

# Qualified Retirement Plan Disclosure Document

As of September 20, 2013

---

## Important Information Concerning Your Morgan Stanley Qualified Retirement Plan Account(s)

---

***Pursuant to the U.S. Department of Labor's regulations under Section 408(b)(2) of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), Morgan Stanley Smith Barney LLC ("Morgan Stanley"), as a service provider to your ERISA-covered retirement plan, is required to provide certain information regarding our services and compensation to assist you — as a plan fiduciary/sponsor — in assessing the reasonableness of your plan's contracts or arrangements with us, including the reasonableness of our compensation. These disclosure requirements are commonly referred to as "408(b)(2)."***

This disclosure document is being provided to you, as the plan fiduciary/sponsor, to meet the requirements of 408(b)(2) and to help you clearly understand both the services offered to you and the compensation Morgan Stanley may receive in connection with your qualified retirement plan. This document and the documents referenced herein provide an overview of the services Morgan Stanley offers its qualified retirement plan account holders and details the associated compensation earned by the firm. The documentation is structured by account and/or investment type (e.g., retirement account types, mutual funds, alternatives) and within each such category by compensation type (direct or indirect compensation), as applicable.

Please note, however, that although we are providing you with disclosures regarding the full range of accounts, services and investments made available to Morgan Stanley qualified retirement plan clients, actual Morgan Stanley compensation will be determined by those accounts, services and/or investments utilized under the plan through Morgan Stanley. This is due to the fact that 408(b)(2) requires prospective disclosure at a time when, in many instances, we do not know the specific services and investments that will be selected by you, as plan fiduciary/sponsor, or the underlying plan participants in the future. In particular, many of the fees described in this documentation do not apply if your account is subject to an Advisory Contract or Agreement. **Your brokerage agreements(s) and/or advisory contract/ agreement(s) with Morgan Stanley provide more detail about the specific services/fees that apply to you. Please review your agreements with us for more information (and ask your Financial Advisor or Private Wealth Advisor for copies if you need them).**

The following details are provided for each service/compensation stream:

- **Account or Service Fee Type** - High level description of the compensation
- **Fee Description** - More detailed description of the compensation
- **Manner of Receipt** - The manner in which the compensation will be paid (e.g., whether the plan will be billed or the compensation will be deducted directly from the plan's account)
- **For Fixed Rate Fees** - The value of the rate of the compensation, including the value of the rate if it varies based on client Tier (e.g., Standard, Reserved)
- **For Variable Rate Fees** - The methodology or formula used to determine the compensation

- **Additional Disclosures / Reference to Disclosure Document** - Additional details with respect to the service and/or compensation, or a reference to a separate disclosure document where further details are included. In order to disclose all of the required information, this disclosure document will in some cases reference other separate documents (e.g., your Morgan Stanley contracts and Morgan Stanley's disclosure documents) or websites with service and compensation disclosures. These documents are being made available to you along with this disclosure document to make sure you receive a complete description of all the required information

We would also like to inform you that going forward, as a plan fiduciary/sponsor, you will be receiving communications that will provide information about service or compensation changes that could potentially impact your plan. Please remember that you can look up information and updates related to Morgan Stanley's mutual fund portfolio offerings and related compensation through the Mutual Fund Search Tool on the following website: [www.morganstanleyindividual.com/ourcommitment/PreSaleDocSearchT.asp](http://www.morganstanleyindividual.com/ourcommitment/PreSaleDocSearchT.asp). Please note that this disclosure document, any addendum hereto and any subsequent communication will not include any information with respect to a particular fund or fund family.

