

Morgan Stanley EQDR RTS27 Disclosure December 2018

Morgan Stanley & Co. International PLC (“Morgan Stanley”) has taken reasonable steps in the production of this report to ensure that the contents of this report are complete and accurate. Morgan Stanley makes no representation or warranty as to the accuracy or completeness of any data contained herein, the fitness of purpose for the use of the report for any purpose, the availability of the report or the compatibility of the report for use in any system or with any particular program.

Morgan Stanley disclaims any liability for any reliance placed on the report, the availability of the report or the accuracy or completeness of the data contained therein, by any person for any purpose whatsoever. In particular, given the complexity and detail of the information required by RTS 27 there may be data quality issues which may mean that parts of the report are inaccurate, some data may be missing or some data included should not have been included. If, and when, data quality issues are identified that can be resolved, Morgan Stanley may, but is not obliged to, update the report and display new version numbers on any new iteration of the report for ease of reference.

Due to differences in interpretation taken by each Execution Venue, Morgan Stanley’s data may be displayed differently to and/or may not be directly comparable with data provided by other Execution Venues. Morgan Stanley continues to refine certain elements of its RTS 27 report, including the scope of the report, which will result in changes to how data is reported by Morgan Stanley quarter-on-quarter. As a result, quarter-on-quarter data comparisons may not be reliable.
