Premier CashPlus Account

Fees³

Monthly Fee Avoidance Grace Period

There will be a two month grace period beginning with the month following the date you open your Premier CashPlus Account during which time no monthly fee will be charged.⁴

Specific Fee Avoidance Criteria

If the CashPlus Accounts in your account link group (“ALG”), collectively, satisfy the following criteria, the monthly fee of \$15 can be avoided. An ALG is a group of accounts, with the same mailing address, which you request to consolidate for purposes of statement mailings and online access. Each ALG receives its statements in a single envelope showing the value of each linked account. If you link your account(s) with account(s) owned by others, your personal and financial information will be provided to such other account owner(s) by virtue of being included in an ALG. Some account types (e.g., retirement accounts, 529 accounts, etc.) cannot be included in any CashPlus ALG.

- \$2,500 monthly recurring deposit; OR
- \$25,000 average daily BDP balance; AND
- Morgan Stanley Online enrollment; AND
- Another qualified non-CashPlus Morgan Stanley account—excluding all types of retirement accounts.

Monthly Recurring Deposit Criteria⁴

Monthly recurring deposits to your CashPlus Account include payroll, pension, distributions from any Morgan Stanley retirement account, and government benefit payments (such as Social Security). Also included are any electronic funds transfers from an external financial institution, mobile check deposits, transfers via Send Money with Zelle, and check deposits made at Morgan Stanley branch locations. If Social Security benefits, in any amount, are directly deposited into any eligible account in your CashPlus ALG, the \$2,500 monthly recurring deposit requirement for fee avoidance will be satisfied for all CashPlus Accounts in your ALG.

Transfers from a Morgan Stanley non-retirement account do not qualify as a monthly recurring deposit into your CashPlus Account.

Average Daily BDP Balance Criteria

Your CashPlus Account average daily BDP balance is the monthly total of the available cash balance each day in the BDP in eligible accounts in your CashPlus ALG divided by the number of days in that month. Morgan Stanley reserves the right to include other Morgan Stanley cash products as qualifying for the average daily cash balance requirement.

Morgan Stanley Online Enrollment

Enrollment in Morgan Stanley Online by at least one person in your CashPlus ALG is required in order to avoid the monthly Premier CashPlus Account fee. Morgan Stanley Online allows you to securely view, on our digital platform, your account balances, along with a suite of self service capabilities, including setting alerts, bill pay, money movement through the use of e-Authorization, as well as accessing tools to transfer and manage your cash.

Opening and/or Maintaining an Eligible Non-CashPlus Account

In order to avoid the monthly Premier CashPlus Account fee, you must open and/or maintain an additional eligible Morgan Stanley investment account. Eligible investment accounts include, but are not limited to, a AAA Account, Self Directed Brokerage Account, Morgan Stanley Access Investing Account, or a discretionary/non-discretionary Advisory Account or program through Morgan Stanley’s Advisory Program. Retirement accounts, including IRAs, are currently not eligible.

Platinum CashPlus Account

Fees³

- \$45 per month (unless the fee avoidance criteria set forth below are met)

Monthly fee avoidance criteria

There will be a two month grace period beginning with the month following the date you open your Platinum CashPlus Account during which time no monthly fee will be charged.⁴

Specific Fee Avoidance Criteria

If the CashPlus Accounts in your ALG, collectively, satisfy the following criteria, the monthly fee of \$45 can be avoided. An ALG is a group of accounts, with the same mailing address, which you request to consolidate for purposes of statement mailings and online access. Each ALG receives its statements in a single envelope showing the value of each linked account. If you link your account(s) with account(s) owned by others, your personal and financial information will be provided to such other account owner(s) by virtue of being included in an ALG. Some account types (e.g., retirement accounts, 529 accounts, etc.) cannot be included in any CashPlus ALG.

- \$5,000 monthly recurring deposit; AND
- \$25,000 average daily BDP balance; AND
- Morgan Stanley Online enrollment; AND
- another qualified non-CashPlus Morgan Stanley account—excluding all types of retirement accounts.

