted payments provisions in Sections 4.05 (Limitation on Indebtedness) and 4.06 (Limitation on Restricted Payments) of the Indenture contain restrictions on the ability of the Group to pay dividends and other distributions, make certain investments and to purchase, redeem or repay equity interests.

The Group's operating and strategic vision is to continue supporting Ukrainian energy system by generating as much electricity as necessary to meet the national demand, as well as providing balancing and other services. In line with this vision, the Group continues its repair campaign to fix or replace damaged or outdated equipment, which requires significant capital investments.

Accordingly, the Group is proposing to amend the Indenture to permit additional indebtedness and restricted payments under certain conditions, as further detailed below. The Group believes that an alignment of its covenant package under the Notes with its peers and covenant package of similarly rated issuers will strengthen its investment case, as well as improve its financial and operational flexibility for the making of its strategic investments.

In addition, as the Parent Guarantor, a holding company replaced DTEK Finance plc, a finance subsidiary on 25 November 2022 as the issuer of the Notes, the Parent Guarantor is requesting Consents to remove limitations on its activities in Section 4.10 of the Indenture (Limitations on Activities of the Issuer). Limitations on issuer's activities have been included in the Indenture because the Notes were originally issued by a finance subsidiary. These limitations may restrict the ability of the Parent Guarantor to engage in its ordinary course of business.

#### *Background and Rationale for the Tender Offer*

As announced in November 2022, the Group has completed a Discounted Notes Repurchase pursuant to Section 3.09(b) of the Indenture based on the daily average excess cash of approximately U.S.\$32.5 million during the first half of 2022. This excess cash amount has allowed the Group to repurchase approximately U.S.\$154 million in the nominal amount of Notes. The concluded repurchase process has demonstrated that there remained significant unfilled supply from the holders of the Notes. The Group also completed repurchases of Notes in the aggregate principal amounts of U.S.\$80,035,658 and U.S.\$193,532,850 pursuant to the Second and Third Repurchases.

The Group's management has carefully analysed current liquidity, near-term operational needs of the Group against its current and forthcoming receipts under accumulated accounts receivable for the past periods, the burden of further payments for the outstanding Notes, multiple risks and limitations on its trading and expenditures. Based on these considerations, management has come to the view that, under the current wartime conditions and volatile, inflationary macro-economic environment, it would be economically beneficial for both the Noteholders and the Group's overall financial performance to conduct additional repayments via an unmodified Dutch auction mechanism. The Tender Offer is structured as an unmodified Dutch auction, in a manner identical to the Discounted Notes Repurchase and the Second and Third Repurchases recently completed by the Group.

## **The Tender Offer**

### ***Purchase Price***

The price the Offeror will pay for the Notes validly tendered and accepted for purchase by the Offeror pursuant to the Tender Offer will be determined pursuant to the Unmodified Dutch Auction Procedure, as set out below.

Under the Unmodified Dutch Auction Procedure, the Purchase Price (specific to each Noteholder) in respect of the Notes validly tendered by a Noteholder and accepted for purchase by the Offeror pursuant to the Tender Offer shall be equal to the Submitted Purchase Price specified by the relevant Noteholder in the relevant Tender Instruction, subject to the Minimum Purchase Price and the Maximum Acceptance Amount, as more fully described below.

**As the Purchase Price applicable to each relevant Noteholder who submits a valid Tender Instruction that is accepted by the Offeror is the price specified by such Noteholder in the relevant Tender Instruction, the Purchase Price payable to each Noteholder will not necessarily be the same.**

### ***Total Amount Payable to Noteholders***

The total amount that will be due to each Noteholder on the Settlement Date for the Notes accepted for purchase from such Noteholder (the “**Total Payment Amount**”) will be an amount (rounded to the nearest U.S.\$0.01, with half a cent being rounded upwards) equal to the sum of:

- (i) the product of (x) the aggregate principal amount of the Notes of such Noteholder accepted for purchase pursuant to the Tender Offer and (y) the relevant Purchase Price, expressed as a percentage of the principal amount of the Notes (the “**Purchase Price Payment**”); and
- (ii) the Accrued Interest Payment on such Notes.

Each Purchase Price will be determined in the manner described in “*Purchase Price*” above.

The expected Settlement Date is after the Interest Payment Date falling on 30 September 2023. Accordingly, all Noteholders will receive the interest due and payable on 30 September 2023, and Noteholders who participate in the Tender Offer will additionally receive interest in respect of the principal amount of the Notes tendered by them which accrues from (and including) 30 September 2023 to (but excluding) the Settlement Date.

The determination of the Total Payment Amount by the Offeror will, in the absence of manifest error, be final and binding on the Offeror and the relevant Noteholder.

### ***Maximum Acceptance Amount***

The Offeror will accept for purchase Notes such that the sum of all Purchase Price Payments equals to or (to the extent adjustments to accepted amounts are necessary to reflect the minimum denomination of the Notes) is less than U.S.\$50,000,000 (the “**Maximum Acceptance Amount**”), on the terms and subject to the conditions contained in this Tender Offer and Consent Solicitation Memorandum. For the avoidance of doubt, if more than US\$50,000,000 of Notes are tendered, the Offeror will not purchase an amount of Notes such that the sum of all Purchase Price Payments is less than the Maximum Acceptance Amount other than to the extent adjustments to accepted amounts are necessary to reflect the minimum denomination of the Notes. The Offeror in its sole and absolute discretion may elect to increase the Maximum Acceptance Amount. In the event of an increase of the Maximum Acceptance Amount, the Tender Instructions submitted in the Tender Offer before the announcement of such increase shall continue to be irrevocable. The Offeror shall not decrease the Maximum Acceptance Amount. See “*Amendment and Termination*”.

