

Perspectives from Tech Startups in the Age of COVID

MAY 12, 2020 | 4:00 P.M. — 6:00 P.M.

Purpose

AlphaCurrents delivers actionable investment themes focused on secular growth opportunities that cross industry lines. The conference will showcase the range of Morgan Stanley resources devoted to identifying differentiated analysis of long-term trends that may define the future.

Perspectives from Tech Startups in the Age of COVID, with Morpheus Ventures, will feature technology professionals, venture capitalists, and entrepreneurs. The event will cover a range of fields from drone delivery to healthcare services learning about how startup strategies are pivoting and adapting to the new economic challenges.
