

Supplement to the Qualified Retirement Plan Disclosure Document

As of July 2014

Important Information Concerning your Morgan Stanley Qualified Retirement Plan Account(s)

Pursuant to the U.S. Department of Labor's regulations under Section 408(b)(2) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), Morgan Stanley Smith Barney LLC ("Morgan Stanley"), as a service provider to your ERISA-covered retirement plan, is required to provide certain information regarding our services and compensation to assist you – as a plan fiduciary/sponsor - in assessing the reasonableness of your plan's contracts or arrangements with us, including the reasonableness of our compensation. These disclosure requirements are commonly referred to as "408(b)(2)."

This "supplemental" disclosure document is being provided to you, as the plan fiduciary/sponsor, to meet the requirements of 408(b)(2) and to help you clearly understand both the services offered to you and the compensation Morgan Stanley may receive in connection with your qualified retirement plan.

This document is meant to provide you with additional information about services Morgan Stanley offers and compensation earned by the firm for certain investments and/or account types under its qualified retirement plan offerings. This document is one of the "referenced disclosure documents" highlighted in the Qualified Retirement Plan Disclosure Document that has been provided to you.

*Tax laws are complex and subject to change. Morgan Stanley Smith Barney LLC ("Morgan Stanley"), its affiliates and Morgan Stanley Financial Advisors and Private Wealth Advisors do not provide tax or legal advice and are not "fiduciaries" (under ERISA, the Internal Revenue Code or otherwise) with respect to the services or activities described herein except as otherwise agreed to in writing by Morgan Stanley. This material was not intended or written to be used for the purpose of avoiding tax penalties that may be imposed on the taxpayer. Individuals are encouraged to consult their tax and legal advisors (a) before establishing a retirement plan or account, and (b) regarding any potential tax, ERISA and related consequences of any investments made under such plan or account.

A. Annuities

Providers pay commissions and trail commissions/service fees to either Morgan Stanley Insurance Services, Inc. ("MSIS") or SBHU Life Agency, Inc. ("SBHU"), depending on the agency for which the selling Financial Advisor or Private Wealth Advisor is an appointed agent. MSIS and SBHU are licensed, insurance agency affiliates of Morgan Stanley Smith Barney LLC ("Morgan Stanley"). Compensation paid by the Providers to MSIS or SBHU is transferred intercompany to Morgan Stanley, and thus the entities are collectively referred to herein as "Morgan Stanley."

Each Provider may utilize one or more insurance company entities that serve as the issuer of the product depending on the state where the contract is issued. The payer of the compensation to Morgan Stanley depends on the state in which the product is issued.

1) Variable Annuities

a) Providers

The following Providers pay commissions, trail commissions/service fees and revenue sharing to Morgan Stanley in relation to variable annuity products:

- AXA
- Jackson National
- Nationwide
- Ohio National
- Pacific Life
- Prudential
- SunAmerica
- Transamerica

b) Upfront & Trail Commissions/Service Fees

The table below provides information about compensation payable to Morgan Stanley on variable annuity products purchased on or after April 2010 pursuant to a distribution/selling agreement between each Provider and Morgan Stanley. The Provider pays a commission to Morgan Stanley based upon the product and share class selected and the covered individual's age. Upfront commissions are calculated as a percentage of the purchase payment and provide compensation to Morgan Stanley for our sales-related activities in relation to each variable annuity we sell. Trail commissions/service fees are determined based on the asset value of the variable annuity. Trail commissions/service fees are payable after a specified time period from the purchase date and provide recurring compensation to Morgan Stanley for providing ongoing customer support and services for in-force variable annuity contracts. The commissions and trail commissions/service fees payable to Morgan Stanley are consistent for all variable annuity products purchased on or after April 2010. Please contact Morgan Stanley for information on compensation payable to Morgan Stanley on variable annuity products purchased before April 2010.

In limited circumstances, Morgan Stanley may enter into a single-case agreement or amendment to an agreement with a Provider that provides for lower compensation than described below in relation to a specific sale where the purchase payment exceeds the product maximum and requires underwriting by the Provider (e.g., for amounts greater than \$1 million). Morgan Stanley may also offer, on an exception basis, variable annuity share classes that provide for different compensation than described below subject to a separate or amended agreement with the Provider. When applicable, Morgan Stanley will provide separate disclosures.

Morgan Stanley

Note (*): Trail commissions/service fees are generally paid on a monthly basis, calculated as one-twelfth of the annual rate shown above multiplied by the annuity value.

Note ():** Morgan Stanley generally does not offer variable annuities to individuals older than 85.

Note (*):** Compensation for the Jackson National Premium Credits variable annuity is consistent with B share products.

If you initially purchased a variable annuity through a broker-dealer other than Morgan Stanley and subsequently transferred it to an account at Morgan Stanley, the commission paid on the initial purchase and trail commissions/service fees may be different than described above. Furthermore, if you purchase a new variable annuity through an internal exchange from an existing variable annuity, the commission payable on the new purchase may be reduced or eliminated. If applicable, please contact Morgan Stanley for information on the actual compensation received by Morgan Stanley.

c) Revenue Sharing

Morgan Stanley collects a revenue sharing payment from each variable annuity product Provider we offer pursuant to the distribution/selling agreement between Provider and Morgan Stanley. The Provider makes revenue sharing payments to Morgan Stanley to enhance the Provider's opportunity to expand sales of variable annuities through Morgan Stanley. Morgan Stanley uses revenue sharing amounts to, amongst other things, maintain and enhance its product platform and implement administrative and other compliance/regulatory enhancements as well as to hold sales meetings, seminars and conferences for training Morgan Stanley Financial Advisors and Private Wealth Advisors. Except as noted, Providers pay revenue sharing on variable annuity assets in accordance with the table below. Revenue sharing payments are paid out of the Provider's revenues or profits and not from the contract value or the assets of an investment option. Amount represents the annual fee that is paid quarterly to Morgan Stanley.

Variable Annuities Asset Value	Revenue Sharing*
1st \$500 million	0.20%
Next \$500 million	0.15%
Next \$500 million	0.14%
Next \$500 million	0.13%
Next \$500 million	0.125%
Next \$500 million	0.12%
Balance > \$3 billion	0.10%

*Prudential has agreed to pay 0.10% across all asset values.

d) Providers No Longer Offered

Morgan Stanley no longer offers new products from the following Providers but continues to receive trail commissions/service fees for providing on-going customer support and services in relation to previously purchased variable annuities, and revenue sharing payments. The trail commissions/service fees and revenue sharing payments may be different than the amounts described above for Providers whose products we currently offer. Please contact Morgan Stanley for additional information.

- Allstate
- Commonwealth
- Genworth
- Guardian
- Sun Life of Canada (U.S.)
- Hartford Life
- IDS/Riversource
- ING
- John Hancock
- Lincoln
- MetLife
- Phoenix Life
- Security Benefit
- Zurich Kemper

Morgan Stanley may receive trail commissions/services fees on variable annuity products from Providers that were offered on a limited exception basis and are not listed above. When applicable, please contact Morgan Stanley for additional information on compensation we receive on these products.