### ***Submission of Tender Instructions by Noteholders***

In order to participate in, and be eligible to receive the relevant Purchase Price Payment and the Accrued Interest Payment pursuant to the Tender Offer, a Noteholder must validly tender its Notes by delivering, or arranging to have delivered on its behalf, a valid Tender Instruction that is received by the Tender and Tabulation Agent by the Expiration Deadline. See “*Procedures for Participating in the Tender Offer or the Consent Solicitation*”.

A Noteholder may submit, or arrange to have submitted on its behalf, one or more Tender Instructions in respect of the Notes which such Noteholder holds prior to the Expiration Deadline, provided that the aggregate principal amount of Notes tendered does not exceed the aggregate principal amount of Notes which such Noteholder holds.

A Tender Instruction must specify:

- (i) the price, in increments of U.S.\$1 per U.S.\$1,000 in principal amount of the Notes, that is equal to or higher than the Minimum Purchase Price, that such Noteholder would be willing to accept as the Purchase Price in respect of the Notes that are the subject of the particular Tender Instruction(s) (the “**Submitted Purchase Price**”);
- (ii) the aggregate principal amount of the Notes, in increments of U.S.\$1 (subject to the Minimum Denomination) that the relevant Noteholder is tendering at that Submitted Purchase Price (the “**Submitted Purchase Amount**”); and
- (iii) such other information as is specified in “*Procedures for Participating in the Tender Offer or the Consent Solicitation*” below.

If a Tender Instruction specifies a Submitted Purchase Price that is not in whole increments of U.S.\$1 per U.S.\$1,000 in principal amount of the Notes, such Submitted Purchase Price will be rounded to the nearest U.S.\$1 increment.

**Tender Instructions shall be irrevocable unless the Tender Offer is terminated or as otherwise required by applicable law.**

### ***Acceptance of Tender Instructions and Pro-Ration***

Provided that the Requisite Consents are obtained and the Proposed Amendments have become effective, the Offeror will accept Tender Instructions received by the Tender and Tabulation Agent by the Expiration Deadline, in the order (of the respective Submitted Purchase Price) starting from the lowest Submitted Purchase Price to any higher Submitted Purchase Price, up to and including the Submitted Purchase Price that represents highest price that yields an aggregate amount payable by the Offeror (calculated as the sum of all relevant Purchase Price Payments, subject to pro ration as set out below), in respect of all Tender Instructions with Submitted Purchase Prices at or below such price, that is equal to or less than the Maximum Acceptance Amount (such highest price referred to as the “**Highest Accepted Purchase Price**”).

If there is at least one Noteholder submitting a Tender Instruction, the Offeror will repurchase the outstanding Notes of each such Noteholder in the Submitted Purchase Amounts at the applicable Purchase Price; provided that if the sum of all Purchase Price Payments exceeds the Maximum Acceptance Amount then repurchase of the principal amount of the Notes for those Noteholders whose Submitted Purchase Price equals the Highest Accepted Purchase Price (the “**Pro-Rated Holders**”) shall be made *pro rata* among the Pro-Rated Holders in accordance with the respective Submitted Purchase Amounts submitted by such Pro-Rated Holders and the Tender and Tabulation Agent (in consultation with the Offeror and subject to rounding requirements of the Tender and Tabulation Agent made in its sole discretion) will calculate such pro-ration.

In the event such pro-ration is required, the Offeror shall announce the factor by which acceptances of the Notes of Pro-Rated Holders will be scaled down (the “**Scaling Factor**”). The principal amount of each validly

tendered Note accepted for purchase will be determined by multiplying each Noteholder's tender of the Notes by the Scaling Factor, and rounding the product down to the nearest U.S.\$1, subject to Minimum Denomination.

If the application of such Scaling Factor and rounding down would result in (i) the relevant Noteholder transferring Notes to the Offeror in an aggregate principal amount of less than the Minimum Denomination or (ii) the Notes in an aggregate principal amount of less than the Minimum Denomination being returned to the relevant Noteholder, then the Offeror will, in its sole and absolute discretion, either reject all of the Notes tendered by such Noteholder or accept all of the Notes tendered by such Noteholder without scaling.

**Notwithstanding any other provision of the Tender Offer, Offeror's obligation to accept any Tender Instruction is conditional upon receipt of the Requisite Consents by the Issuer in the Consent Solicitation and the effectiveness of the Proposed Amendments.**

### ***Payment***

The aggregate amounts payable to Noteholders for such Notes in each Clearing System will be paid by the Offeror, in immediately available funds, by making the payment to the Paying Agent not later than 12:00 p.m. (London time) on the Settlement Date for payment to the cash accounts of the relevant Noteholders in such Clearing System (see "*Procedures for Participating in the Tender Offer or the Consent Solicitation*"). The payment of such aggregate amounts to the Clearing Systems by the Paying Agent will discharge the obligation of the Offeror and the Issuer to all such Noteholders in respect of the payment of the relevant Total Payment Amounts.

**Provided the Offeror makes, or has made on its behalf, full payment of the Total Payment Amounts for all Notes accepted for purchase pursuant to the Tender Offer to the Paying Agent on or before the Settlement Date, under no circumstances will any additional interest be payable to a Noteholder because of any delay in the transmission of funds from the Paying Agent, the relevant Clearing System or any other intermediary with respect to such Notes of that Noteholder.**

### ***Announcements***

The Offeror and/or the Issuer will announce and disseminate to holders through the clearing systems, on or about 3 October 2023 the results of the tender offer, which will include:

- (i) the aggregate principal amount of the Notes to be accepted for purchase pursuant to the Tender Offer;
- (ii) the sum of all Purchase Price Payments;
- (iii) the Highest Accepted Purchase Price;
- (iv) the Scaling Factor, if applicable, for Pro-Rated Holders; and
- (v) the expected date of payment (the "**Settlement Date**").