³ For Premier CashPlus Account(s) and Platinum CashPlus Account(s), no monthly fee will be charged during the two calendar months following the month in which you open either CashPlus account type irrespective of your meeting the specific fee avoidance criteria.

⁴ Morgan Stanley may close your CashPlus Account(s) if you have not deposited cash or securities prior to incurring a monthly fee.

Monthly Recurring Deposit Criteria⁴

Monthly Recurring Deposits to your CashPlus Account include payroll, pension, distributions from any Morgan Stanley retirement account, and government benefit payments (such as Social Security). Also included are any electronic funds transfers from an external financial institution, mobile check deposits, transfers via Send Money with Zelle, and check deposits made at Morgan Stanley branch locations. If Social Security benefits, in any amount, are directly deposited into any eligible account in your CashPlus ALG, the \$5,000 monthly recurring deposit requirement for fee avoidance will be satisfied for all CashPlus Accounts in your ALG.

Transfers from a Morgan Stanley non-retirement account do not qualify as a monthly recurring deposit into your CashPlus Account.

Average Daily BDP Balance Criteria

Your CashPlus Account average daily BDP balance is the monthly total of the available cash balance each day in BDP in eligible accounts in your CashPlus ALG divided by the number of days in that month. Morgan Stanley reserves the right to include other Morgan Stanley cash products in the future as qualifying for the average daily cash balance requirement.

Morgan Stanley Online Enrollment

Enrollment in Morgan Stanley Online by at least one person in your CashPlus ALG is required in order to avoid the monthly Platinum CashPlus Account fee. Morgan Stanley Online allows you to securely view, on our digital platform, your account balances, along with a suite of self service capabilities including alerts, bill pay, money movement through the use of e-Authorization, as well as accessing tools to transfer and manage your cash.

Opening and/or Maintaining a qualified non-CashPlus Account

In order to avoid the monthly Platinum CashPlus Account fee, you must open and/or maintain an additional eligible Morgan Stanley investment account. Eligible investment accounts include, but are not limited to, a AAA Account, Self Directed Brokerage Account, Morgan Stanley Access Investing Account, or a discretionary/non-discretionary Advisory Account or program through Morgan Stanley's Advisory Program. Retirement Plan accounts, including IRAs, are currently not eligible.

Insufficient Funds Coverage ("IFC")

You may opt-in to IFC, at the time you open your CashPlus Account or anytime thereafter, by designating one of your Morgan Stanley AAA Accounts or one of your LALs as your funding account ("Funding Account"), in order to automatically transfer funds, up to the Available Funds in your Funding Account, to your CashPlus Account when there is insufficient Available Cash in your CashPlus Account to cover certain transactions. There is no cost for this feature, however, interest

charges may apply if you transfer funds from available margin in your AAA Account or from your LAL (terms and conditions apply). Once enrolled in IFC, you may change your Funding Account, or opt-out of IFC, at any time.

When you enroll in IFC, you must designate one of your AAA Accounts or one of your LALs as your Funding Account in order to automatically transfer funds to your CashPlus Account when there is insufficient Available Cash in your CashPlus Account to cover your use of the debit card, certain ACH and funds transfers, checks that you have written, and any other transaction types that we may include in the future ("Eligible Transactions"). You must be an account owner of the account designated as your Funding Account.

After you enroll in IFC, Morgan Stanley will establish the maximum amount available to you to cover debit card transactions at the point of sale. This amount will include the total amount of your free credit balances and any designated sweep investment balance ("Available Cash") in your CashPlus Account and a tiered amount ("Tiered Amount"), up to \$10,000 that is based upon the total amount of assets in your household.⁵ The Tiered Amount is set forth below:

Household AUM	Tiered Amount
\$0.00–\$1,000,000.00	\$1,000.00
\$1,000,000.01–\$5,000,000.00	\$5,000.00
\$5,000,000.01+	\$10,000.00

The amount of the Available Cash in your CashPlus Account plus the applicable Tiered Amount constitutes your authorization cushion ("Authorization Cushion"). Your Authorization Cushion available to cover debit card transactions, at the point of sale, may be recalculated on a daily basis at Morgan Stanley's discretion. Your Tiered Amount may be reset on a monthly basis.

