The Committee's investment decisions are then implemented in client accounts. In the Select UMA program (Firm Discretion), the Consulting Group (a Morgan Stanley business unit) reviews performance and dispersion of accounts to check whether accounts are invested in accordance with the Committee's decisions. For Custom Solutions and Graystone Consulting (discretionary) program accounts, for which the Committee makes investment decisions, the client's Financial Advisor or Private Wealth Advisor regularly reviews the client's account with the client. In the TRAK CGCM program, the fund board oversees investment activities.

Your Financial Advisor or Private Wealth Advisor and his or her supervisor are responsible for ensuring that particular investment advice given to you is suitable for you. Please see your Financial Advisor's or Private Wealth Advisor's brochure supplement for more details.

For Morgan Stanley Access Investing, our proprietary algorithms and analytics recommend a suitable investment strategy based upon information the client provided and monitor client accounts for drift from a strategy's recommended asset allocation to determine when it is appropriate to rebalance.
