**NOTICE TO SHAREHOLDERS OF
MORGAN STANLEY INVESTMENT FUNDS
GLOBAL INFRASTRUCTURE FUND**

1 October 2024

Dear Shareholders,

We are writing to you because you are an investor in the Morgan Stanley Investment Funds Global Infrastructure Fund (the “**Fund**”), a sub-fund of Morgan Stanley Investment Funds (the “**SICAV**”).

Morgan Stanley Investment Management Limited, the investment manager of the SICAV, has made a strategic decision to close its current listed global infrastructure business and will cease to offer the particular investment strategy followed by the Fund. As such, the board of directors of the SICAV (the “**Board**”) has decided to (a) appoint a new sub-investment manager in replacement of the existing sub-investment manager Morgan Stanley Investment Management Inc. to implement the new investment policy of the Fund, (b) amend the investment policy of the Fund, and (c) change the name of the Fund to “Morgan Stanley Investment Funds QuantActive Global Infrastructure Fund”, each with effect from 6 December 2024 (“**Effective Date**”). This will enable a continuation of the listed global infrastructure offering, in a simplified format, and provide an additional option for you to consider.

(a) Appointment of new sub-investment manager of the Fund

The new sub-investment manager of the Fund will be FundLogic S.A.S., a regulated investment management entity in France within the Morgan Stanley group (“**FundLogic**”).

(b) Amendment of investment policy of the Fund

In this simplified format, FundLogic will implement a different investment approach to the existing sub-investment manager for the Fund. FundLogic will follow an active quantitative approach by applying fundamental factors to inform the weightings applied to holdings in the Fund, as opposed to qualitative stock selection.

We wish to draw your attention to the following key changes regarding how the Fund will be operated and managed, as further detailed in the summary table below:

1. While the Fund will continue to provide exposure to listed infrastructure stocks, they will display different characteristics to previous portfolio positions. The changes will result in significant changes to the Fund’s investments. Based on current expectations, approximately 26% of the Fund’s portfolio will remain the same, with the remaining 74% changing. This is expected to result in trading costs of approximately 10-12 basis points. The shareholders of the Fund will bear such trading costs.
2. The Fund will remain actively managed, although in accordance with the active quantitative style described in the summary table below.
3. FundLogic will not undertake an active engagement approach with companies in which the Fund invests.
4. The Fund currently applies exclusions as part of its integration of ESG factors. The existing exclusions will continue to be applied by FundLogic. In addition, and as noted in the table below, position sizing will be informed by ESG Corporate Ratings sourced from third party data vendor(s). These amendments will also be reflected in the Sustainability Annex dedicated to the Fund, included in the Prospectus.

5. The management fee of the Fund will be lower than the management fee that is currently charged. A table setting out the relevant management fees is included below:

Share Class	Current Management Fee	New Management Fee
A	1.50%	1.25%
B	1.50%	1.25%
C	2.30%	1.65%
I	0.85%	0.50%
Z	0.85%	0.50%

In this context, the “**Strategy**” section of the Fund Description as set out in the prospectus of the SICAV (“**Prospectus**”) and the product key fact statements (“**KFS**”) of the Fund shall be amended and shall be posted on the SICAV’s website (www.morganstanleyinvestmentfunds.com)¹ as soon as practicable.

The current and proposed revised versions of the “**Strategy**” section of the Fund Description as set out in the Prospectus are shown in the table below.

	Current version	Future version
Strategy (investment philosophy)	In actively managing the Fund, the investment manager uses fundamental analysis to identify companies whose securities appear undervalued relative to intrinsic value and earnings power (value-oriented bottom-up approach). The Fund is not benchmark-constrained and its performance may deviate significantly from that of the benchmark.	In actively managing the Fund, the investment manager uses fundamental analysis to identify companies whose securities may offer the best return potential based on a multi-layered filtering process (bottom-up approach). The investment manager applies a quantitative approach by considering a discretionary group of factors including, but not limited to trend, valuation, market capitalisation and further incorporates accounting and valuation assessments to identify equities for inclusion in the portfolio. ESG factors are incorporated using ESG Corporate Ratings provided by third party vendors in addition to binding restrictions. Additional discretionary adjustments may be made to meet diversification requirements. The Fund is not benchmark-constrained and its performance may deviate significantly from that of the benchmark.
Strategy (sustainability approach)	The investment manager actively integrates sustainability into the investment process by assessing key ESG risks and opportunities in the bottom-up stock selection process primarily by leveraging third party ESG providers to assess and quantify ESG performance for issuers, supplementing third party research with proprietary research conducted by the investment manager including utilising a framework for evaluating and assessing risks and	The investment manager actively integrates sustainability into the investment process by assessing key ESG risks and opportunities in the bottom-up stock selection process by leveraging third party ESG data providers to assess and quantify ESG performance for issuers, informing position sizing; increasing allocation to those companies with more favourable ESG ratings.