If your Funding Account is your AAA Account, the term Available Funds includes the Available Cash and your funds available to borrow (which is your available margin if your AAA Account is margin enabled)

MINUS:

- any uncleared funds;
- funds reserved for debit card transactions;
- account fees and other amounts owed to Morgan Stanley;
- any cushion or minimum deposit amount imposed by or through Morgan Stanley for any reason.

If your Funding Account is your LAL, the term Available Funds is the amount that is available to borrow. Should the Available Funds in your Funding Account fall below the Tiered Amount, your Authorization Cushion to cover debit card transactions, at the point of sale, will be reduced to the amount of Available Funds in your Funding Account plus any Available Cash in your CashPlus Account. In the event the total

⁵ A household is comprised of one or more accounts formally grouped under one individual designated as the head of household. Individuals can be included in the household if they have an eligible familial relationship to the head of household. Eligible family relationships include spouse (or domestic partner), children, parents and grandparents of the head of household. Note for domestic partnerships: although legal marriages (including same-sex marriages) are recognized for federal tax purposes, IRS Regulation section 301.7701-18 indicates that registered domestic partnerships, civil unions, and other similar formal relationships under state law are not treated as marriage for federal tax purposes. To avoid potential adverse tax consequences, there are restrictions on including accounts for domestic partners (or members of civil unions or other formal relationships under state law) in the same household as IRAs and/or other tax-qualified accounts. You may wish to consult with your own legal or tax advisor for more information.

There are restrictions on what account types may be grouped in the same household. Consent may be required for accounts to be included in a household. If you want to include IRAs and/or other retirement accounts in your household, you may need to contact your legal or tax advisor to understand any possible unanticipated tax consequences of householding such accounts. You should speak with a member of your Morgan Stanley team to learn more about account eligibility for householding.

amount of your Authorization Cushion is not sufficient to cover debit card transactions, at the point of sale, such transactions will be declined.

In addition, Morgan Stanley will establish the maximum amount available to you as your IFC for Eligible Transactions (“Pre-determined Limit”) based upon Available Cash in your CashPlus Account and Available Funds in your Funding Account. Your Pre-determined Limit may fluctuate.

Morgan Stanley will automatically transfer funds up to the total Available Funds in your Funding Account when there is insufficient Available Cash in your CashPlus Account to cover Eligible Transactions at the end of each business day.⁶ If an automatic funds transfer is initiated from your designated AAA Account, in connection with your IFC, the first funds transferred will be the Available Cash in your AAA Account. If your AAA Account does not have sufficient Available Cash to cover the transfer, and your AAA Account is margin enabled, funds will be transferred from the available margin in your AAA Account, and you may be charged interest on those funds from the date of the transfer. If an automatic transfer is initiated from your designated LAL in connection with your IFC, you may be charged interest on such transfers from your LAL from the date of the transfer. Any activity in your Funding Account will be shown on your Morgan Stanley account statement.

If there are insufficient Available Funds in your Funding Account to satisfy Eligible Transactions in your CashPlus Account, Morgan Stanley will automatically transfer any Available Funds remaining in your Funding Account to your CashPlus Account and your CashPlus Account will go into a negative balance for any remaining amount required to satisfy Eligible Transactions. In the event there is a resulting negative balance in your CashPlus Account, Morgan Stanley may, at its discretion, liquidate any Property that you maintain in any account at Morgan Stanley to cover such negative balance. You will remain liable for any remaining negative balance(s) as well as any tax consequences.

In order to reduce any debit balance in any Funding Account you must deposit funds directly into such Funding Account. Morgan Stanley will not automatically transfer funds from your CashPlus Account to your Funding Account. A deposit of funds, whether by check, ACH transfer, wire or journal, to your CashPlus Account will not result in any credit to your Funding Account. A deposit of funds to your CashPlus Account may increase the Available Funds in your CashPlus Account.