Please also note that the firm's Futures Clearing Fee Schedule and Electronic Communication Networks disclosures (found in the Supplement to the Qualified Retirement Plan Disclosure Document) will be updated with some regularity. All of the latest disclosure documents (referenced in some cases in the fee table(s) below) including the latest version of this document can be accessed by logging onto your account on **Morgan Stanley Online**, available on the following website: [www.morganstanley.com/online](http://www.morganstanley.com/online). These documents are made available to you for download on Morgan Stanley Online's *Help & Support* page, under *New Account Documents & Disclosures*. If you are not yet a registered Morgan Stanley Online user, you can also access these disclosure documents on the following website: [www.morganstanleyindividual.com/ourcommitment/2648956700178/qrpdiscldocs/download/PDF/QRPDA.asp](http://www.morganstanleyindividual.com/ourcommitment/2648956700178/qrpdiscldocs/download/PDF/QRPDA.asp). Furthermore, you also have the option to request that hard copies be sent to you.

## **Advisory Programs and Morgan Stanley's Role as Fiduciary/Investment Advisor**

Morgan Stanley reasonably expects to provide services as a fiduciary under ERISA (within the meaning of Section 3(21) of ERISA and the regulations there under), as well as an investment advisor registered under the Investment Advisers Act of 1940, under all of Morgan Stanley's Advisory Programs (listed in this disclosure document under Advisory Programs).

## **Brokerage Accounts and Morgan Stanley's Role as Non-Fiduciary Broker**

Morgan Stanley intends to act as a non-fiduciary broker or "service provider" with respect to any services provided in our various brokerage accounts, and does not agree to act as a fiduciary (under ERISA, the Investment Advisers Act or otherwise) with respect to such services.

Please note that the disclosure documents and mutual fund information may also be helpful to you in meeting your responsibility of providing participant disclosures in connection with Department of Labor Regulation Section 404a-5, which requires plan sponsors/administrators to provide certain information to plan participants.

If you have any questions regarding our services or compensation in connection with your qualified retirement plan(s), or you would like to request hard copies of the referenced disclosure documents, please contact your Morgan Stanley Financial Advisor, Private Wealth Advisor or the Morgan Stanley Client Service Center line toll free at 866-227-7273 Monday through Friday 8:00 am - 6:30 pm EST.

Thank you for choosing Morgan Stanley.

## Retirement Accounts

					understand how this fee is determined	

Depending on the Account holder's Account Type or investment selection, Morgan Stanley may also receive certain indirect compensation from third parties which may include some (or all) of the following revenue sources:

Account or Service Fee Type	Fee Description	Manner of Receipt	Variable Rate Formula / Methodology	Additional Disclosures Related to the Fee, or Reference to the Disclosure Document(s) Where Further Details Are Included
Bank Deposit Program (BDP)	Morgan Stanley earns income on BDP deposits, calculated as the income it receives from the MS Banks, minus the interest rate paid to clients on average daily balances.	n/a	n/a	The Bank Deposit Program (BDP) automatically deposits client cash into bank deposit accounts established for the client by and in the name of Morgan Stanley Smith Barney LLC (Morgan Stanley) at Morgan Stanley Bank, N.A. (MSBNA) and/or Morgan Stanley Private Bank, National Association (MSPBNA) (collectively the MS Banks). The MS Banks are national banks, affiliates of Morgan Stanley and members of the Federal Deposit Insurance Corporation (FDIC). During an investors relationship with Morgan Stanley, a client may hold deposits at the MS Banks through the BDP and those deposits are eligible for up to FDIC insurance of up to \$250,000 per client per bank, in each insurable capacity. The MS Banks pay Morgan Stanley compensation based on a percentage rate applied to the average daily deposit balances. The percentage rate is calculated as the sum of (i) the daily Federal Funds Effective Rate plus (ii) 59 bps for the period January 1 - February 14, 2013 and 39 bps for the period February 15 – December 31, 2013. Morgan Stanleys compensation from the MS Banks represents a referral fee and reimbursement for administrative costs, including recordkeeping and account maintenance. Morgan Stanley does not retain any compensation from BDP deposits owned by retirement advisory accounts.