Unless stated otherwise, announcements in connection with the Tender Offer will be made by publication through the website of Euronext Dublin and by the delivery of notices to the Clearing Systems for communication to Direct Participants. Copies of all announcements, notices and press releases can also be obtained from the Tender and Tabulation Agent, whose contact details are on the last page of this Tender Offer and Consent Solicitation Memorandum. Significant delays may be experienced where notices are delivered to the Clearing Systems and Noteholders are urged to contact the Tender and Tabulation Agent for the relevant announcements during the course of the Tender Offer. In addition, Noteholders may contact the Tender and Tabulation Agent for information using the contact details on the last page of this Tender Offer and Consent Solicitation Memorandum.

## **The Consent Solicitation**

The Issuer is soliciting Consents from the holders of Notes to the Proposed Amendments. Noteholders may provide their Consents by submitting either a Tender Instruction, or, if they are unable or unwilling to tender their Notes in the Tender Offer, submitting a Consent Only Instruction.

**By submitting a Tender Instruction, a Noteholder will also provide a Consent for the approval of the Proposed Amendments in respect of the aggregate principal amount of the Notes tendered, unless the Consent is later validly withdrawn before the Effective Time or the Noteholder has submitted instruction along with the Tender Instruction to have the Consent revoked for any of the Notes not accepted in the Tender Offer.**

Consent Only Instructions delivered pursuant to the Consent Solicitation and Consents provided with the Tender Instructions shall become irrevocable at and after the Effective Time.

Subject to the satisfaction or waiver of the conditions to the Consent Solicitation, Noteholders who validly deliver their Consents at or prior to the Expiration Deadline and do not validly revoke their Consents prior to the Effective Time will be eligible to receive the Consent Consideration on the Settlement Date, which is an amount equal to 1.00 per cent. of the principal amount of Notes for which Consents have been delivered and accepted. For the avoidance of doubt, the Issuer's obligation to accept any validly delivered Consent and pay the Consent Consideration is conditional upon receipt of the Requisite Consents by the Issuer and the effectiveness of the Proposed Amendments.

## ***The Requisite Consents***

The Requisite Consents must be received in order to effect the Proposed Amendments in the manner contemplated by the Consent Solicitation as detailed below under the heading "*—The Proposed Amendments*".

If the Requisite Consents are delivered (and not revoked) by holders of Notes, the Tender and Tabulation Agent will certify that the Requisite Consents have been obtained and, provided that the other requirements of the Indenture are satisfied, the Issuer and the Trustee intend to execute the Supplemental Indenture promptly after the Effective Time (and in any event, no later than the Settlement Date) thereby implementing the Proposed Amendments. The Proposed Amendments contemplated in the Consent Solicitation will become effective upon execution of the Supplemental Indenture and all holders of Notes (including holders of Notes who do not deliver Consents) will be bound by the Indenture as amended by the Supplemental Indenture. The Indenture, without giving effect to the Proposed Amendments, will remain in effect until the Proposed Amendments become effective.

### ***General Conditions of the Tender Offer and the Consent Solicitation***

The Tender Offer and the Consent Solicitation will expire at the Expiration Deadline.

In all cases, the purchase of Notes for cash pursuant to the Tender Offer and the acceptance of any Consent Only Instruction will only be made after the submission of a valid Tender Instruction or Consent Only Instruction, as the case may be, in accordance with the procedures described in “*Procedures for Participating in the Tender Offer or the Consent Solicitation*”, which include the blocking of the Notes in the relevant account

in the relevant Clearing System as described in “*Risk Factors and Other Considerations—Restrictions on Transfer of Notes*”.

The Offeror is not under any obligation to accept any tender of Notes for purchase pursuant to the Tender Offer and the Issuer is not under any obligation to accept any of the Consents and pay Consent Consideration for Consents validly delivered at or prior to the Expiration Deadline. Tenders of Notes for purchase and Consent Only Instructions may be rejected in the sole and absolute discretion of the Offeror and the Issuer, respectively, for any reason and the Offeror and the Issuer are not under any obligation to Holders to furnish any reason or justification for refusing to accept a tender of Notes for purchase or a Consent Only Instruction. For example, tenders of Notes for purchase may be rejected if the Tender Offer is terminated, if the Tender Offer does not comply with the relevant requirements of a particular jurisdiction or for any other reason.

The Offeror expressly reserves the right, in its sole and absolute discretion, to delay the acceptance of Notes tendered pursuant to the Tender Offer in order to comply with applicable laws. Notwithstanding the foregoing, the Offeror will at all times have the discretion to accept for purchase any Notes tendered in the Tender Offer, the tender of which would otherwise be invalid or, in the sole opinion of the Offeror, may otherwise be invalid.

Notes that are not successfully tendered for purchase pursuant to the Tender Offer will remain outstanding.

The failure of any person to receive a copy of this Tender Offer and Consent Solicitation Memorandum or any announcement made or notice issued in connection with the Tender Offer or the Consent Solicitation will not invalidate any aspect of the Tender Offer or the Consent Solicitation. No acknowledgement of receipt of any Tender Instruction, Consent Only Instructions and/or other documents will be given by the Offeror, the Issuer or the Tender and Tabulation Agent.

The Offeror may, in its sole and absolute discretion, extend, amend, waive any condition of and/or terminate the Tender Offer and the Issuer may, in its sole and absolute discretion, extend, amend, waive any condition of and/or terminate the Consent Solicitation (subject to applicable law and as provided in this Tender Offer and Consent Solicitation Memorandum). Details of any such extension, amendment, waiver or termination will be announced as provided in this Tender Offer and Consent Solicitation Memorandum as soon as reasonably practicable after the relevant decision is made. See “*Amendment and Termination*”.

In the event that the Consent Solicitation is terminated or otherwise not completed, the Consent Consideration will not be paid or become payable to Noteholders who have validly delivered Consents in connection with the Consent Solicitation. In any such event, the Proposed Amendments will not become effective. See “*Amendment and Termination*”.

### ***Costs and Expenses***

Any charges, costs and expenses incurred by the Noteholders or any intermediary in connection with the Tender Offer and the Consent Solicitation shall be borne by such Noteholder. Noteholders should check whether their brokers, custodians or other intermediaries will assess fees.