If your Funding Account becomes ineligible to serve as the Funding Account for any reason, your IFC will be suspended and automatic funds transfers to your CashPlus Account will cease. In that event, you may designate an alternate AAA Account or LAL as your Funding Account. Morgan Stanley may suspend a Funding Account or terminate your IFC at any time, at our discretion, with notice to you, provided you have not opted out of receiving such notices. In the event that your Funding Account becomes ineligible and you do not designate an alternate Funding Account, or Morgan Stanley suspends or terminates your IFC, and there are insufficient Available Funds in your CashPlus Account, transactions in your CashPlus Account may be declined.

In connection with the IFC feature of your CashPlus Account, Morgan Stanley will provide you with notice upon the occurrence of any of the following:

- Opting-into/out of the IFC;
- Adding/deleting/changing a Funding Account; or
- The suspension/termination of your IFC by Morgan Stanley.

⁶ A business day is any day on which both the New York Stock Exchange and the Bank Affiliates are open for business.

(iii) Securities Investor Protection Corporation (SIPC)

SIPC is a federally mandated U.S. nonprofit corporation that protects client assets from financial loss in the event a broker-dealer becomes insolvent. SIPC covers assets that we hold in custody (stocks, bonds, mutual funds) up to \$500,000 per client capacity (e.g., individual, joint), \$250,000 of which may consist of a free credit balance. Money market mutual funds receive SIPC coverage as securities, not as cash. Funds in BDP are covered by FDIC insurance, not SIPC.

In addition to SIPC protection, Morgan Stanley has purchased, at no cost to clients, a supplemental insurance policy through certain underwriters at Lloyd's of London and various insurance companies. In the unlikely event that client assets are not fully recovered and SIPC protection limits have been paid, this additional coverage would be available to provide protection above the SIPC limits. This excess of SIPC coverage is subject to an aggregate firmwide cap of \$1 billion, with no per client limit for securities and a \$1.9 million per client limit for the cash portion of any remaining shortfall. SIPC and excess of SIPC protection do not insure against losses due to market fluctuations or other losses that are not related to the insolvency of Morgan Stanley. SIPC and excess of SIPC protection are applied per client for all accounts designated in the same capacity. Funds in BDP at each Morgan Stanley bank are not protected by any excess of SIPC coverage purchased by Morgan Stanley.

Clients may obtain a more complete and definitive description of SIPC protection by visiting <https://www.sipc.org>.

(iv) Federal Deposit Insurance Corporation ("FDIC") — FDIC Coverage

The following description of FDIC coverage is only a summary of certain FDIC regulations and is subject to, in its entirety, the rules, regulations and interpretations of the FDIC and any changes.

General Information

Pursuant to the Bank Deposit Program, free credit balances in your CashPlus Account(s) are automatically deposited (swept) into deposit accounts ("Deposit Accounts") established for you by and in the name of Morgan Stanley Smith Barney LLC, as agent and custodian for its clients, at Morgan Stanley Bank, N.A., ("Morgan Stanley Bank") and Morgan Stanley Private Bank, National Association ("Morgan Stanley Private Bank"), each a national bank, FDIC member and an affiliate of Morgan Stanley (each, a "Sweep Bank").

Funds in the Deposit Accounts at each Sweep Bank are insured by the FDIC, an independent agency of the U.S. government, up to the Maximum Applicable Insurance Limit (including principal and accrued interest) per depositor, when aggregated with all other deposits held by you in the same insurable capacity at the Sweep Bank. The Maximum Applicable Insurance Limit is currently \$250,000 for each insurable capacity. Generally, any accounts or deposits that you may maintain directly with a Sweep Bank, or through any other intermediary in the same insurable capacity in which the Deposit Accounts are maintained, will be aggregated for purposes of the Maximum Applicable Insurance