2) Fixed Annuities

Upfront Commissions

The table below provides information about compensation payable to Morgan Stanley on fixed annuity products purchased on or after April 2010 pursuant to a distribution/selling agreement between each Provider and Morgan Stanley. The Provider pays a commission to Morgan Stanley based upon the product selected, the owner's age and the amount of the investment to provide compensation for our sales-related activities in relation to each fixed annuity we sell. Upfront commissions are calculated as a percentage of the purchase payment. Please contact Morgan Stanley for information on compensation payable to Morgan Stanley on fixed annuity products purchased before April 2010.

Carrier	Product	Compensation
Nationwide	Platinum Edge	2.75%
Pacific Life	Frontiers II 5-10 years	2.25%
	Frontiers II 5-10 years 81+	1.25%
	Frontiers II 4 years	1.75%

	Expedition 7 year 81-85	1.50%
Transamerica	Capital Builder	2.50%
	Capital Builder 81+	1.25%

Morgan Stanley

In limited circumstances, Morgan Stanley may enter into a single-case agreement or amendment to an agreement with a Provider that provides for lower compensation than described above in relation to a specific sale where the purchase payment exceeds the product maximum and requires underwriting by the Provider (e.g., for amounts greater than \$1 million). Morgan Stanley may also offer fixed annuities during Provider-sponsored special offerings which provide for reduced compensation to Morgan Stanley subject to a separate or amended agreement with the Provider. When applicable, Morgan Stanley will provide separate disclosures.

If you initially purchased a fixed annuity through a broker-dealer other than Morgan Stanley and subsequently transferred it to an account at Morgan Stanley, the commission paid on the initial purchase may be different than described above. Furthermore, if you purchase a new fixed annuity through an internal exchange from an existing fixed annuity, the commission payable on the new purchase may be reduced or eliminated. Finally, the commission may be different on fixed annuities that are newly purchased versus renewal purchases. If applicable, please contact Morgan Stanley for information on the actual compensation received by Morgan Stanley.

3) Indexed Annuities

Upfront Commissions

The table below provides information about compensation payable to Morgan Stanley on indexed annuity products purchased on or after April 2010 pursuant to a distribution/selling agreement between each Provider and Morgan Stanley. The Provider pays a commission to Morgan Stanley based upon the product selected and the owner's age to provide compensation for our sales-related activities in relation to each indexed annuity we sell. Upfront commissions are calculated as a percentage of the purchase payment. Please contact Morgan Stanley for information on compensation payable to Morgan Stanley on indexed annuity products purchased before April 2010.

Carrier	Product	Compensation
Lincoln	New Directions 6-year [0-75]	4.00%
	New Directions 6-year [76-80]	3.25%
	New Directions 6-year [81-85]]	2.25%
	New Directions 8-year [0-75]	5.00%
	New Directions 8-year [76-80]	4.00%
	New Directions 8-year [81-85]	2.75%

	Pacific Index Choice 6-year 81+	2.00%
	Pacific Index Choice 8-year	5.00%
	Pacific Index Choice 8-year 81+	2.50%
AXA	Structured Capital Securities [0-75]	5.00%

If you initially purchased an indexed annuity through a broker-dealer other than Morgan Stanley and subsequently transferred it to an account at Morgan Stanley, the commission paid on the initial purchase may be different than described above. If applicable, please contact Morgan Stanley for information on the actual compensation received by Morgan Stanley.

4) Immediate Annuities

Upfront Commissions

The table below provides information about compensation payable to Morgan Stanley on immediate annuity products pursuant to a distribution/selling agreement between each Provider and Morgan Stanley. The Provider pays a commission to Morgan Stanley based upon the product selected and the amount of the investment to provide compensation for our sales-related activities in relation to each immediate annuity we sell. Upfront commissions are calculated as a percentage of the purchase payment. Morgan Stanley may also offer, on an exception basis, immediate annuities that provide for different compensation than described below subject to a separate or amended agreement with the Provider. When applicable, Morgan Stanley will provide separate disclosures.

Carrier	Product	Compensation
American General	Immediate	4.0%
Genworth	Secure Living	4.0%
ING	15+ Years & Life Option	4.0%
Integrity	Immediate	4.0%

Pacific Life	Immediate	4.0%
Protective Life	Immediate	4.0%
Transamerica	10+ Years	4.0%

B. Universal\Whole Life Insurance

Insurance carriers pay commissions to either Morgan Stanley Insurance Services, Inc. ("MSIS") or SBHU Life Agency, Inc. ("SBHU"), depending on the agency for which the selling Financial Advisor or Private Wealth Advisor is an appointed agent. MSIS and SBHU are licensed, insurance agency affiliates of Morgan Stanley Smith Barney LLC ("Morgan Stanley"). Compensation paid by the insurance carriers to MSIS or SBHU is transferred intercompany to Morgan Stanley, and thus the entities are collectively referred to herein as "Morgan Stanley."

Each insurance carrier may utilize one or more insurance company entities that serve as the issuer of the product depending on the state where the contract is issued. The payer of the compensation to Morgan Stanley depends on the state in which the product is issued.

Morgan Stanley will be paid a commission by the insurance carrier on sales made to qualified retirement plans participating in transactions involving Split Funded Defined Benefit – Universal or Whole Life insurance products. The commission percentage depends on the carrier and type of insurance product purchased, as well as the policy owner's state of domicile. Commissions are payable pursuant to a distribution/selling agreement between each insurance carrier and Morgan Stanley. Morgan Stanley is the agent of record on these insurance policies and receives the commission payment directly from the carrier as compensation for our sales-related activities in relation to each Split Funded Defined Benefit – Universal or Whole Life insurance product we sell. Refer to the language below for the rules governing commission rates and the product chart outlining commission rates by carrier and whether the product is available in the State of New York or not.

1) New York State Clientele

In the first policy year, Morgan Stanley may receive a commission of up to 99% of the premium paid up to the target premium amount and up to 5% of the premium paid above the target premium amount. For those life insurance products that pay commissions on renewal premiums beginning in policy year two and thereafter as long as the policy is in force, Morgan Stanley may receive up to 4% on the renewal premiums paid.

2) Non - New York State Clientele

In the first policy year, Morgan Stanley may receive a commission of up to 114% of the premium paid up to the target premium amount and up to 4.5% of the premium paid above the target premium amount. For those life insurance products that pay commissions on renewal premiums beginning in policy year two and thereafter as long as the policy is in force, Morgan Stanley may receive up to 4% on the renewal premiums paid.

Note (*): For initial face amounts of \$20 million and above, the commission amount will be reduced by 50% of the above stated compensation.

C. Unit Investment Trusts

Morgan Stanley Smith Barney LLC (“Morgan Stanley”) receives different forms of compensation from Unit Investment Trust (“UIT”) product sponsors when it sells their products, including Dealer Concessions, Volume Concessions, Preferred Dealer Concessions and UIT Support Fees. The UIT product sponsors Morgan Stanley offers include: Advisors Asset Management (“AAM”), Invesco (formerly known as Van Kampen), First Trust Advisors LLP, and Guggenheim Partners (formerly known as Claymore).