## **RISK FACTORS AND OTHER CONSIDERATIONS**

*Before making a decision whether to tender Notes pursuant to the Tender Offer or to provide Consent pursuant to the Consent Solicitation, Noteholders should carefully consider all of the information in this Tender Offer and Consent Solicitation Memorandum and, in particular, the following factors. The Offeror and the Issuer believe that the factors described below represent the principal risks inherent in the Tender Offer or the Consent Solicitation, but the Tender Offer or the Consent Solicitation may imply other risks which may not be considered significant risks by the Offeror or the Issuer based on information currently available to it or which it may not currently be able to anticipate.*

### **The changes to the Indenture pursuant to the Proposed Amendments may be adverse to the interests of Noteholders**

Pursuant to the Proposed Amendments, the Issuer proposes to, (i) add the Restricted Payments basket in Section 4.06 (Limitation on Restricted Payments) of the Indenture, (ii) make certain amendments to the definition of “Asset Sale” in Section 1.01 of the Indenture and to Section 4.09 (Limitation on Affiliate Transactions) to permit Restricted Payments that do not violate Section 4.06 (Limitation on Restricted Payments) and Permitted Investments, (iii) allow for ability to Incur Indebtedness in connection with reconstruction of facilities damaged by shelling in the amount of up to UAH 5.2 billion, (iv) amend the definition of “Permitted Lien” in Section 1.01 of the Indenture to allow for ability to incur certain Permitted Indebtedness on a secured basis, (v) increase the threshold for obtaining a written opinion of Independent Appraiser, (vi) amend the definition of “Permitted Business” in Section 1.01 and Exhibit O of the Indenture to include sales and purchase of mine construction and other underground services, subject to approval by an Independent Supervisory Board member for transactions exceeding U.S.\$2 million, (vii) allow for a remedy period of 30 days for Events of Default related to breach of covenants (viii) remove limitations on activities of the Issuer and (ix) permit business activities of certain Affiliates related to the development of certain battery energy storage systems.

If the Proposed Amendments are implemented, the Issuer will be able to make Restricted Payments, incur additional Indebtedness and enter into transactions with Affiliates on less restrictive terms than is the case in the existing Indenture, which may in the future affect its financial position and its ability to repurchase the Notes in compliance with the Indenture.

### **If the Requisite Consents are obtained and the Proposed Amendments become effective, the Proposed Amendments and will be binding on all Noteholders, including those Noteholders who do not provide Consent**

If the Requisite Consents are obtained and the Proposed Amendments become effective, all Noteholders will be bound by them (on the terms set forth in this Tender Offer and Consent Solicitation Memorandum) including Noteholders who do not deliver Consents pursuant to the Consent Solicitation. Non-Consenting Noteholders will not be entitled to any rights of appraisal or similar rights of dissenters with respect to the adoption of the Proposed Amendments.

### **Completion, Termination and Amendment**

Subject to applicable law and as provided in this Tender Offer and Consent Solicitation Memorandum, the Offeror may, in its sole discretion, extend, amend and/or terminate the Tender Offer at any time before any acceptance by it of the Notes tendered for purchase in the Tender Offer and may, in its sole discretion, waive any of the conditions to the Tender Offer at any time.

The Consent Solicitation depends upon receipt of the Requisite Consents. Subject to applicable law, the provisions of the Indenture and as provided in this Tender Offer and Consent Solicitation Memorandum, the Issuer may, in its sole and absolute discretion, extend, amend and/or terminate, or waive any of the conditions of, the Consent Solicitation at any time.

### **Tender Instructions Irrevocable**

Tender Instructions submitted by Noteholders will be irrevocable and may not be amended or withdrawn unless required by applicable law.

### **Consents Irrevocable at and after the Effective Time**

Consents (including Consents provided with the Tender Instructions) may be validly revoked at any time prior to the Effective Time, but not thereafter, unless required by applicable law.

### **The Purchase Price payable to each Noteholder will not be the same**

As the relevant Purchase Price applicable to each Noteholder who submits a valid Tender Instruction that is accepted by the Offeror will be the particular Submitted Purchase Price specified by such Noteholder in the relevant Tender Instruction, the Purchase Price payable to each Noteholder will not be the same.

### **Responsibility for Complying with the Procedures of the Tender Offer and the Consent Solicitation**

Noteholders are responsible for complying with all of the procedures for tendering Notes pursuant to the Tender Offer (including the submission of Tender Instructions) and for providing Consent pursuant to the Consent Solicitation (including the delivery of Consent Only Instructions). None of the Offeror, the Issuer or the Tender and Tabulation Agent assumes any responsibility for informing any Noteholder of irregularities with respect to such Noteholder's participation in the Tender Offer or the Consent Solicitation including any errors or other irregularities, manifest or otherwise, in any Tender Instruction or Consent Only Instruction.

If Notes are held through a broker, dealer, commercial bank, trust company or other nominee, such entity may require the relevant Noteholder to take action with respect to the Tender Offer or the Consent Solicitation a number of days before the deadline specified in this Tender Offer and Consent Solicitation Memorandum in order for such entity to tender Notes or provide or withdraw Consent on behalf of the relevant Noteholder.

### **Compliance with Offer, Solicitation and Distribution Restrictions**

Noteholders are referred to the offer, solicitation and distribution restrictions in "*Offer, Solicitation and Distribution Restrictions*" and the agreements, acknowledgements, representations, warranties and undertakings in "*Procedures for Participating in the Tender Offer or the Consent Solicitation – Agreement, Acknowledgements, Representations, Warranties and Undertakings of the Noteholders*", which each Noteholder will be deemed to make on submission of a Tender Instruction or delivery of a Consent Only Instruction. Non-compliance with these could result in, among other things, the unwinding of trades and/or heavy penalties.