Account or Service Fee Type	Fee Description	Manner of Receipt	Variable Rate Formula / Methodology	Additional Disclosures Related to the Fee, or Reference to the Disclosure Document(s) Where Further Details Are Included
Float Income	Float income (also known as free credit balances)	n/a	Refer to "Additional Disclosures" for formula and payor information regarding this income	Please refer to the "Important Terms and Disclosures" section at the end of this document (the Qualified Retirement Plans Disclosure Document) for information about how this income is determined

## Mutual Funds

Listed below are details concerning the direct Mutual Funds fees that Morgan Stanley may charge to its retirement plan account holders for various services:

Account or Service Fee Type	Fee Description	Manner of Receipt	Fixed Rate		Variable Rate Formula/Methodology	Additional Disclosures Related to the Fee, or Reference to a Disclosure Document(s) Where Further Details Are Included
			Standard	Reserved		
Mutual Fund Denetwork Fee(s)	Processing fee associated with denetworking of a mutual fund	Invoiced	\$75 per 6 months	\$75 per 6 months	Refer to "Additional Disclosures" to understand how this fee is determined	There is a \$75 processing fee associated with denetworking a mutual fund. The fee is assessed at the account level and is not based upon how many positions are denetworked. The fee covers all funds denetworked within the account for a 6 month period. For example: If there are 5 funds that are being denetworked, the investor will pay \$75 and not \$375 (5x\$75). The payment of \$75 allows the investor to denetwork as many networked funds as they wish within a 6 month period within that Morgan Stanley account. At the beginning of month 7, if the investor wants to denetwork any additional positions, the investor will have to pay an additional \$75 processing fee

Depending on the Account holder's Account Type or investment selection, Morgan Stanley may also receive certain indirect compensation from third parties which may include some (or all) of the following revenue sources:

Account or Service Fee Type	Fee Description	Manner of Receipt	Variable Rate Formula / Methodology	Additional Disclosures Related to the Fee, or Reference to the Disclosure Document(s) Where Further Details Are Included

Preferred Dealer Concession(s) "UIT"	Preferred Dealer Concessions	Deducted	This will no longer be an active fee as of October 1, 2013.	Supplement to the QRP Disclosure Document--Apr 2013

## Important Terms and Disclosures

**Morgan Stanley Affiliates** This disclosure document covers compensation that is required to be disclosed by Morgan Stanley. Except as otherwise required by 408(b)(2) and/or specified herein, this document is not intended to cover compensation that may be earned by affiliates of Morgan Stanley.

**Final Regulation** This disclosure document was prepared to meet the requirements of the Department of Labor's Final Regulation under Section 408(b)(2) of ERISA, which was published on February 3, 2012. Subsequent changes to the regulation and any supplemental guidance provided by the Department of Labor may of course change the applicable disclosure requirements.

**Direct Compensation** Direct compensation is generally defined as compensation received directly from the plan. Examples of direct compensation include annual account or advisory, document processing, and other fees that are charged to the plan and paid directly from plan assets.

**Indirect Compensation** Indirect compensation includes payments not paid directly by the plan or plan sponsor but received by the service provider from investment options in the plan or other third parties, including for example 12b-1 fees and revenue sharing. In certain circumstances, the payment of indirect compensation to Morgan Stanley may depend on several factors, including the elapsed time period during which securities are held.