1) Dealer Concession

Morgan Stanley receives a dealer concession for each Morgan Stanley UIT sale. The dealer concession is paid by the UIT sponsor to Morgan Stanley pursuant to a dealer agreement and the terms of the UIT prospectus. The dealer concession, similar to a sales commission, provides compensation to Morgan Stanley for activities that result in the sale of a UIT. The compensation earned will vary by product sponsor, the nature of trust (Equity or Fixed Income), trust duration and the transaction amount/breakpoint at which the purchase qualifies, as shown in the tables below:

a) Equity UITs

<i>Equity UITs</i>		Dealer Concessions

b) Fixed Income UITs

Where the Dealer Concession amount is shown as a fixed dollar amount, the amount represents the Dealer Concession paid per each \$1,000 unit of the UIT. Where the Dealer Concession amount is shown as a percentage, the amount represents the Dealer Concession paid as a percentage of the total amount purchased.

Note (*): First Trust pays additional dealer concessions on this offering of \$1.00 per unit for purchases of 250 units but less than 1,000 units and \$2.00 per unit for purchases of 1,000 units or more.

Note ():** Invesco pays additional dealer concessions of \$1.00 per unit for takedowns of 250 units or more and \$2.00 per unit for takedowns of 1,000 units or more.

2) Volume Concession

Morgan Stanley receives additional compensation based on its aggregate sales during the initial offering period for each product sponsor's products. The volume concession is paid by the UIT sponsor to Morgan Stanley pursuant to a dealer agreement and the terms of the UIT prospectus. The volume concession provides additional compensation to Morgan Stanley based on the aggregate volume of its sales activities with each sponsor. The table below provides volume concession rates for each aggregate breakpoint level, which are generally paid in a calendar quarter or for trailing 12 month sales:

Sponsor	Payment Frequency	Transaction Level (in millions)	Volume Concession
AAM	Quarterly	Less than \$5	0.000%
		\$10 but less than \$25	0.050%
		\$25 but less than \$50	0.100%
		\$50 but less than \$75	0.110%
		\$75 but less than \$100	0.120%
		\$100 but less than \$250	0.125%
		\$250 but less than \$500	0.135%
		\$500 or more	0.150%
First Trust	Monthly (Based upon distributor's sales during the previous consecutive 12-month period)	Less than \$25	0.000%
		\$25 but less than \$100	0.050%
		\$100 but less than \$150	0.075%
		\$150 but less than \$250	0.100%
		\$250 but less than \$500	0.115%
		\$500 but less than \$750	0.125%
		\$750 but less than \$1000	0.130%
		\$1000 but less than \$1500	0.135%
		\$1500 but less than \$2000	0.140%
		\$2000 but less than \$3000	0.150%
		\$3000 but less than \$4000	0.160%
		\$4000 but less than \$5000	0.170%
Guggenheim	Quarterly	Less than \$10	0.000%
		\$10 but less than \$25	0.075%
		\$25 but less than \$50	0.100%
		\$50 or more	0.125%
Invesco	Monthly (Based upon distributor's sales during the previous consecutive 12-month period)	Less than \$25	0.000%
		\$25 but less than \$100	0.050%
		\$100 but less than \$150	0.075%
		\$150 but less than \$250	0.100%
		\$250 but less than \$500	0.115%
		\$500 but less than \$750	0.125%
		\$750 but less than \$1000	0.130%
		\$1000 but less than \$1500	0.135%
		\$1500 but less than \$2000	0.140%
		\$2000 but less than \$3000	0.150%
		\$3000 but less than \$4000	0.160%
		\$4000 but less than \$5000	0.170%
		\$5000 or more	0.175%

* Asset Management (AAM) UIT Volume Concession graph is effective as of 1/1/2013.

3) **Deferred Sales Charge**

UITs may assess a deferred sales charge which is taken out of trust assets over a defined period of time during the life of the trust. Investors redeeming their units before all deferred sales charges are deducted from assets must pay any remaining sales charge at the time of redemption.

4) **UIT Support Fee**

Morgan Stanley receives revenue sharing payments from the UIT product sponsors pursuant to a UIT support fee agreement. The UIT sponsors pay the UIT support fee to Morgan Stanley in exchange for Morgan Stanley providing (i) the opportunity for sponsors to distribute their UITs through Morgan Stanley's retail sales force via the firm's order entry system, (ii) access to Morgan Stanley branch offices, and (iii) additional sales-related information and services designed to enhance the sponsor's opportunity to expand sales of UITs.

- AAM: \$350,000 per year
- First Trust: \$350,000 per year.
- Guggenheim: \$350,000 per year.
- Invesco: No agreement.

D. Open-Ended Mutual Funds

Morgan Stanley Smith Barney LLC (“Morgan Stanley”) receives different forms of compensation from mutual fund complexes when it sells their funds, including Commissions, Shareholder Servicing Fees (also known as 12b-1 Fees), Recordkeeping/Sub-accounting Fees and Mutual Fund Support Fees.

1) Commissions

Morgan Stanley receives a commission for each Morgan Stanley mutual fund sale. The commission is paid by the mutual fund’s distributor to Morgan Stanley pursuant to a dealer agreement and the terms of the fund’s prospectus. The commission provides compensation to Morgan Stanley for activities that result in the sale of a mutual fund. Commissions vary by Fund Company, fund category or classification, share class purchased and the transaction amount/breakpoint at which the purchase qualifies (when applicable). The online Mutual Fund Search Tool categorizes commissions as Commission(s) – Back End Load (generally class B shares), Front End Load (generally class A shares), and Level Load (generally class C shares).

2) Shareholder Servicing/12b-1 Fees

The mutual fund’s distributor pays Morgan Stanley a shareholder servicing/12b-1 fee for providing ongoing services to mutual fund clients, including maintenance of client accounts, responding to client inquiries and providing information about their investments. Shareholder servicing/12b-1 fees are paid by the mutual fund’s distributor to Morgan Stanley pursuant to a dealer agreement and the terms of the fund’s prospectus. The amount of the shareholder servicing/12b-1 fee will vary primarily based on the share class purchased.

3) Recordkeeping/Sub-accounting Fees

Morgan Stanley receives compensation from funds or their affiliated service providers for providing certain recordkeeping and related services to the funds pursuant to an administrative services agreement.

We generally conduct mutual fund transactions with a fund family on an omnibus basis (e.g., we consolidate all of our clients’ trades into one daily trade with the fund, and maintain all transaction level data for our clients on behalf of the funds) and perform substantially all of the transactional activities and services that would otherwise be performed by the funds. For providing these services, the funds or their affiliated service providers pay Morgan Stanley sub-accounting fees on either a per position per year basis or a specific percentage payable on fund assets held by our clients per year.

For those fund families for which we do not conduct mutual fund transactions on an omnibus basis, we trade with the funds on a networked basis whereby we still perform substantial recordkeeping and related services that would otherwise be performed by the funds. When Morgan Stanley transacts mutual funds trades on a networked basis, we submit a separate trade for each individual client trade to the fund, and therefore only maintain certain elements of the fund’s shareholder information. For providing these services, the funds or their affiliated service providers pay Morgan Stanley a networking fee on a per position per year basis.