### **Responsibility to Consult Advisers**

Each Noteholder is solely responsible for making its own independent appraisal of all matters as such Noteholder deems appropriate (including those relating to the Tender Offer, the Consent Solicitation, this Tender Offer and Consent Solicitation Memorandum, the Offeror and the Issuer) and each Noteholder must

make its own decision as to whether to tender any or all of its Notes for purchase pursuant to the Tender Offer or to provide its Consent pursuant to the Consent Solicitation.

Noteholders should consult their own tax, accounting, financial and legal advisers regarding the suitability to themselves of the tax or accounting consequences of participating in the Tender Offer and/or the Consent Solicitation. None of the Offeror, the Issuer, the Tender and Tabulation Agent or the Trustee has made or will make any assessment of the merits of the Tender Offer or the Consent Solicitation or of the impact of the Tender Offer or the Consent Solicitation on the interests of Noteholders either as a class or as individuals. Noteholders are liable for their own taxes and have no recourse to the Offeror, the Issuer, the Tender and Tabulation Agent or the Trustee with respect to taxes arising in connection with the Tender Offer or the Consent Solicitation.

None of the Offeror, the Issuer, the Tender and Tabulation Agent, the Trustee or any of their respective directors, officers, employees, agents or affiliates, is acting for any Noteholder, or will be responsible to any Noteholder for providing any protections which would be afforded to its clients or for providing advice in relation to the Tender Offer or the Consent Solicitation, and accordingly none of the Offeror, the Issuer, the Tender and Tabulation Agent, the Trustee or any of their respective directors, officers, employees, agents or affiliates, makes any recommendation as to whether or not Noteholders should tender their Notes in the Tender Offer or otherwise participate in the Consent Solicitation.

### **Restrictions on Transfer of Notes**

When considering whether to participate in the Tender Offer, Noteholders whose Notes are held through Euroclear or Clearstream, Luxembourg, should take into account that restrictions on the transfer of Notes by Noteholders will apply from the time of submission of Tender Instructions. A Noteholder will, on submitting a Tender Instruction, be deemed to agree that its Notes will be blocked in the relevant account in the relevant Clearing System from the date the relevant Tender Instruction is submitted until the earlier of (i) the time of settlement on the Settlement Date and (ii) the date of any termination of the Tender Offer (including where such Notes are not accepted by the Offeror for purchase).

When considering whether to participate in the Consent Solicitation, Noteholders should take into account that restrictions on the transfer of the Notes by them will apply from the time of delivery of the relevant Consent Only Instruction. A Noteholder will, by delivering a Consent Only Instruction, be deemed to agree that its Notes will be blocked in the relevant account in the relevant Clearing System from the date of delivery of such Consent Only Instruction until the earlier of the time of (i) the occurrence of the Effective Time, (ii) the termination of the Consent Solicitation and (iii) revocation of the Consent Only Instruction in the limited circumstances in which such revocation is permitted.

### **Costs Incurred in Processing Instructions and Blocking the Notes**

Any fees, if any, which may be charged by the relevant Clearing System to the Direct Participant in connection with the processing instructions and blocking (or unblocking) of the Notes or otherwise (including, without limitation in connection with an amendment of the Tender Offer by the Offeror or an amendment of the Consent Solicitation by Issuer) must be borne by the Direct Participant or as otherwise agreed between the Direct Participant and the Noteholder. For the avoidance of doubt, Direct Participants and Noteholders shall have no recourse to the Offeror, the Issuer or the Tender and Tabulation Agent with respect to such costs or any other costs or expenses.

### **Submission of Tender Instructions or Delivery of Consent Only Instructions by Sanctions Restricted Persons will not be Accepted**

A Noteholder who is a Sanctions Restricted Person may not participate in the Tender Offer or the Consent Solicitation. No Notes purported to be tendered by a Sanctions Restricted Person pursuant to this Tender Offer and Consent Solicitation Memorandum will be accepted for purchase and no Sanctions Restricted Person will be eligible to receive any monetary amount in respect of any Purchase Price or Accrued Interest under any circumstances. No Consents provided by a Sanctions Restricted Person will be accepted by the Issuer and no Sanctions Restricted Person will be eligible to receive Consent Consideration under any circumstances. The Offeror and the Issuer, in their discretion, reserve the absolute right not to accept the tender of any Notes or the Consent provided by a person whom they have reason to believe is or may be a Sanctions Restricted Person. By submitting a valid Tender Instruction or Consent Only Instruction to the relevant Clearing System in accordance with the standard procedures of such Clearing System, the relevant Noteholder and any Direct Participant submitting such Tender Instruction or Consent Only Instruction on such Noteholder's behalf shall be deemed to agree to, acknowledge, represent, warrant and undertake to the Offeror, the Issuer, the Tender and Tabulation Agent and the Trustee that they are not a Sanctions Restricted Person. The restrictions described in this paragraph shall not apply to any person if and to the extent that it is or would be unenforceable by or in respect of that person by reason of breach of (i) the EU Blocking Regulation and/or any law or regulation implementing the EU Blocking Regulation in any member state of the European Union or (ii) any similar and applicable anti-blocking law in the United Kingdom (including the EU Blocking Regulation as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018).

### **No Indication of Future Intentions of the Offeror or the Issuer**

The making of the Tender Offer by the Offeror and the making of the Consent Solicitation by the Issuer should not be taken as any indication of any future intentions of the Offeror or the Issuer with respect to the Notes.

### **Taxation Consequences**

There may be taxation consequences for Noteholders in tendering Notes in the Tender Offer or delivering Consents pursuant to the Consent Solicitation. Each Noteholder is urged to consult its own professional advisers regarding these possible tax consequences under the laws of the jurisdictions that apply to it, to the sale of its Notes and its receipt of the relevant Purchase Price Payment and the Accrued Interest Payment in respect of Notes validly tendered by it and accepted for purchase by the Offeror or to its receipt of the Consent Consideration in respect of the Consents validly delivered by it and accepted by the Issuer.