**Float** Morgan Stanley may retain, as compensation for the performance of custodial services, your account's proportionate share of any interest earned on aggregate cash balances held by Morgan Stanley with respect to "assets awaiting investment or other processing." This amount, known as "float," is earned by us through investment in a number of short-term investment products and strategies, with the amount of such earnings retained by us, due to the short-term nature of the investments, being generally at the prevailing Federal Funds interest rate (a publicly available average rate of all Federal Funds transactions entered into by traders in the Federal Funds market on a given date). "Assets awaiting investment or other processing" for these purposes includes, to the degree applicable: (i) new deposits to the account, including interest and dividends; (ii) any uninvested assets held by the account caused by an instruction to purchase or sell securities (which may, after the period described below, be automatically swept into a sweep vehicle); (iii) assets held in the Plan Account (where applicable); and (iv) withdrawals from the account, to the degree checkwriting privileges may be offered to the plan. With respect to assets awaiting investment or other processing: (i) where such assets are received by Morgan Stanley on a day generally on which the New York Stock Exchange and/or the Federal Reserve Banks are open ("Business Day"), float shall be earned by us through the end of that Business Day (known as the "Sweep Date"), with the client credited interest/dividends in such funds as of the next Business Day following the Sweep Date; or (ii) where such assets are received on a Business Day that is not followed by another Business Day, or on a day which is not a Business Day, float shall be earned by us through the end of the next Business Day. Delays in providing investment instruction would result in increased compensation in the form of float. Where Morgan Stanley facilitates a distribution from your plan, Morgan Stanley earns float on money set aside for payment of outstanding but uncashed checks, generally from the date on the face of the checks until the date that either the recipient cashes the check or the check is cancelled and the underlying funds are

For example: If \$10,000 is deposited into a Morgan Stanley account and those funds are awaiting investment (i.e., the funds are not swept into the Morgan Stanley Bank Deposit Program, a money market fund or otherwise invested), Morgan Stanley may earn interest or "float" on the funds at the prevailing Federal Funds interest rate (as further described above). Assuming the Federal Funds interest rate is 0.18%, Morgan Stanley would earn 5 cents per day ( $\$10,000 \times 0.18\% / 360 = .05$ ). Please note, however, that uninvested cash typically does not await sweep for more than one day and Morgan Stanley does not invest, and therefore does not earn interest on, all uninvested client cash.

**External Sources** Certain compensation formulas and other information (e.g., mutual fund 12b-1 distribution payments) in this report were obtained from third-party sources that are believed to be reliable. There is no guarantee as to the accuracy or completeness of this information. Further, as the formulas indicated in this report have been derived as of a specific date, they may not reflect the actual formula pursuant to which Morgan Stanley will be paid while your plan holds the indicated investment product, or the formula pursuant to which Morgan Stanley will be paid throughout the entirety of your investment in such product, if the formula for such investment product fluctuates. Morgan Stanley will be maintaining and updating fund specific information for Mutual Funds offered by Morgan Stanley and its related compensation; please refer to our online search tool on the following website for such information and the latest updates: [www.morganstanleyindividual.com/ourcommitment/PreSaleDocSearchT.asp](http://www.morganstanleyindividual.com/ourcommitment/PreSaleDocSearchT.asp).

**No Tax/Legal Advice** Morgan Stanley, its affiliates and Morgan Stanley's Financial Advisors and Private Wealth Advisors do not provide tax or legal advice, and are not "fiduciaries" (under ERISA, the Internal Revenue Code or otherwise) with respect to the services or activities described herein except as otherwise indicated in this document or agreed to in writing by Morgan Stanley. This material was not intended or written to be used for the purpose of avoiding tax penalties that may be imposed on the taxpayer. Individuals are urged to consult their tax or legal advisors before establishing a retirement plan and to understand the tax, ERISA and related consequences of any investments made under such plan.

**Held Away Assets** If your plan has assets that are held away from Morgan Stanley and Morgan Stanley is compensated on such assets, you may receive separate reports or other communications with respect to this portion of your plan's assets, either directly from Morgan Stanley or other parties, including insurance providers, mutual fund companies or record keepers. This may include certain companies that have specifically agreed to do reporting on our behalf with respect to assets held away from Morgan Stanley. Please remember to reconcile and incorporate this information when complying with your reporting responsibilities.