4) Mutual Fund Support Fees

Morgan Stanley receives revenue sharing payments from each fund family’s distributor or investment advisor(s) pursuant to a mutual fund support fee agreement. The mutual fund companies pay the mutual fund support fee to Morgan Stanley in exchange for inclusion of their funds in Morgan Stanley’s retail distribution channels and related mutual fund sales infrastructure.

Payments from Other Service Providers

Morgan Stanley may be reimbursed by fund families, their affiliates or other service providers to offset expenses incurred by Morgan Stanley for internal sales events and training programs, as well as client seminars, conferences and meetings held in the normal course of business. Please refer to the sections of the Qualified Retirement Plan Disclosure Document and this Supplement to that document entitled “Payments from Other Service Providers” for additional information.

E. Alternative Investments & Managed Futures

As further described below, Morgan Stanley Smith Barney LLC (“Morgan Stanley”) and certain of its affiliates receive various forms of compensation from Alternative Investment (“AI”) and Managed Futures (“MF”) product sponsors for selling their products and from investors in these products introduced and/or operated by Morgan Stanley.

1) Distributor Fee(s)

Fee paid by an investor to the Distributor for introducing the investor to the Fund (applies to Alternative Investment Funds)

These upfront placement fees apply to certain AI products depending on how the transaction is structured, are specified in the offering documents of the specific product, and are paid by the investor. The amounts of these fees vary between products based on the terms negotiated between Morgan Stanley and the product sponsor. These fees compensate Morgan Stanley for introducing the investor to the product, and are generally, depending on the terms of the product offering, not charged to investors that are advisory clients of Morgan Stanley. Upfront placement fees generally range from 0.0% to 3.0% of the invested amount and change based on the size of the investment. As noted above, the fee scale for each product is set forth in the offering documents for such product. Please contact your Financial Advisor or Private Wealth Advisor to request a copy of the offering documents. The typical scale for these fees is below, although fees for certain products (as set forth in the specific offering document) may differ from this scale:

Investment Amount	Fee
\$0 - 249,999	3.00%
\$250,000 - \$999,999	2.00%
\$1,000,000 - \$4,999,999	1.00%
\$5,000,000 - over	0.0% - 0.50%

Fee paid by an investor to the Distributor for advisory services (applies to Alternative Investment Funds)

These ongoing annual advisory fees apply to all AI products sold on an advisory basis. The stated fee range is generally from 0.75% to 2.00% of the amount invested by Morgan Stanley as investment advisor in exchange for ongoing advisory services. However, these fees are negotiated individually between each client and their Financial Advisor or Private Wealth Advisor and may vary above or below this range. Advisory fees are addressed separately in the Qualified Retirement Plan Disclosure Document and are set forth in the advisory or consulting agreement between the client and Financial Advisor or Private Wealth Advisor. Please ask your Financial Advisor or Private Wealth Advisor for a copy of any advisory or consulting agreement(s) that cover assets held in your plan.

Fee paid by an investor to the Distributor for redemption of the Fund (applies to Alternative Investment Funds)

These fees are no longer collected.

2) Distributor Revenue Sharing Fee(s)

Portion of Fund Manager Revenue shared with the Distributor (applies to Alternative Investment Funds)

These on-going annual trail fees apply to certain AI products sold on a placement/brokerage basis or for which Morgan Stanley acts as the servicing agent. Products include these fees in accordance with the terms negotiated between Morgan Stanley and the fund manager/product sponsor prior to the product offering. These fees are paid by the fund manager/product sponsor (generally equal to approximately half of their management fee) to Morgan Stanley for on-going service to the investor on behalf of the sponsor. The fee is based on the aggregate amount invested in the product by the investor or the net asset value of such position. These fees typically range from 0.50% to 1.50%. Certain products may fall above or below these ranges and, along with the name of the fund manager/product sponsor, are set forth in the offering documents of each product, which are available from your Financial Advisor or Private Wealth Advisor.

Applies to Alternative Investment Funds and Managed Futures

In limited instances, Morgan Stanley may be compensated by an issuer for introducing an investment adviser to the issuer. These fees typically are either structured as a one-time payment from the issuer to Morgan Stanley or as an on-going trail payment to Morgan Stanley that generally ranges from 0.10 to 0.40% of the aggregate amount of investments by clients of the investment adviser who invest with the issuer. For both AI and MF products, certain products may fall above and below these ranges. Please refer to the offering documents of each product, which are available from your Financial Advisor or Private Wealth Advisor, for the name of the issuer and the specific fees related to such product.

3) Fund Management Fee(s)

Fee charged by Fund Manager/General Partner to manage assets (applies to Alternative Investment Funds and Managed Futures)

These fund manager/general partner fees apply to any product where an affiliate of Morgan Stanley serves as fund manager/general partner for the product (or in a similar capacity) and compensate the fund manager/general partner for its services to the product. Morgan Stanley-affiliated entities that act as fund managers/general partners are subsidiaries of Morgan Stanley Smith Barney Holdings LLC separate from Morgan Stanley Smith Barney LLC. The name of the entity acting as fund manager/general partner with respect to a product is set forth in the offering documents of the product, which are available from your Financial Advisor or Private Wealth Advisor. These fees typically range from 0.25% to 1.00% of the net asset value of the client's position depending on the terms of each product. For HedgePremier funds, these fees are set at 0.25%. For MF products these fees are typically from 0.75% to 1.00%. Certain products may fall above or below these ranges and are set forth in the offering documents of each product, which are available from your Financial Advisor or Private Wealth Advisor.

4) Investor Servicing Fee(s)

Fee paid to the Distributor for on-going service to the investor on behalf of the Fund (applies to Alternative Investment Funds and Managed Futures)

These on-going annual trail fees apply to virtually all AI and MF products sold on a placement/brokerage basis or for which Morgan Stanley acts as the servicing agent. Products that do not include these fees do so in accordance with the terms negotiated between Morgan Stanley and the product sponsor prior to the product offering. These fees are paid by the investor to Morgan Stanley for on-going service to the investor on behalf of the sponsor. The fee is based on the aggregate amount invested in the product by the investor or the net asset value of such position. For AI products, these fees typically range from 0.50% to 1.50%. For MF products, these fees typically range from 0.75% to 2.00%. For both AI and MF products, certain products may fall above or below these ranges and are set forth in the offering documents of each product, which are available from your Financial Advisor or Private Wealth Advisor.