### **Minimum Denomination of Notes**

The Notes have the Minimum Denomination of U.S.\$2,000. A Noteholder whose Notes are accepted for purchase pursuant to the Tender Offer and who, following purchase of the Notes on the Settlement Date, continues to hold in its account with the relevant Clearing System further Notes in an aggregate principal amount of less than the Minimum Denomination, would need to purchase a principal amount of Notes such that its holding amounts to at least the Minimum Denomination before (i) the Notes it continues to hold may be traded in the Clearing Systems or (ii) it may receive a definitive Note in respect of such holding (should definitive Notes be printed).

## **TAX CONSEQUENCES**

**IN VIEW OF THE NUMBER OF DIFFERENT JURISDICTIONS WHERE TAX LAWS MAY APPLY TO A NOTEHOLDER, THIS TENDER OFFER AND CONSENT SOLICITATION MEMORANDUM GENERALLY DOES NOT DISCUSS THE TAX CONSEQUENCES FOR NOTEHOLDERS ARISING FROM THE PURCHASE OF NOTES BY THE OFFEROR PURSUANT TO THE TENDER OFFER OR ACCEPTANCE OF CONSENTS AND PAYMENT OF CONSENT CONSIDERATION BY THE ISSUER PURSUANT TO THE CONSENT SOLICITATION. NOTEHOLDERS ARE URGED TO CONSULT THEIR OWN PROFESSIONAL ADVISERS REGARDING THESE POSSIBLE TAX CONSEQUENCES UNDER THE LAWS OF THE JURISDICTIONS THAT APPLY TO THEM, TO THE SALE OF THEIR NOTES AND THE RECEIPT PURSUANT TO THE TENDER OFFER OF THE PURCHASE PRICE PAYMENTS AND THE ACCRUED INTEREST PAYMENTS AND/OR RECEIPT PURSUANT TO CONSENT SOLICITATION OF THE CONSENT CONSIDERATION OR TO THE PROVISION OF CONSENTS. NOTEHOLDERS ARE LIABLE FOR THEIR OWN TAXES AND HAVE NO RECOURSE TO THE OFFEROR, THE ISSUER, THE TENDER AND TABULATION AGENT OR THE TRUSTEE WITH RESPECT TO TAXES ARISING IN CONNECTION WITH THE TENDER OFFER OR THE CONSENT SOLICITATION.**

## PROCEDURES FOR PARTICIPATING IN THE TENDER OFFER OR THE CONSENT SOLICITATION

*Noteholders who need assistance with respect to the procedures for participating in the Tender Offer or the Consent Solicitation should contact the bank, securities broker or other clearing system participant through which they hold the Notes or they may contact the Tender and Tabulation Agent whose contact details are on the last page of this Tender Offer and Consent Solicitation Memorandum.*

### General

The Offeror will only accept tenders of Notes for purchase pursuant to the Tender Offer which are made by way of the submission of valid Tender Instructions in accordance with the procedures set out in this section “*Procedures for Participating in the Tender Offer or the Consent Solicitation*”.

The Issuer will only accept Consents in respect of the Consent Solicitation which are provided through the delivery of valid Consent Only Instructions in accordance with the procedures set out in this section “*Procedures for Participating in the Tender Offer or the Consent Solicitation*”.

To tender Notes for purchase in the Tender Offer, a Noteholder should deliver, or arrange to have delivered on its behalf, via the relevant Clearing System and in accordance with the requirements of such Clearing System, a valid Tender Instruction that is received by the Tender and Tabulation Agent by the Expiration Deadline.

Any Noteholder who does not wish, or who is not able, to tender its Notes for purchase pursuant to the Tender Offer but who wishes to participate in the Consent Solicitation, should deliver, or arrange to have delivered on its behalf, via the relevant Clearing System and in accordance with the requirements of such Clearing System, a valid Consent Only Instruction that is received by the Tender and Tabulation Agent by the Expiration Deadline.

Only a Direct Participant in a Clearing System can properly instruct that Clearing System with regard to submitting Tender Instructions or Consent Only Instructions. In so instructing, the Direct Participant and the Noteholder on whose behalf it is acting, will be deemed to have read and agreed to be bound by the terms and conditions of the Tender Offer or the Consent Solicitation contained in this Tender Offer and Consent Solicitation Memorandum.

If a Noteholder holds its Notes through a custodian or other intermediary, such Noteholder may not submit a Tender Instruction or a Consent Only Instruction directly. It should therefore contact its custodian or other intermediary to instruct its custodian or intermediary to submit a Tender Instruction or Consent Only Instruction on its behalf. In the event that the relevant custodian or intermediary is unable to submit a Tender Instruction or Consent Only Instruction on its behalf, the Noteholder should contact the Tender and Tabulation Agent for assistance in submitting its Tender Instruction or Consent Only Instruction. There can be no assurance that the Tender and Tabulation Agent will be able to assist any such Noteholders in successfully submitting a Tender Instruction or Consent Only Instruction.

Noteholders are urged to check with any bank, securities broker or other intermediary through which they hold Notes when such intermediary would need to receive instructions from a Noteholder in order for that Noteholder to be able to participate in the Tender Offer and/or the Consent Solicitation, or withdraw its instruction to participate in the Consent Solicitation by the deadlines specified in this Tender Offer and Consent Solicitation Memorandum. **The deadlines set by any such intermediary and each Clearing System for the submission of Tender Instructions or the submission and withdrawal of Consents will be earlier than the relevant deadlines specified in this Tender Offer and Consent Solicitation Memorandum.**

## **Tender Instructions**

Tender Instructions must be submitted in respect of a principal amount of Notes of no less than the Minimum Denomination and may be submitted in integral multiples of U.S.\$1 thereafter.