**Standard & Reserved Tiers** Fees charged by Morgan Stanley to certain retirement plan accounts not covered by ERISA (i.e., owner and/or spouse plans) may be waived or reduced based on certain thresholds, as further described below and in the "Fixed Rate" column of the tables above and any addendums to those tables. These plan accounts are eligible to be grouped within a client's personal household to receive benefits under the Standard Fee Cap or Reserved Tier. Refer to the information below and the Householding section of the "Supplement to the Qualified Retirement Plans Disclosure Document" to determine which Tier under the Morgan Stanley householding benefit program could be applicable to your plan's account(s):

- **Standard Tier:** Standard Tier is a designation for households/accounts that are not eligible for benefits offered through Morgan Stanley Reserved or the Standard Fee Cap program. Accounts will be subject to the standard account and service fees charged by Morgan Stanley. Within the Standard Tier, however, there is a fee cap tier ("**Standard Fee Cap**") that is set for households that have \$500,000 - \$999,999 in combined Eligible Assets and liabilities (as described further below) or \$5,000 – \$9,999 in annual managed fees/commissions paid on a rolling 12 month basis. These households are eligible for a \$500 Fee Cap. Once the designated household has paid at least \$500 in eligible fees (i.e., met the Fee Cap) in a calendar year, all account and service fees will be waived for the rest of that calendar year.
- **Reserved Tier:** There are two ways that clients can qualify for Reserved Tier status: 1) \$1,000,000 in Eligible Assets and Liabilities, or 2) \$10,000 in annual managed fees/commissions paid. Eligible Assets and Liabilities include equities, bonds, CDs, alternative investments (including managed futures), unit investment trusts, exchange-traded funds, mutual funds, 529 plans, insurance and annuities, as well as outstanding balances on securities based loans (including Margin, Non-Purpose Margin, and the Portfolio Loan Account) and mortgage loans available through the Home Loans program (if you have consented to share this balance information). Not all assets and liabilities qualify as Eligible Assets and Liabilities.

Please refer to the “Fixed Rate” column of the tables above and any addendums to those tables for more information about which fees are waived or reduced based on Standard Fee Cap or Reserved Tier status. If you have any questions regarding householding, the Standard or Reserved Tiers or Eligible Assets and Liabilities, including the status and/or eligibility of your plan’s account(s), please refer to the Household section of the Supplement to the Qualified Retirement Plans Disclosure Document and/or contact your Financial Advisor or Private Wealth Advisor.

**BRP Benefit Program** For the 2012 calendar year, qualified retirement plan clients will have the opportunity to qualify for a Business Retirement Plan (“BRP”) Benefit Program. The thresholds for meeting this program are plans that have at least \$1,000,000 in assets and an average account balance greater than \$100,000 as of the last business day in July. Plans that meet these thresholds will be eligible for a waiver of their 2012 annual account maintenance fees. Eligibility for the BRP Benefit Program will be determined on an annual basis, and the eligibility thresholds may change from year to year.

**Rebates, Waivers and Reversals** This report may reflect gross compensation amounts payable to Morgan Stanley that may ultimately be rebated, waived or reversed.

**Product Expenses** Except as otherwise disclosed herein, this report solely covers compensation received by Morgan Stanley. Among other things, this report does not cover items such as commissions or other charges resulting from transactions not effected through Morgan Stanley. Further, please be reminded that your plan bears a proportionate share of the fees and expenses incurred by any mutual funds or other investment products in which it is invested. The prospectus, descriptive brochure, offering memorandum or similar documents for such products describe these internal fees and expenses in detail.

**Payments from Other Service Providers** Other service providers (including companies that sponsor investment options made available to qualified retirement plans through Morgan Stanley) may participate in Morgan Stanley-sponsored internal training and education conferences and meetings, and may make payments to, or for the benefit of, Morgan Stanley or its Financial Advisors or Private Wealth Advisors to reimburse for the expenses incurred for these events. Morgan Stanley provides sponsorship opportunities and access to our branch offices, Financial Advisors or Private Wealth Advisors to such third party service providers for educational, marketing and other promotional efforts. Other service providers may also, from time to time, provide non-monetary compensation to Morgan Stanley employees by paying or reimbursing for the cost of items such as meals, travel, lodging, registration fees and entertainment, in connection with training events or conferences and otherwise. For more information about such service providers and the payments that they make, please refer to the Supplement to the Qualified Retirement Plan Disclosure Document.