5) **Placement Fee(s)**

Fee paid by a Fund Manager to the Distributor for introducing an investor to the Fund (applies to Alternative Investment Funds)

These upfront placement fees apply to certain AI products depending on how the transaction is structured, which, along with the name of the fund manager/product sponsor, are specified in the offering documents of the specific product, and are paid by the fund manager/product sponsor. The amounts of these fees vary between products based on the terms negotiated between Morgan Stanley and the fund manager/product sponsor. These fees compensate Morgan Stanley for introducing the investor to the product, and are generally, depending on the terms of the product offering, not charged with respect to investors that are advisory clients of Morgan Stanley. Upfront placement fees generally range from 0.0% to 3.0% of the invested amount and change based on the size of the investment. As noted above, the fee scale for each product, along with the name of the fund manager/product sponsor, are set forth in the offering documents for such product. Please contact your Financial Advisor or Private Wealth Advisor to request copies of the offering documents. The typical scale for these fees is below, although fees for certain products (as set forth in the specific offering document) may differ from this scale:

Investment Amount	Fee
\$0 - 249,999	3.00%
\$250,000 - \$999,999	2.00%
\$1,000,000 - \$4,999,999	1.00%
\$5,000,000 - over	0.0% - 0.50%

6) **Wrap Fee(s)**

Fee charged to cover various Management, Trading, Operating or Distribution Expenses (applies to Managed Futures)

For certain products where an affiliate of Morgan Stanley is the fund manager/general partner, the fund manager/general partner receives an administrative/servicing fee from the product sponsor or the investor, depending on the terms of the product, to pay for management, trading, operating or distribution expenses. Morgan Stanley-affiliated entities that act as fund manager/general partners are subsidiaries of Morgan Stanley Smith Barney Holdings LLC separate from Morgan Stanley Smith Barney LLC. The name of the entity acting as fund manager/general partner with respect to a product is set forth in the offering documents of the product. These fees typically range from 0.15% to 0.50% of the net asset value of the client's position. Please refer to the offering documents of each product, which are available from your Financial Advisor or Private Wealth Advisor, for the specific fees related to such product.

7) **Performance Incentive Fee(s)**

Fee charged by Investment Advisor for performance greater than specified benchmarks or high water marks (applies to Managed Futures)

These fees are no longer collected.

F. Commissions

The following sets forth the maximum brokerage commission rates charged by Morgan Stanley Smith Barney LLC ("Morgan Stanley") with respect to equity (e.g. stocks) and option transactions, when Morgan Stanley serves as a broker for its client accounts with respect to such transactions.

Please note, however, the following information:

- A buy/sell order of securities, for purposes of commissions, consists of all "same side" (all buy or all sell) executions of a given security for a given account for a single day
- The actual brokerage commissions that your plan's account(s) may be charged may be less than the maximum commission rates provided below, and may be negotiated with the Financial Advisor or Private Wealth Advisor
- The actual brokerage commissions that your plan's account(s) may be charged will be disclosed on the securities transactional confirm and as part of plan account statements
- Morgan Stanley does not currently charge a commission where the firm acts as an agent/broker in fixed income transactions (e.g. bond trading with other brokers). To the extent these transactions occur (generally in Morgan Stanley's advisory programs), the advisory fee would cover the cost of such transactions
- To the extent that transactions are traded on a principal basis (e.g., from Morgan Stanley inventory) rather than with Morgan Stanley acting as agent, the information below does not include any amounts earned by Morgan Stanley or its affiliates as principal. Such earnings are not "fees" required to be disclosed as part of either the ERISA Section 408(b)(2) disclosure requirements or the DOL Form 5500 disclosure process
- If you have any questions about the specific brokerage rates/commissions charged to your plan's account(s), please contact your Financial Advisor or Private Wealth Advisor

1) Maximum Equity Commission Rates

Effective August 1, 2014 the maximum equity commission amount charged to clients for equity trades with a Principal Value¹ greater than \$1,000 is the greater of \$100 or a percentage of Principal Value ranging from .9202% to 4.5%, depending on the Principal Value of the trade. In general, the higher the Principal Value of the equity trade, the lower the percentage that will be applied. The maximum equity commission amount charged to clients for equity trades with a Principal Value less than or equal to \$1,000 is 10% of Principal Value.

Note (1): "Principal Value" or "PV" is the fair market value of the security being purchased, as reflected on the books and records of Morgan Stanley.

1) Examples of Maximum Commission Calculations:

i. Equity Trade with a Principal Value (PV) of \$2,000

Maximum Commission = PV * Rate

\$90.00 = 2,000 * 4.5%

\$100.00 minimum commission applies

ii. Equity Trade with a Principal Value (PV) of \$60,000

Maximum Commission = PV * Rate

\$1,136.34 = 60,000 * 1.8939%

iii. Equity Trade with a Principal Value (PV) of \$400,000

Maximum Commission = PV * Rate

\$3,935.48 = 400,000 * 0.9839%

2) Maximum Option Commission Rates

For all Options trades, the brokerage commission is equal to the sum of Table A + Table B.

Table A:

Principal Value	Rate
\$0 – \$2,499.99	3.00% + \$25.00
\$2,500 - \$4,999.99	2.75% + \$38.00
\$5,000 - \$19,999.99	1.65% + \$57.00
\$20,000 +	1.25% + \$95.00

Table B:

Number of Share Contracts	Charge
1	\$8.00 per contract
2 - 10	\$7.775 per contract
11 - 50	\$6.50 per contract
51 and over	\$5.45 per contract

The Options commission schedule is subject to the following minimums and maximums:

- Minimums:** The overall minimum commission is \$50.00
- Maximums:** The overarching maximum commission is 5% of principal value when commission is over \$125 (unless the 5% is less than \$125, in which case the commission would be \$125). Other maximums include:

- i. The maximum commission is 16% of the principal value or PV
 - ii. The maximum commission is \$84.00 per contract
- c) **Examples of Options Commission Calculations:**

Example 1: 10 contracts, PV: \$200

- **Commission formula:** $([3.00\% * (\$200)] + \$25.00) + (\$7.775 * 10)$
 $= (\$6 + \$25) + \$77.75$
 $= \$108.75$
- **Maximum Commission:** Since commission is under \$125, extended commission is lesser of 16% of PV (\$32.00) or \$84/contract (\$840)
- **Extended Commission:** \$32.00

Example 2: 20 contracts, PV: \$2,000

- **Commission formula:** $([3.00\% * (\$2,000)] + \$38.00) + (\$6.50 * 20)$
 $= (\$60 + \$25) + \$130$
 $= \$215$
- **Maximum Commission:** Since commission is greater than \$125, grid commission cannot exceed the greater of \$125 or 5% PV (\$100). Since the grid commission is not within these guidelines, and the 5% PV is less than \$125, the maximum constraint is imposed
- **Extended Commission:** \$125.00

Example 3: 100 contracts, PV: \$25,000

- **Commission formula:** $([1.25\% * (\$25,000)] + \$95.00) + (\$5.45 * 100)$
 $= (\$312.5 + \$95) + \$545$
 $= \$952.50$
- **Maximum Commission:** Since commission is greater than \$125, extended commission cannot exceed 5% PV (\$1,250) or \$84/contract (\$8,400). Since the grid commission is within these guidelines, no maximum constraint is imposed
- **Extended Commission:** \$952.50

G. Auction Rate Securities

Auction Rate Securities ("ARS") are municipal bonds, corporate bonds, interests in trusts or other special purpose vehicles ("SPVs") or preferred stocks, in each case with interest rates or dividend yields that are periodically re-set through auctions, typically every 7, 14, 28, or 35 days. It is important to note that in relation to an investment in ARS, pursuant to our agreements with ARS issuers, there is a remarketing fee paid by the issuer to Morgan Stanley Smith Barney LLC and its affiliates ("Morgan Stanley") ranging from 0 basis points to 25 basis points. These amounts are paid to Morgan Stanley for its on-going role as a participating broker-dealer in the relevant ARS program. More specifically, the fee is paid for our role in facilitating any customer auction orders (i.e., passing through the orders for inclusion in an auction) and implementing the results of the auction (e.g., a new re-set rate, failed auction rate, or transfer of the ARS). Prior to investment, please contact your Financial Advisor or Private Wealth Advisor for the information related to the specific ARS.