Limit. Your funds become eligible for FDIC insurance immediately upon deposit into a Deposit Account at a Sweep Bank. Any deposits (including Certificate of Deposits (CDs)) that you maintain in the same insurable capacity directly with a Sweep Bank, or through an intermediary (such as Morgan Stanley or another broker), will be aggregated with your Deposit Accounts at the Sweep Bank for purposes of the Maximum Applicable Insurance Limit. **You are responsible for monitoring the total amount of deposits that you have with each Sweep Bank in order to determine the extent of FDIC insurance coverage available to you. Morgan Stanley is not responsible for any insured or uninsured portion of a Deposit Account at a Sweep Bank.**

In the event a Sweep Bank fails, the Deposit Accounts at that Sweep Bank are insured, up to the Maximum Applicable Insurance Limit, for principal and interest, up until the day the Sweep Bank is closed.

Under certain circumstances, if you become the owner of deposits at a Sweep Bank as a result of the death of another depositor, then beginning six months after that depositor's death, the FDIC will aggregate those deposits for purposes of the Maximum Applicable Insurance Limit with any other deposits that you own in the same insurable capacity at that Sweep Bank. Examples of deposit accounts that may be subject to this FDIC policy include joint accounts, transfer on death accounts and certain trust accounts. The FDIC provides a six-month "grace period" to permit you to restructure your deposits to obtain the maximum amount of deposit insurance for which you are eligible.

If the Deposit Accounts at the Sweep Bank are assumed by another depository institution pursuant to a merger or consolidation, the Deposit Accounts will continue to be separately insured from the deposits that you might have established with the acquiring institution until the expiration of the six-month grace period from the date of such acquisition. Thereafter, any acquired Deposit Accounts will be aggregated with your existing deposits at the acquiring institution held in the same insurable capacity for purposes of FDIC insurance.

Below are some examples of how the Maximum Applicable Insurance Limit applies in certain circumstances:

Individual Accounts

Deposits held at a Sweep Bank by an individual (such as the Deposit Accounts) or held by a custodian (for example, under the Uniform Gifts to Minors Act or the Uniform Transfers to Minors Act) are not treated as owned by the agent, nominee or custodian, but rather are added to other deposits of such individual and held in the same insurable capacity (including funds held in a sole proprietorship) and are insured up to \$250,000 in the aggregate.

Joint Accounts

An individual's interest in deposits held at a Sweep Bank held under any form of joint ownership valid under applicable state law may be insured up to \$250,000 in the aggregate, separately and in addition to the \$250,000 allowed on other deposits individually owned by any of the co-owners of such accounts. For example, a joint account owned by two persons would be eligible for FDIC insurance coverage of up to \$500,000 at each Sweep Bank (\$250,000 for each person), subject to aggregation with each owner's interests in other joint accounts at the same Sweep Bank. Joint accounts will be insured separately from individually owned accounts only if each of the co-owners is an individual person and has a right of withdrawal on the same basis as the other co-owners.

Corporate, Partnership and Unincorporated Association Accounts

Deposits held at a Sweep Bank owned by corporations (including Subchapter S corporations), partnerships and unincorporated associations,

are aggregated with other deposits owned by such corporation, partnership and unincorporated association, respectively, and are insured up to \$250,000 in the aggregate. Deposits maintained by the above referenced entities solely to increase deposit insurance will not be separately insured.

Revocable Trust Accounts

Deposits held at a Sweep Bank pursuant to a revocable trust are generally insured up to \$250,000 per beneficiary, if the beneficiary is a natural person, charity or other nonprofit organization. There are two types of revocable trusts recognized by the FDIC: informal and formal revocable trusts. The fact that an account is owned by a trust must be reflected in the account title for FDIC coverage to apply (e.g., “Smith Family Trust,” “John Smith TOD Jane Smith,” etc.). Informal revocable trusts include accounts in which the owner evidences an intent that, at his or her death, the funds shall belong to one or more specified beneficiaries. These trusts may be referred to as a “Totten trust” account, “payable upon death” account or “transfer on death” account. Each beneficiary must be included in Morgan Stanley’s account records to be insured by the FDIC. Formal revocable trusts are written trust arrangements pursuant to which the owner retains ownership and control of the assets and designation of beneficiaries during his or her lifetime. The trusts may be referred to as “living” or “family” trusts. The beneficiaries of a formal revocable trust do not need to be included in Morgan Stanley’s account records to be insured by the FDIC, although they must be clearly stated in the trust documentation.