The tendering of Notes in the Tender Offer will be deemed to have occurred upon receipt by the Tender and Tabulation Agent via the relevant Clearing System of a valid Tender Instruction submitted in accordance with the requirements of such Clearing System. The transmission or entry of such Tender Instruction by or through the relevant Clearing System will be acknowledged by, or visible on the internal systems of, such Clearing System in accordance with the standard practices of such Clearing System and will result in the “blocking” (as such term is generally employed in the securities custody industry) of the relevant Notes in the Noteholder’s account with the relevant Clearing System so that no transfers may be effected in relation to such Notes.

Each Noteholder must take the appropriate steps through the relevant Clearing System so that no transfers may be effected in relation to such tendered Notes at any time after the date of submission of such Tender Instruction, in accordance with the requirements of the relevant Clearing System and the deadlines required by such Clearing System. Each Direct Participant will be deemed to consent to have the relevant Clearing System provide details concerning such Direct Participant’s identity to the Tender and Tabulation Agent (and for the Tender and Tabulation Agent to provide such details to the Offeror and the Issuer and their legal advisers).

A separate Tender Instruction must be submitted on behalf of each beneficial owner of the Notes.

A Noteholder may submit, or arrange to have submitted on its behalf, one or more Tender Instructions in respect of the Notes which such Noteholder holds prior to the Expiration Deadline, provided that the aggregate principal amount of Notes tendered does not exceed the aggregate principal amount of Notes which such Noteholder holds.

**By submitting a Tender Instruction, Noteholders will also provide a Consent for the approval of the Proposed Amendments in respect of the aggregate principal amount of the Notes tendered, unless the Consent is later validly withdrawn before the Effective Time or the Noteholder has submitted instruction along with the Tender Instruction to have the Consent revoked for any of the Notes not accepted in the Tender Offer. A Noteholder who submits a Tender Instruction shall not be eligible to submit a Consent Only Instruction.**

## **Consent Only Instructions**

Any Noteholder who does not wish, or who is not able, to tender its Notes for purchase pursuant to the Tender Offer but who wishes to provide Consent to the Proposed Amendments, should deliver, or arrange to have delivered on its behalf, via the relevant Clearing System and in accordance with the requirements of such Clearing System, a valid Consent Only Instruction that is received by the Tender and Tabulation Agent by the Expiration Deadline. A Consent in the Consent Solicitation will be effective upon receipt by the Tender and Tabulation Agent through the relevant Clearing System, by the Expiration Deadline, of a valid Consent Only Instruction delivered in accordance with the requirements of such Clearing System.

The transmission or entry of a Consent Only Instruction by or through the relevant Clearing System will be acknowledged by, or visible on the internal systems of, such Clearing System in accordance with the standard practices of such Clearing System and will result in the “blocking” (as such term is generally employed in the securities custody industry) of the relevant Notes in the Noteholder’s account with the relevant Clearing System so that no transfers may be effected in relation to such Notes.

Each Noteholder must take the appropriate steps through the relevant Clearing System so that no transfers may be effected in relation to such blocked Notes at any time after the date of delivery of such Consent Only

Instruction until the occurrence of the Effective Time, valid revocation of such Consent Only Instruction or termination of the Consent Solicitation, in accordance with the requirements of the relevant Clearing System and the deadlines required by such Clearing System. By blocking the Notes in the relevant Clearing System, each Noteholder and Direct Participant will be deemed to direct the relevant Clearing System to provide details concerning its identity to the Tender and Tabulation Agent (and for the Tender and Tabulation Agent to provide such details to the Issuer and its legal advisers).

A separate Consent Only Instruction must be submitted on behalf of each beneficial owner of the Notes.

Noteholder must not deliver, or arrange to have delivered on its behalf, more than one Consent Only Instruction in respect of the same Notes.

**Only Direct Participants may submit Tender Instructions or Consent Only Instructions. Each Noteholder that is not a Direct Participant must arrange for the Direct Participant through which such Noteholder holds its Notes to submit a valid Tender Instruction or Consent Only Instruction on its behalf to the relevant Clearing System before the deadlines specified by the relevant Clearing System.**

### **Revocation of Tender Instructions or Consents**

A valid Tender Instruction submitted in accordance with the procedures set out in this section may not be revoked, unless the Tender Offer is terminated or as required by applicable law.

Consents delivered (including Consents provided with the Tender Instructions) and not validly revoked prior to the Effective Time may not be withdrawn or revoked at any time thereafter, unless the Consent Solicitation is terminated or as required by applicable law. Holders of Notes should note that the Effective Time will not occur prior to the announcement of the results of the Tender Offer but that such holders of Notes may not be given prior notice of such Effective Time. Holders of Notes that are held through an intermediary are advised to check with such entity when it needs to receive instructions to revoke a Consent Only Instruction or revoke Consent provided with a Tender Instruction in order to meet the above deadline. For the revocation of Consents to be effective, the Noteholder or the relevant Direct Participant on its behalf, must deliver a withdrawal instruction to the Tender and Tabulation Agent through the facilities of the relevant Clearing System. To be valid, a revocation instruction in relation to a Consent Only Instruction or a Consent provided with a Tender Instruction must reference the original Consent Only Instruction or the original Tender Instruction, the aggregate principal amount of Notes to which the original Consent Only Instruction or the original Tender Instruction is related and any other information required by the Tender and Tabulation Agent or the relevant Clearing System. Noteholders who revoke delivered Consents will have the right to re-deliver their Consents prior to the Expiration Deadline in accordance with the procedures described above for delivering Consents.

### **Agreement, Acknowledgements, Representations, Warranties and Undertakings of the Noteholders**

By submitting a valid Tender Instruction or the Consent Only Instruction to the relevant Clearing System in accordance with the standard procedures of such Clearing System, a Noteholder and any Direct Participant submitting such Tender Instruction or the Consent Only Instruction on such Noteholder's behalf will be deemed

- (i) all authority conferred or agreed to be conferred pursuant to its acknowledgements, agreements, representations, warranties and undertakings, and all of its obligations will be binding upon its successors, assigns, heirs, executors, trustees in bankruptcy and legal representatives, and will not be affected by, and will survive, its death or incapacity;

### **Irregularities**

All questions as to the validity, form and eligibility (including times of receipt) of any Tender Instruction or the Consent Only Instruction will be determined by the Offeror and the Issuer, respectively, in their sole discretion, which determination will be final and binding.