H. Futures Storage Fees

After Morgan Stanley Smith Barney LLC ("Morgan Stanley") executes a Futures trade relating to precious metals, storage may be necessary for these commodities. Refer to the fee schedule below for the rates associated with the specific precious metals and possible corresponding depositories.

Depository	Precious Metals Storage Rates*			
	Gold	Silver	Platinum	Palladium
HSBC	\$15.00	\$8.50 (per bar)	\$20.00	\$20.00
Scotia Mocotta	\$15.00	\$8.50 (per bar)	\$20.00	\$20.00
Brinks	\$12.00	\$30.00	\$15.00	\$15.00
Delaware	N/A	\$8.50 (per bar)	\$20.00	\$20.00
Manfra, Tordella, & Brookes, Inc.	\$15.00	\$8.50 (per bar)	\$15.00	\$15.00
JP Morgan Chase Bank NA	\$15.00	\$8.50 (per bar)	\$20.00	\$20.00

Note (*): The Futures Storage Fees are fixed dollar amounts issued by the depository for exchange traded products. The Futures Storage Fees are charged monthly and paid to the depositories monthly.

Note ():** Delaware is not an approved facility to store Gold.

I. Choice Select Program

Choice Select is a pricing solution for brokerage accounts with a sliding-scale commission schedule where program participants trade and invest following their own investment decisions while still benefiting from the knowledge and experience of a Morgan Stanley Financial Advisor or Private Wealth Advisor.

Choice Select commissions are based on the eligible equities and options¹ trading volume whereby the higher the volume, the lower the marginal commission rate.

The Choice Select program includes the following characteristics:

- Innovative pricing — a transparent, sliding-scale commissions schedule for eligible equity and option trades in a brokerage account²
- Complete investment access—enjoy a full array of brokerage investments, including our capital markets products such as structured investments and Strategic Equity Portfolios (“STEPS”)³
- Flexibility —hold all investment products in one account. Group with other eligible accounts to lower trading costs⁴
- Monthly billing—pay commissions on Choice Select trades at the end of a month and gain greater control over cash flow
- Convenient tax reporting—monthly commissions are automatically applied to each eligible transaction for simplified gain/loss and year-end tax reporting⁵
- Online trading — place trades anytime with Morgan Stanley Online

1 - Options are not suitable for all investors.

2- Choice Select commissions are calculated and charged monthly in arrears based upon the Principal Volume (“PV”) of the eligible equity and option transactions executed in the brokerage account, according to the declining marginal commission schedule detailed below. “Principal Volume” means the total purchase or sale price of securities, net of any fees. It is the price of the security the program participant is buying, selling or shorting multiplied by the quantity. Monthly commissions replace the commissions that would otherwise be charged on a trade-by-trade basis in the brokerage account.

Principal Volume Tier	Marginal Rate
\$0*–\$199,999	2.25%
\$200,000–\$299,999	2.15%
\$300,000–\$399,999	2.05%
\$400,000–\$499,999	1.85%
\$500,000–\$599,999	1.75%
\$600,000–\$699,999	1.65%
\$700,000–\$799,999	1.55%
\$800,000–\$899,999	1.45%
\$900,000–\$999,999	1.35%
\$1,000,000–\$1,999,999	1.00%
\$2,000,000–\$3,999,999	0.85%
\$4,000,000+	0.60%

3 - Investments in structured products involve risks, including but not limited to, price and yield fluctuations, loss of principal and limited liquidity. Strategic Equity Portfolios are structured and monitored on an ongoing basis by members of the STEP Portfolio Strategy Team and may be purchased in a single transaction as individual stocks. The decision to follow the recommendations is always the investors' to make, in accordance with their individual needs and goals. Please contact your Financial Advisor or Private Wealth Advisor to discuss STEPs including commissions and whether they are suitable.

4 - Certain brokerage accounts with Choice Select pricing in the same statement account link group are grouped together to aggregate PV and thereby lower the group's commission rates. Please ask your Financial Advisor or Private Wealth Advisor for details.

5 - Morgan Stanley and its Financial Advisors and Private Wealth Advisors do not provide tax or legal advice. Individuals should consult their personal tax and legal advisors before making any tax or legal-related decisions. Choice Select pricing is an alternative way to pay commissions on equity and option transactions in a brokerage account. Any investment advice is solely incidental to Morgan Stanley's business as a broker-dealer. Program participants do not pay for, nor do they receive, a level of advice different from that provided to other full-service brokerage clients who pay on a per-trade basis.

Note (*): If no Choice Select eligible equity or option trades are placed during the month, then no Choice Select commissions are charged for the month. Choice Select pricing follows an annual schedule based on the program participant's Choice Select anniversary date. As the program participant trades throughout the year, their PV grows and their marginal commission rate declines. On the day after the program participant's Choice Select anniversary date, their PV resets to zero and the cycle begins again. Choice Select pricing applies only to eligible equity and option transactions. All other transactions (e.g., fixed income and mutual funds) are subject to loads, mark-ups/mark-downs and/or other applicable fees. Effective June 1, 2010, Choice Select commissions will be capped at 3% above standard trade-by-trade commissions (the "Cap Commission"). This means that program participants will be charged the lesser of the Choice Select commission or the Cap Commission for all Choice Select eligible trades each month. This policy applies on an individual account basis, even if the account is part of a Choice Select group (including qualified plan groups).

J. Electronic Communication Networks

Morgan Stanley Smith Barney LLC (“Morgan Stanley”), in certain circumstances, can receive revenue regarding the use of various Electronic Communication Networks (“ECNs”). An ECN is an alternative trading system that facilitates trading of financial products outside of traditional stock exchanges. This allows Morgan Stanley to execute trades much faster and more precisely through direct access trading with market specialists. The following table reflects the various ECNs and circumstances in which Morgan Stanley can either receive a credit or incur an expense from interactions with a particular ECN. Please note that this table is updated on a regular basis (currently, on a monthly basis). The applicable brokerage agreement which governs your Morgan Stanley account(s) (the form of which has been provided to you) contains further information about ECNs and the potential revenue received by Morgan Stanley in connection therewith (in the section regarding “Payment for Order Flow and ECNs and ATSs”).

Note: The negative numbers refer to circumstances in which the firm would receive a credit. However, these rates cannot be applied to a specific plan.