However, in some cases data on specific issuers or the exclusions noted above may not be readily available and/or may be estimated by the investment manager using reasonable estimates.</p> <p><i>SFDR product category Article 8.</i></p> <p>For more information on sustainability, see the Fund's sustainability annex and the "Sustainable Investing" section on page 178 of the Prospectus.</p>	

(c) Change of name of the Fund

Additionally, it has been decided to rename the Fund, as follows:

Current name	Future name
Morgan Stanley Investment Funds Global Infrastructure Fund	Morgan Stanley Investment Funds QuantActive Global Infrastructure Fund

All of the above changes to the Fund will not materially prejudice the rights or interests of existing investors of the Fund. There will be no adverse effect on the existing investors of the Fund as a result of the above changes. How the change of investment policy of the Fund would impact on the features and overall risk profile of the Fund is mentioned under section (b) above.

The cost and expenses incurred in connection with all the above changes will be borne by the management company, MSIM Fund Management (Ireland) Limited.

The full list of share classes of the Fund affected by these changes are available in [Appendix 1](#).

Your options

1. If you are happy to remain invested in the Fund following the changes mentioned above, you do not need to take any action. The changes will come into effect on 6 December 2024.

2. If you do not wish to remain invested in the Fund, you may either:

a) Convert your shares into another sub-fund of the SICAV authorized by the Securities and Futures Commission and distributed to Hong Kong investors. Any applications for conversion must be received by 1 pm CET on 28 November 2024 and be made in accordance with section "[Buying, Exchanging, Converting and Selling Shares](#)" (notably sub-section "[Exchanging and converting shares](#)") of the Prospectus. Please note that an earlier cut off time may be imposed by the intermediaries. Please ensure that you read the Prospectus and KFS for any other sub-funds of the SICAV that you are considering converting into and seek advice from your financial adviser if you are unsure about the action you should take.

or,

b) Redeem your investment. Any applications for redemption must be received by 1 pm CET on 28 November 2024 and be made in accordance with section "[Buying, Exchanging, Converting and](#)

Selling Shares" (notably sub-section "**Selling shares**") of the Prospectus.

Conversions or redemptions will be processed free of charge at the relevant net asset value per share on the dealing day on which the relevant shares are redeemed or converted, in accordance with the terms of the Prospectus. Given the significant nature of the changes to the Fund, contingent deferred sales charges (CDSC) will be waived from the date of this notice until 28 November 2024. These charges apply only to class B and C shares of the Fund (which are not distributed to Hong Kong investors).

Terms used in this notice shall have the meaning ascribed to them in the current Prospectus, unless the context otherwise requires.

The Board accepts responsibility for the accuracy of the information contained in this notice.

The revised Hong Kong offering documents (including the Prospectus and KFS) will be available for inspection to investors, free of charge, at the Hong Kong Representative's office.

Should you have any questions or concerns about the foregoing, please contact the SICAV at its registered office in Luxembourg, the investment manager, or the representative of the SICAV in your jurisdiction. Hong Kong residents who require further information, please contact the Hong Kong Representative Morgan Stanley Asia Limited, of Level 46, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong or on (852) 2848 6632.

Please be aware that we are not in a position to provide investment advice. If you are uncertain as to how the amendments may affect you, you should consult your financial adviser. In addition, you should inform yourself of, and where appropriate take advice on, the tax consequences of the foregoing in your country of citizenship, residence, or domicile.

Yours sincerely

The Board