The Offeror and the Issuer reserve the absolute right to reject any and all Tender Instructions and Consent Only Instructions, respectively, not in proper form or for which any corresponding agreement by the Offeror or the Issuer to accept would, in the opinion of the Offeror or the Issuer and their respective legal advisers, be unlawful. The Offeror and the Issuer also reserve the absolute right to waive any defects, irregularities or delay in the submission of any and all Tender Instructions and Consent Only Instructions, respectively. The Offeror and the Issuer also reserve the absolute right to waive any such defect, irregularity or delay in respect of a particular tender of Notes or a Consent Only Instruction, respectively, whether or not the Offeror or the Issuer elects to waive similar defects, irregularities or any delay in respect of any other Notes or Consent Only Instructions.

Any defect, irregularity or delay must be cured within such time as the Offeror or the Issuer determines, unless waived by it. Tender Instructions or Consent Only Instructions will be deemed not to have been made until such defects, irregularities or delays have been cured or waived. None of the Offeror, the Issuer or any of their affiliates or assigns, the Tender and Tabulation Agent or any other person will be under any duty to give notice to a Noteholder of any defects, irregularities or delays in any Tender Instruction, Consent Only Instruction or revocation of Consent Only Instruction nor will any of them incur any liability for failure to give such notice.

None of the Offeror, the Issuer, the Tender and Tabulation Agent, or any of their respective directors, officers, employees, affiliates, advisers or agents accepts any responsibility for the failure of delivery of any Tender Instructions, Consent Only Instructions or other notice or communication.

## AMENDMENT AND TERMINATION

Notwithstanding any other provision herein, the Offeror may, subject to applicable laws, at its option and in its sole and absolute discretion, at any time before any acceptance by the Offeror of the Notes tendered for purchase in the Tender Offer and the Issuer may, subject to applicable laws, at its option and in its sole and absolute discretion, at any time before the Effective Time:

- (a) extend the Expiration Deadline for the Tender Offer and/or the Consent Solicitation (in which case all references in this Tender Offer and Consent Solicitation Memorandum to “Expiration Deadline” shall, unless the context otherwise requires, be to the latest time and date to which the Expiration Deadline has been so extended);
- (b) otherwise extend or amend the Tender Offer and/or the Consent Solicitation in any respect (including, but not limited to, any increase, decrease, extension or amendment, as applicable, in relation to the Expiration Deadline, the Settlement Date, the Minimum Purchase Price and/or the Consent Consideration) and/or to increase (but not decrease) the Maximum Acceptance Amount;
- (c) delay the acceptance of Tender Instructions or Consent Only Instructions or, subject to applicable law, the purchase of Notes validly tendered in the Tender Offer, payment of the Consent Consideration or the implementation of the Proposed Amendments until satisfaction or waiver of the conditions to the Tender Offer and the Consent Solicitation, even after the Expiration Deadline; or
- (d) terminate the Tender Offer and/or the Consent Solicitation, including with respect to Tender Instructions and/or the Consent Only Instructions submitted before the time of such termination.

In the event of a termination of the Tender Offer without a termination of the Consent Solicitation, Consents provided by the holders of the Notes that have submitted a Tender Instruction will continue to be valid for purposes of the Consent Solicitation unless validly revoked by such Noteholders prior to the Effective Time.

In the event of an amendment to the terms of the Tender Offer that are not materially prejudicial to the interests of Noteholders that have already submitted Tender Instructions in the Tender Offer before the announcement of such amendment, then such Tender Instructions shall continue to be irrevocable.

For the avoidance of doubt, (a) a decision by the Offeror on any increase in the Maximum Acceptance Amount or (b) any extension of the Tender Offer (including any amendment in relation to the Expiration Deadline and/or the Settlement Date) in accordance with the terms of the Tender Offer as described in this section “*Amendment and Termination*” shall not be considered materially prejudicial to the interests of Noteholders that have already submitted Tender Instructions before the announcement of such amendment.

Any waiver, amendment or modification of the Consent Solicitation will apply to all Consents delivered pursuant to the Consent Solicitation.

If the Consent Solicitation is amended prior to the Effective Time in a manner determined by the Issuer, in its sole discretion, to constitute a material adverse change to the interests of Noteholders that have already provided Consents with their Tender Instructions or submitted Consent Only Instructions in the Consent Solicitation before the announcement of such amendment, the Issuer will notify the Noteholders of the proposed amendments to the Consent Solicitation and extend the Expiration Deadline as the Issuer deems necessary.

Notwithstanding any other provision of the Consent Solicitation, the Issuer may, subject to applicable law, terminate or withdraw, at its sole discretion, the Consent Solicitation if any condition of the Consent Solicitation is not satisfied at or prior to the Expiration Deadline. See “*Terms and Conditions of the Tender Offer and Consent Solicitation – Conditions of the Tender Offer and the Consent Solicitation*”.

In the event that the Consent Solicitation is terminated or otherwise not completed, the Consent Consideration will not be paid or become payable to Noteholders who have validly delivered their Consents in connection with the Consent Solicitation. In any such event, the Proposed Amendments contained in the Supplemental Indenture will not become effective.

The Offeror and the Issuer will ensure Noteholders are notified of any such extension, amendment, delay or termination as soon as is reasonably practicable after the relevant decision is made.

The Offeror and the Issuer also reserve the right at any time to waive any or all of the conditions of the Tender Offer and the Consent Solicitation, respectively, as set out in this Tender Offer and Consent Solicitation Memorandum.