5	-	30	20

L. House holding Definition & Guidelines

1) General Rules

Beginning April 1, 2010, the eligible relationships for house holding were narrowed to allow only accounts of the following people to be grouped together to comprise a household:

a) Eligible Household Relationships

- | | | |
|------------------------------------|-----------------|---|
| • Self (same as head of household) | • Parent | • Daughter-in-Law |
| • Spouse | • Parent-in-Law | • Grandparent |
| • Son | • Grandchild | • Grandparent-in-Law |
| • Daughter | • Son-in-Law | • Domestic Partner (requires the same address as head of household) |

Note: Eligible relationships are relative to Head of Household.

b) Ineligible Household Relationships

The following relationships are no longer allowed within a household:

- Aunts
- Uncles
- Nieces
- Nephews
- Siblings (including Siblings In Law)

c) Grandfathering Existing Households

Please note that existing legacy Morgan Stanley households were grandfathered in 2010. This means that existing households that include members with one of the ineligible relationship types above can continue to be eligible for the household, and can continue to add new, eligible accounts to the household for the member that is already in the household. However, going forward, Financial Advisors and Private Wealth Advisors will no longer be able to add new members with ineligible household relationship types to new or existing households.

2) **Rules for Qualified Plan Accounts**

Because of “prohibited transaction” restrictions set forth by the Employee Retirement Income Security Act (“ERISA”) and the Internal Revenue Code, there are certain types of accounts that are considered not eligible to be grouped within a personal household. These laws prohibit the use of employee benefit plan assets to benefit any individual who is the sponsoring employer or an employee covered by the plan (other than paying the retirement benefits provided under the plan). Therefore, plan assets generally cannot be used for some other personal benefit, like house holding. However, the U.S. Department of Labour has issued a prohibited transaction class exemption allowing house holding for certain retirement accounts not covered by ERISA, such as IRAs, Roth IRAs, SIMPLE IRAs (but not SIMPLE 401(k)s), and Keogh plans (e.g., owner and/or spouse only plans).

VIP/Prototypes & RPM/ERISAs are eligible for service fee waivers and the other benefits of the Reserved (e.g., research) and Standard Fee Cap program but are not eligible for annual account fee waivers unless the plan covers only the owner and/or spouse (i.e., it’s not covered by ERISA). If the plan only covers the owner and/or spouse they are also eligible for house holding with personal accounts of the plan owner. If the plan covers one or more employees, the accounts can only be householder with other accounts of the same plan. All such accounts must have the same EIN and DOL number.

Employee Benefit Trusts (“EBTs”) are eligible for account and service fee waivers and the other benefits of the Reserved (e.g., research) and Standard Fee Cap program. They are also eligible for house holding with personal accounts of the plan owner if the plan only covers the owner and/or spouse (i.e., it’s not covered by ERISA). If the plan covers individuals other than the owner and/or spouse, the accounts can only be householder with other accounts of the same plan, but not with personal accounts.

Should you have any questions regarding the house holding of your plan’s account(s), please contact your Financial Advisor or Private Wealth Advisor.

M. Payments from Other Service Providers

Other service providers (including companies that sponsor investment options made available to qualified retirement plans through Morgan Stanley Smith Barney LLC (“Morgan Stanley”)) may participate in Morgan Stanley-sponsored internal training and education conferences and meetings, and may make payments to, or for the benefit of, Morgan Stanley or its Financial Advisors or Private Wealth Advisors to reimburse for the expenses incurred for these events. Morgan Stanley provides opportunities to sponsor meetings and conferences and grants access to our branch offices and Financial Advisors and Private Wealth Advisors to such third party service providers for educational, marketing and other promotional efforts. Certain service providers (referred to as “Global Partners,” “Emerging Partners” or “Annuity Partners” and, collectively, as “Partners”) dedicate significant financial and staffing resources to these activities and may receive supplemental sales information and additional opportunities to sponsor Morgan Stanley events and promote their products to Financial Advisors, Private Wealth Advisors and clients. Moreover, Partners commit to provide expense payments at predetermined amounts (currently \$750,000 per year for Global Partners, \$350,000 per year for Emerging Partners and \$230,000 per year for Annuity Partners). These facts present a conflict of interest for Morgan Stanley and our Financial Advisors and Private Wealth Advisors to the extent they lead our Financial Advisors and Private Wealth Advisors to focus on those funds offered by our Partners when recommending mutual fund investments to clients instead of on funds from those fund families that do not commit similar resources to educational, marketing and other promotional efforts. In order to mitigate this conflict, Financial Advisors, Private Wealth Advisors and their Branch Office Managers do not receive additional compensation for recommending funds sponsored by our Partners. Morgan Stanley selects service providers to be Global Partners or Emerging Partners based on quantitative and qualitative criteria.

In 2013, when viewed in relation to total Morgan Stanley client assets of in excess of \$1.8 trillion, the payment made by each such service provider (including both those that qualify as Partners and those that do not) equalled an amount of not more than 44/10,000 of one basis point (otherwise expressed, 44/1,000,000 of one percent). We do not believe that such payments were made in connection with retirement plan business specifically, and were certainly not made in connection with any particular retirement plan, but, for perspective, the amount of retirement plan assets included in the total Morgan Stanley client asset number set forth above is approximately \$152 billion. In 2013, such service providers included the following financial institutions:

AAM	Janus Capital
Alliance Bernstein	John Hancock
American Century	JP Morgan
American Funds	Lazard
AMG - Managers Investment Group and affiliates	Legg Mason and affiliates
AQR	Lincoln Financial Group
AXA	Lord Abbett
BlackRock / iShares	Mainstay/NY Life
Brandes	Mass Mutual
Columbia Management	MetLife
Congress Asset Management	Morgan Stanley Investment Management (MSIM)

Morgan Stanley

Davis Selected Advisors	Nationwide
Delaware Investments	Neuberger Berman
Dreyfus/BNY Mellon/Fayez	Nuveen Investments and affiliates
DWS	Ohio National
Eaton Vance	Pacific Life
Federated/MDT	PIMCO
Fidelity Investments	Pioneer Investments
First Trust	Principal Financial Group
Forward	Prudential
Franklin Templeton	Putnam Investments
Goldman Sachs	RS Funds
Guggenheim	State Street Global Advisors
Hartford	SunAmerica
ING	T. Rowe Price
Invesco	Thornburg Investments
Ivy	Transamerica
Jackson National	

Other providers may have made similar payments. On request, your Financial Advisor or Private Wealth Advisor can provide you with additional detail on these payments and inform you if they have attended and/or plan to attend the Morgan Stanley-sponsored conferences/meetings. Furthermore, we believe that payments will be made by a similar list of institutions during 2014 and thereafter. On request, your Financial Advisor or Private Wealth Advisor can provide you with additional detail on whether a provider makes such payments during a particular year, and the amount of such payments.

Other service providers may also sponsor their own educational conferences and pay expenses of Financial Advisors or Private Wealth Advisors attending these events. Morgan Stanley's policies require that the training or educational portion of these conferences comprises substantially all of the event. Such service providers may sponsor educational meetings or seminars in which clients as well as Financial Advisors and Private Wealth Advisors are invited to participate. Other service providers are also allowed to occasionally give nominal gifts to Financial Advisors or Private Wealth Advisors, and to occasionally entertain Financial Advisors or Private Wealth Advisors, subject to a limit of \$1,000 per employee per year. Morgan Stanley's non-cash compensation policies set conditions for each of these types of payments, and do not permit any gifts or entertainment conditioned on achieving a sales target. On request, your Financial Advisor or Private Wealth Advisor can provide you with an annual estimate of the aggregate value of gifts or entertainment that service providers pay or provide to Morgan Stanley or particular Financial Advisors or Private Wealth Advisors. You

should, of course, also feel free to ask your Financial Advisor or Private Wealth Advisor if they have attended any events sponsored by other service providers and/or plan to do so in the future.