Under FDIC rules, FDIC coverage for each revocable trust account owner is \$250,000 per beneficiary, regardless of the proportional interest of the beneficiary in the revocable trust, if the trust has no more than five named beneficiaries and deposit balances of no more than \$1,250,000 at a Sweep Bank. If the revocable trust has more than five named beneficiaries and more than \$1,250,000 in deposits per trust account owner at a Sweep Bank, the funds will be insured for the greater of \$1,250,000 or the aggregate amount of all beneficiaries’ proportional interest, limited to \$250,000 per beneficiary, for each account owner. Revocable trust accounts are insured separately from the deposits of the account owner held in his or her individual capacity. Deposits in all revocable trusts of the same owner—informal and formal—at the same Sweep Bank will be aggregated for FDIC insurance purposes.

A revocable trust established by two owners, where the owners are the sole beneficiaries, will be treated as a Joint Account under applicable rules and will be aggregated with their other Joint Accounts for FDIC insurance purposes.

Uninsured Amounts

If the principal amount of a Deposit Account at a Sweep Bank, plus accrued interest, together with all other deposits that you maintain directly or indirectly at the Sweep Bank, in the same ownership capacity, is in excess of the Maximum Applicable Deposit Insurance Amount, the amount in excess will not be insured by the FDIC. In determining the total amount of your funds at the Sweep Bank for FDIC insurance purposes, you must aggregate all deposits at the Sweep Bank held in the same insurable capacity, regardless of whether you hold the deposits directly with the Sweep Bank or through Morgan Stanley or another financial intermediary. In the event of the failure of a Sweep Bank, you will have a claim for the uninsured portion of your deposits that ranks equally with the claims of other uninsured depositors (including the FDIC as subrogee of insured depositors) and senior to claims of general unsecured creditors of the Sweep Bank, and you will receive payments, if any, based upon the amount of assets the Sweep Bank has available for distribution. You should review the “Payments Under Adverse

Circumstance” section in the Morgan Stanley Bank Deposit Program Disclosure Statement for more information.

As a Platinum CashPlus Account holder, you will be eligible for an Annual Engagement Bonus of \$550 provided you meet the following criteria:

You must maintain at least one Platinum CashPlus Account in an ALG.

- You must be the Basic Card Member (does not apply to any Additional Card Member.)
- Your Platinum CashPlus Account must be open and your American Express Platinum Card must be opened in connection with your Platinum CashPlus Account and must be open at the time the Engagement Bonus is paid.
- The Annual Engagement Bonus will be paid in the month following the month you open your American Express Platinum Card (“the Card Anniversary Month”) with the exception of the first year you open your American Express Platinum Card.
- In the first year you open your Platinum CashPlus Account, and apply for the American Express Platinum Card, there may be a three month grace period (“the Grace Period”) before you receive the Annual Engagement Bonus, but only if you do not meet the Fee Avoidance criteria for the Platinum CashPlus Account during the Grace Period. If you meet the Fee Avoidance Criteria prior to the expiration of the Grace Period, you will receive the Annual Engagement Bonus the following month. If you do not meet the Fee Avoidance Criteria during the Grace Period and are charged a monthly fee at the expiration of the Grace Period, you will receive the Annual Engagement Bonus the following month.

To be included in Total Spend calculation, a Platinum CashPlus Account must remain open as of December 31st and must be open at the time of the Annual Engagement Bonus is being paid.
- The Annual Engagement Bonus will typically be paid in January of the calendar year following the year in which the aggregate Morgan Stanley Debit Card Total Spend occurred.