We address conflicts of interest by ensuring that any payments described in this “Payments from Other Service Providers” section do not relate to any particular transactions or investment made by Morgan Stanley clients with service providers. Service providers participating in programs described in this document are not required to make any of these types of payments. The payments described in this section comply with FINRA rules relating to such activities.

N. Short Interest Program Fee (or “Rebate”)

Morgan Stanley Smith Barney LLC (“Morgan Stanley”) account holders with short stock positions are automatically enrolled in the Short Interest Program; no documentation is required. When the account holder sells a security short, Morgan Stanley must borrow the security to complete the transaction. Under the Short Interest Program, Morgan Stanley may receive compensation from the interest earned on the cash collateral for the service of facilitating the transaction/borrowing the security. More specifically, when Morgan Stanley borrows the security, pursuant to the Global Master Securities Lending Agreement (the “Agreement”) we have entered into with the lender, we generally provide 102% of the short market value in cash to the lender as collateral. Depending on the interest rate environment and the demand for the security (e.g., when the stock is hard to borrow), the lender may pay compensation under the Agreement to Morgan Stanley, known as a “rebate,” which Morgan Stanley will share with the short seller. Morgan Stanley takes a spread based on a curve as follows:

BRM rate	Spread
>.1% > 1%	.25 >1.25
1% - 2%	1.25 > 1.50
2% -10%	1.5 > 3
10% - 30%	3 > 4.5
30% - 50%	4.5 > 7.5
50% - 70%	7.5 > 10
70 - 90%	10

In certain low interest rate environments there will be no rebate and the short seller will bear the full cost to borrow the security. This will result in the short seller paying Morgan Stanley a rebate to carry the short sale transaction. The rebate will be directly charged or credited, as applicable, to the short seller’s account on a monthly basis. The rebate rate may fluctuate over the duration of the short transaction due to market conditions. Please contact your Financial Advisor or Private Wealth Advisor for more information with respect to any particular transaction and the amount that Morgan Stanley will receive or has received in the form of a rebate.

O. TRAK Fund Solution Program Servicing Fee(s)

Morgan Stanley Smith Barney LLC ("Morgan Stanley") may receive shareholder servicing, 12b-1 or other fees from all the fund companies in the TRAK Fund Solution Program (formerly known as the TRAK NAV Program) (or their affiliates) ("Servicing Fees"), which are offset against the program fees due from clients in the manner described in the TRAK Fund Solution Program agreement and descriptive brochure. The Servicing Fees that Morgan Stanley receives from the funds and/or their sponsors, investment advisers or other service providers are at an annual rate up to 0.25% of the average daily net asset value of account assets invested in the funds.

P. Interest Earned on Cash Held in Futures Accounts

In addition to the fees, commissions and margin charges otherwise described in your client agreement, Morgan Stanley Smith Barney LLC or its affiliates may retain additional compensation related to any interest earned on funds deposited with Morgan Stanley Smith Barney LLC in connection with futures accounts (similar, but not identical to, the compensation described as "float" in connection with Morgan Stanley's brokerage accounts). In addition, Morgan Stanley Smith Barney LLC maintains additional funds in its customer segregated funds account in order to ensure that customer segregation requirements are always satisfied, and may net the carrying costs of us or our affiliates with respect to such additional amounts prior to calculating any interest amounts payable to clients. The amount of Morgan Stanley Smith Barney LLC's retention may be individually negotiated between you and your Financial Advisor or Private Wealth Advisor, and you should speak with him or her directly to determine such amounts.

Q. Trade Errors

From time to time, Morgan Stanley Smith Barney LLC (“Morgan Stanley”) will execute transaction orders on behalf of your plan’s account(s), in both the brokerage and the advisory contexts. We seek to avoid transaction processing errors to the greatest extent possible, but inadvertent errors do occur. These errors may be made by Morgan Stanley, or by agents acting on our behalf or otherwise in connection with your account (including investment managers), and are referred to in this Section Q as “processing errors.” Morgan Stanley will correct any identified processing error caused by us or our agents as soon as practicable in accordance with our internal error policies, and will in no event utilize our discretionary authority or control over the correction of processing errors in order to maximize gain or correct such error for our own benefit or interest.

Once a processing error has been identified, we promptly take corrective action to put the plan and its participants in a position which is financially equivalent to the position that they would have been in had the processing error not occurred. This means that we or our agent will make the plan whole for any loss to a plan resulting from correcting the processing error.

Branch Errors

If the error occurs in a branch account, the original trade is adjusted based on the following:

- for a pure execution-price issue (such as delayed order execution), the client should be offered the better price if the error resulted in a better price than would have been obtained otherwise.
- for a purchase or sale of the wrong security or the wrong quantity, a buy mistakenly ordered instead of a sell, or the like, the trade will be reversed or adjusted in a branch error account and the error account, and thus Morgan Stanley, will keep whatever profit or loss results.

Notwithstanding the foregoing, profits resulting from (a) a “syndicate error/adjustment” (generally, an adjustment/correction to a new issue (IPO or Secondary) purchase, the most common being when Morgan Stanley places the trade in the wrong account of the client) must be donated to the Investor Protection Trust, and (b) a trade in Morgan Stanley stock must be given to the client and not assigned to the branch error account.

Consulting Group Errors

If the account is enrolled in one of Morgan Stanley’s advisory programs, the plan should not incur losses due to an error, and, except as described below, nor should Morgan Stanley or its agents (including investment managers) profit from an error. Losses suffered by the client as a result of a processing error must be reimbursed to the client. Gains realized as a result of a processing error are normally left in the client’s account (unless, for example, the account could not have legally purchased or sold the security in the first place, the client is otherwise not legally entitled to the gain, or the client refuses to accept the gain). However, the Private Portfolio Implementation Group (“PPG”) (which provides services to certain accounts under Morgan Stanley’s Select UMA, Fiduciary Services and Global Investment Solutions advisory programs) allows netting of errors in the PPG error account for pre-settlement errors (netting gains against losses in the quarter). Netting of gains and losses from multiple separate errors is not permissible; however, gains and losses from multiple transactions within a single error in a client account may be netted. Any trading error profits which, after any permissible netting occurs, are retained by Morgan Stanley or which result from the error of an investment manager will be remitted in the aggregate to a charity selected by Morgan Stanley at the end of each quarter. Until that occurs, Morgan Stanley may benefit from the retention of such assets. Please remember that even if the account is enrolled in an advisory program, any error committed by the branch will be subject to the rules described above under “Branch Errors.”

Morgan Stanley

The retention of any profit pursuant to the foregoing policies in connection with your plan's account(s) may constitute compensation to us for services rendered in connection with your plan. Please contact your Financial Advisor or Private Wealth Advisor for more information with respect to errors which may have occurred in your plan's account(s).
